PART I.

No. G. 24978-92—P. P. 41-18-26, DATED 5TH MAY 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. G. 10487-546—P. P. 41-18-6, dated 4th December 1918, sanctioning certain proposals of the Director of Agriculture in regard to the distribution of seed grains to raiyats.

2. Government Order No. G. 21124-31—P. P. 41-18-18, dated 22nd March 1919, directing the continuance of the scheme for a further period of three months from 4th March 1919.

3. Letter No. 2215, dated the 10th April 1919, from the Secretary, Agricultural Committee of the Economic Conference, forwarding for orders of Government a copy of the resolution of the meeting of the Agricultural Committee held on the 31st March 1919, regarding the opening of seed depots in every taluk and the sale of seed grain at concession rates.

4. Government Order No. G. 24112-17—P. P. 41-18-22, dated 21st April 1919, sanctioning a further advance of Rs. 20,000 to the Director of Agriculture for the purchase of seed grains for distribution to raiyats and directing that the value of the seed grains distributed should be recouped from takavi loans sanctioned by the revenue authorities.

5. The marginally noted communications from the Director of Agriculture and the Revenue Commissioner on the subject.

D. O. letter dated 22nd April 1919 and letter No. F. C. 287, dated 21—23rd April 1919, respectively.

Order No. G. 24978-92—P. P. 41-18-26, dated 5th May 1919.

The Agricultural Committee of the Economic Conference recommend that seed depots should be opened at all Taluk Headquarters and the Revenue Commissioner and the Director of Agriculture consider the same very necessary in view of the great demand for seed grains in many of the districts. Government accordingly direct that in all taluks in which there are Government grain depots, seed depots be opened at once and placed in charge of the Amildar. In the other taluks also the Director of Agriculture is authorised to open seed depots, wherever necessary, in consultation with the Amildars who will be in charge of the same. The necessary quantity of seeds for these depots will be supplied by the Agricultural Department.

2. Regarding the price at which the seed grains should be sold the Revenue Commissioner and the Director of Agriculture are of opinion that the rates should be slightly higher than those prevailing for food grains in the locality so that the grains may be utilised only for seed purposes. The Director of Agriculture recommends, however, sales on seven months' credit and a concession rate in the case of cash sales. In Government Order dated 21st April 1919, the grant of takavi loans to facilitate the purchase of seed grains has been ordered. Government consider it sufficient now if some concession is shown to raiyats in respect of price and accordingly direct that the price for the seed grain should not exceed the local market rate for the grain as used for consumption. Sales should be limited to *bona fide* cultivators only. Amildars and all other Revenue Officers should be also instructed to dispose of all applications for takavi loans for the purchase of seed grains, as a rule, on the very day of the receipt of application.

3. In order to have reserve stocks of seed grains in case of demand for resowings, etc., the Director of Agriculture and his (Gazetted) Assistants are authorised to test the stocks at the various Government Grain Depots and to mark off such grain as may be found suitable for use as seed. The Food Controller and the Deputy Commissioners of Districts are requested to issue necessary instructions that the grain so selected should not be sold but reserved until the end of August 1919 for supply to the Agricultural Department on requisition.

No. G. 24978-92—P. P. 41-18-26, DATED 5TH MAY 1919.

4. The Special Establishment sanctioned in the Government Order of the 4th December 1918, in connection with this scheme has already been extended till the 4th June 1919. The Director of Agriculture is requested to renew his proposals for its continuance, if necessary, before the end of May 1919, with the detailed report called for in the Government Order of the 22nd March 1919.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

Grant of Lands to the Members of the Mysore Army.

No. G. 24818-27—Mily. 306-18-2, dated 1st May 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

Read—

Government Order No. 3510—Mily. 172-15-16, dated 12th September 1917, prescribing rules for the grant of lands to the members of the Mysore Army, free of upset prices under the scheme for the formation of Military settlements.

2. Letter No. 7020, dated the 21st January 1919, from the Chief Commandant, Mysore State Troops, recommending the grant of 12 acres of wet or 30 acres of dry lands in the Kankanhalli Taluk under the above scheme to Risaldar Squadron Commander Srinivasa Rao Sailkey of the Mysore Imperial Service Lancers, in consideration of his long and faithful services and suggesting that Rule 3 of the Rules published with the Order of 12th September 1917 referred to above may be suitably modified so as to admit of applications being sent up as soon as the members of the Units in the field become eligible for the concession, and not postponed till the time of their retirement, as the present rule works hard in the case of those who are on active service and become eligible for grants.

Order No. G. 24818-27—Mily. 306-18-2, dated 1st May 1919.

The recommendation to grant 12 acres of wet or 30 acres of dry land in the Kankanhalli Taluk to Risaldar Squadron Commander Srinivasa Rao Sailkey of the Imperial Service Lancers is approved.

Government consider that applications for lands from members whose cases fall under Rule 1 (*a*) of the Rules read above may be recommended to Government as soon as the members become eligible for the concession without waiting for their retirement.

Rule 3 is accordingly modified and appended to this order.

C. S. BALASUNDARAM IYER,
Chief Secy. to Govt.

To—The Chief Commandant, Mysore State Troops.
The Revenue Commissioner in Mysore.
The Deputy Commissioners of Districts.
The Deputy Commissioner, Bangalore District.

Exc.—G. W. B.

Rule 3 of the Rules for the formation of Military Settlements published with Notification No. G. 3510—Mily. 172-15-16, dated 12th September 1917.

Rule 3. The Commandant of the Regiment may in cases falling under clauses *(b)* and *(c)* of Rule 1 immediately before or after the retirement of a soldier, or after the death of a soldier, recommend to the Chief Commandant the grant of lands to the soldier or his family as the case may be, provided he considers that the concession is deserved in consideration of the soldier's approved service, giving full information for deciding the case on its merits. In cases of the kind contemplated in clause *(a)* of Rule 1 the recommendation may be sent up as soon as a member becomes eligible for the concession without waiting for his retirement.

Good Conduct Pay.

No. G. 25923-4—Mily. 180-17-8, dated 17th May 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

Read—

Government Order No. G. 957-8—Mily. 216-16-2, dated 24th July 1917, sanctioning among other things, the grant to Non-Commissioned Officers and men of the Infantry Regiments of good conduct pay at an average monthly cost of Rs. 1,517 as a temporary measure.

2. Letter No. 4591, dated 16th November 1917, from the Chief Commandant, Mysore State Troops, forwarding a set of draft rules for the grant of good conduct pay.

Order No. G. 25923-4—Mily. 180-17-8, dated 17th May 1919.

Government are pleased to sanction with effect from 1st August 1917, good conduct pay to the Non-Commissioned Officers and men of the Mysore Infantry under the rules proposed by the Chief Commandant and approved as appendix to this order. These rules will be in force until the conclusion of the war.

2. The expenditure in this behalf over and above the budget grant of 1918-19 for the purpose will be met by reappropriation from the savings from establishment charges of Infantry Regiments.

3. Necessary addenda and corrigenda will be issued to the Mysore Service Regulations.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Comptroller, Mysore Government (through Financial Secretariat).
The Chief Commandant, Mysore State Troops.

Exd.—C. R.

No. G. 25923-4—Milv. 180-17-8, dated 17th May 1919.

APPENDIX.

Rules for the grant of good conduct pay to Non-Commissioned Officers and men of the Mysore Infantry.

Definition.—Good conduct pay is a reward for exemplary behaviour and in the case of Non-Commissioned Officers a reward for efficiency combined with zeal and good conduct.

2. *Scale.*—Good conduct pay for Non-Commissioned Officers and men will be given as detailed below, commencing from the first of the calendar month following that in which the qualifying service is completed.

To Non-Commissioned Officers above the grade of Lance Naiks:—

	Rs.
After three years' good service in the grade	2 per mensem
After six years' good service in the grade	4 ,,
To Lance Naiks, drummers, pipers and sepoys:—	
After five years' good service in the grade	1 ,,
After ten years' good service in the grade	2 ,,

(*a*) *Note.*—The qualifying service prescribed in this rule will include in the case of those re-enlisted after discharge their previous service, if such service counts for pension under the provisions of the Mysore Service Regulations and the discharge was due to reasons other than misconduct.

(*b*) Service for good conduct pay commences from the date of enlistment but in the case of individuals who on such date were under 16 years of age, from the date of completing that age.

(*c*) Followers who become combatants reckon service for good conduct pay from the date their status is changed.

3. *Conditions of grant.*—To entitle an individual to the first rate of good conduct pay, he must not, during the two years preceding the claim, have incurred more than one red ink entry in his defaulter sheet. Before he can be advanced to a higher rate, he must be clear of a red ink entry for one year preceding the claim.

To entitle a Non-Commissioned Officer to good conduct pay, he must in addition have satisfied the officer commanding as to his zeal and efficiency.

4. *Reduction and forfeiture.*—Good conduct pay is reduced or forfeited in the following circumstances:—

(*i*) *One rate.*

(*A*) by specific award of the Officer Commanding.

(*B*) by reduction to a lower grade for misconduct.

(*ii*) *Both rates.*

(*C*) by an order of the Chief Commandant as a punishment for any offence of disgraceful conduct or on conviction by the civil power of a corresponding offence.

5. *Restoration.*—Good conduct pay may be restored as follows. One rate after a service of one year from the date of termination of the punishment referred to in Rule 4 above, and a further rate after an additional year's service, subject in either case to the condition that there has been no red ink entry in the defaulter sheet during the period and subject in the case of a Non-Commissioned Officer to the further condition that he has discharged his duties efficiently and with zeal.

Note 1.—A Non-Commissioned Officer reduced to the ranks for simple inefficiency will receive the good conduct pay to which he would have been entitled had he not been promoted. But if reduced for misconduct he will lose one rate under 4 (*a*) or (*b*) or both rates under 4 (*c*).

Note 2.—An individual, who, within twelve months of any previous forfeiture, is again convicted of an offence requiring entry in the regimental defaulters' book, must serve for two years from date of original forfeiture, without another entry, before he can claim restoration of the reward.

Note 3.—The period of approved service for the restoration of good conduct pay counts from the termination of the sentence, if imprisonment was awarded, otherwise from the date of sentence or award.

6. *Red ink entries.*—The defaulter sheet will contain a record of every punishment awarded, the following being in red ink:—

(i) Imprisonment on conviction by a Civil Court.

(ii) Summary reduction of a Non-Commissioned Officer to a lower grade or to the ranks.

(iii) Cases involving—

(*a*) Imprisonment exceeding seven days.

(*b*) Confinement to the lines exceeding fourteen days.

(*c*) Forfeiture of pay or good conduct pay and

(*d*) Severe reprimand.

Standing orders, Part II of Imperial Service Lancers.

No. G. 25575-6—Mily. 227-18-6, dated 12th May 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Correspondence ending with letter No. 8277, dated the 18th February 1919, from the Chief Commandant, Mysore State Troops, forwarding a draft of amendment to Standing Orders, Part II of the Imperial Service Lancers, *re* penal deductions from pay.

Order No. G. 25575-6—Mily. 227-18-6, dated 12th May 1919.

Approved.

The following rules shall be inserted as para 585A of the Standing Orders, Part II of the Imperial Service Lancers.

Rule 1. Persons subject to the Mysore Military Regulations are liable to stoppages of pay and allowances, as shown below, for everyday on which they are in the hospital on account of sickness, certified by the Medical Officer attending on them to have been caused by their own misconduct or imprudence;

I. Field or Foreign Service batta and allowances, or

II. War batta or Fuel and Ration money in the Depot; and

III. Stoppage of annas two per day from pay.

Rule 2. In the case of non-commissioned officers good conduct pay at one rate shall also be deducted for the period they are in the hospital as an additional stoppage.

Rule 3. The above orders shall apply to the Imperial Service Transport Corps also.

No. G. 26989-90—Mily. 220-18-2, dated 30th May 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. 4090, dated the 31st October 1918, from the Chief Commandant, Mysore State Troops, stating that Rule 4 of the Rules embodied in Government Order No. G. 4163-4—Mily. 92-17-2, dated 27th August 1918, allows members of the Barr Regiments the option of retirement after 24 years' service, and requesting that in the interests of discipline and efficiency, this concession may be withdrawn and he be authorised either to retain or discharge according to circumstances such individuals after 24 years' service.

Order No. G. 26989-90—Mily. 220-18-2, dated 30th May 1919.

Government are pleased to direct that the words "twenty-four years' service" be substituted for the words "thirty-two years' service" in para 4 of Government Order No. G. 4163-4—Mily. 92-17-2, dated 27th August 1918. The paragraph as amended will read as follows:—

(4) The retirement on pension of all ranks will be either on medical certificate of unfitness for further service or at their option after twenty-four years' service. If they have either completed twenty-four years' service or attained the age of fifty-five years they are liable to be retired by the Chief Commandant without a medical certificate subject in the case of commissioned officers to the approval of Government."

2. Necessary addenda and corrigenda will be issued to the Mysore Service Regulations.

3. The Chief Commandant will submit once every six months for the information of Government, a statement of men so retired, noting in the remarks column the cause of such retirement.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. G. 13703-4—G. M. 126-14-12, dated 9th June 1915, sanctioning the revision of the establishment of the Government Stationery Depot.

2. Correspondence ending with letter No. 2164, dated 3rd March 1919, from the Superintendent, Government Stationery, forwarding through the Comptroller a proposition statement for the further revision of the scale of pay of the establishment of the Stationery Depot.

Order No. G. 26331-2—P. & S. 67-18-3, dated 23rd May 1919.

On account of the various new activities in the State entailing the creation of several new offices which have to be supplied with articles of stationery and increase of work in the Government Press, it has become necessary to strengthen and to increase the scale of pay of the staff of the Stationery Depot. Government are accordingly pleased to revise the establishment as shown in the appended statement at an additional recurring cost of Rs. 906 per annum.

2. The revision will come into effect from 1st July 1919.

3. The Comptroller is requested to make necessary provision for this expenditure in the budgets of the next and future years.

C. S. BALASUNDARAM IYER,

Report on the working of the Game and Fish Preservation Regulation.

No. G. 25084-92—Pol. 175-18-2, dated 14th May 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

READ—

Letter No. 6767—481, dated 24—26th March 1919, from the Inspector-General of Police in Mysore, forwarding the report on the working of the Mysore Game and Fish Preservation Regulation and the rules framed thereunder for the calendar year 1918.

(Printed as an annexure.)

Order No. G. 25684-92—Pol. 175-18-2, dated 14th May 1919.

Recorded.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Inspector-General of Police in Mysore (returning the original reports received with his letter.)
The District Magistrates of Districts.

Exd.—C. R.

Letter No. 6767-481, dated Bangalore, 24—26th March 1919, from the Inspector-General of Police in Mysore, to the Chief Secretary to Government.

I have the honour to submit the following Report on the working of the Mysore Game and Fish Preservation Regulation and the rules framed thereunder for the calendar year 1918, together with the original reports received from the District Magistrates.

The statement given below shows the number and description of licenses issued and the amount of license fees recovered during the year 1918 as compared with preceding year:—

District	1917						1918					
	District licenses	District licenses including State Forests	Provincial licenses	Agricultural licenses	Total	Total amount of license fees	District licenses	District licenses including State Forests	Provincial licenses	Agricultural licenses	Total	Total amount of license fees
Bangalore ...	46	5	5	.	56	195	37	1	8	...	46	400
Kolar ...	43	.	..	.	43	225	35			..	35	175
Tumkur .	9	...	..		9	45	11			...	11	55
Mysore ...	28	1	1		33	225	25	7	1	..	33	255
Hassan ..	27	1	3	..	31	210	20	..	1	1	22	133
Shimoga ...	18	5	.	5	28	175	19	1	..	5	25	165
Kadur .	44	...	1	18	63	281	19	5	1	11	69	373
Chitaldrug ...	4	..	.	..	1	20	3	..	..	..	3	15
Total ...	219	15	10	23	267	1,616	199	17	23	11	250	15,71

3. The total number of licenses taken out during the year 1918 was 250 or 17 less than that in the preceding year. Excepting the Districts of Kadur and Tumkur which show an increase of 6 and 2 licenses as also Mysore and Shimoga where the number is stationary, there has been a decrease in all the other districts. The largest decrease, *viz.*, 10, is in the Bangalore District, which the District Magistrate attributes to persons not taking out licenses owing to the scarcity of game consequent on poaching by Indians and to the prohibition of black buck shooting.

4. Of the total number of 250 licenses which had been issued during the year, 199 were District Game licenses, 17 District Game licenses including State Forests, 11 provincial game licenses and 23 Agricultural Game licenses. Of the total number of 250 licenses, 108 were taken out by Europeans and 142 by Indians. The amount of license fees recovered during the year was Rs. 1,571 as against Rs. 1,616 in the preceding year.

5. During the year, it was only in the Kadur District that a single case involving 8 persons was prosecuted for violation of the provisions of the Regulation. The case ended in acquittal. The one case involving 2 persons that was awaiting trial in the Hassan District at the end of the year 1917, ended in conviction each of the accused persons being sentenced to pay a fine of Rs. 10.

6. During the year, one licensee in the Tumkur District had permission to shoot one mature antelope with horns not less than 15 inches long. Out of 6 licensees in the Mysore District 4 had permission to shoot 2 male bison each, 1 one male bison and 1 male bison and a sembhar. Of these only one in the Mysore District reported having shot a male bison.

Placing Government Orders, etc., at the disposal of the Press.

No. G. 26274-82—G. M. 193-18-3, DATED 22ND MAY 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. G. 26274-82—G. M. 193-18-3, dated 22nd May 1919.

In supersession of all existing rules and orders on the subject, Government are pleased to issue the following instructions in the matter of placing at the disposal of the Press and publishing in the Gazette, orders of public interest:—

(1) The Secretariat Officers in immediate charge of branches should determine which of the orders issuing from the branches are likely to be of public interest and may be placed at the disposal of the Press. In doubtful cases, they will take the orders of the respective Secretaries.

(2) Typed copies of all such orders of public interest and of all notifications relating to appointment, leave, transfer, etc., of officers, should be sent, *on the date of issue*, to the Chief Secretary to Government, for being placed on the Press Table in the Government Press Room.

(3) Copies of the more important of these orders should also be sent, *on the date of issue*, to the Compiler, *Mysore Gazette*, for publication in Part II of the Gazette. They should also be got translated in Kannada without delay and the translation forwarded to the Compiler, *Mysore Gazette* for publication in the Kannada issue of the Gazette.

(4) Spare copies of only such orders as are printed will be stocked in the Government Central Book Depot for sale to the public. When a demand for any order placed at the disposal of the Press but not printed is received by the Curator, he will send an indent for the same to the Secretary concerned, who will then get the order printed in the General and Revenue Secretariat Multigraph and furnish copies to the Curator.

(5) No spare copies of printed orders will be sent separately to individual editors of newspapers in future. They must make their own arrangements to take advantage of the Government Press Room and avail themselves of the Gazette publications of orders every week.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

Report on the working of the Department of Mines for the year 1917-18.

No. G. 24895—Geol. 89-18-3, dated 3rd May 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Report on the working of the Department of Mines, during the year 1917-18, received with letter No. 2344, dated 21st February 1919, from the Director of Mines and Geology.

Order No. G. 24895—Geol. 89-18-3, dated 3rd May 1919.

Mr. R. Bocquet, Chief Inspector of Mines, continued to be in independent charge of the Mining Branch of the Department of Mines and Geology throughout the year, owing to the absence of Dr. W. F. Smeeth, M.A., D.SC., who was on combined leave till April 1918, when he was placed on deputation in England and America to study cyanamide manufacture and wood distillation and to visit cyanamide plants and the charcoal-iron regions in America.

2. There was a delay of nearly of five months in submitting the report, which is unsatisfactory. Arrangements should be made in future for getting in good time all the information required for the preparation of the report.

3. There were current during the year 32 mining leases and 69 prospecting licenses for various minerals. The majority of the mining leases were for gold, there being only 6 leases for other minerals, while the larger number of the prospecting licenses were for, or included, maganese, chrome, kaolin and gold. In addition to mining leases and prospecting licenses there were current during the year 6 collecting licenses and 12 exploring licenses. The number of leases and licenses of all kinds in force during the year was 7 more than in 1916-17. There were a few licenses for mica, potstone, antimony, galena and such other minerals but very little work was carried out under them.

4. *Gold Mining.*—In spite of unfavourable conditions chiefly due to the war, difficulty in obtaining supplies and shortage of skilled labour, the amount of development work done by the Mines on the Kolar Gold Field was satisfactory.

5. As in the previous year, the Mysore Champion, Ooregum, Nundydrug and Balaghat were the only mines that were at work and no work was done outside the Kolar Gold Field area.

6. The output of gold amounted to 536,558·72 ounces of an approximate value of £2,065,985-17-5 as against 554,248·43 ounces of an approximate value of £2,123,073-7-8 in 1916, showing a decrease of 17,689·71 ounces in output and £57,087-10-3 in value. This is ascribed partly to restrictions of development operations imposed by war conditions and partly to fresh developments and the finding of new ore bodies being unfavourable.

7. The royalty payable to Government during the year 1917 was £117,744-13-3 as against £121,479-8-10 in 1916 showing a decrease of £3,734-15-7.

8. *Manganese.*—Two mining leases and 20 prospecting licenses were current for manganese during 1917-18 as against 2 and 22 respectively, current in the previous year. The quantity of ore obtained and removed during the year was 31,331 and 7,259 tons, respectively, as against 20,674 and 4,599 tons in 1916-17. The royalty due to Government was Rs. 4,537 as against Rs. 2,999 in the previous year.

9. *Chrome.*—There were 4 mining leases and 9 prospecting licenses current during the year 1917-18, as against 1 mining lease and 9 licenses in the previous year. The quantity of ore collected during the year was 12,443 tons and that exported 8,359 tons as against 10,184 and 6,468 tons, respectively in the previous year.

10. *Asbestos.*—Thers were 2 licenses for asbestos as against 1 in the previous year. Increased attention was paid during the year to prospecting for asbestos. The quantity of ore collected was 229 tons and 15 cwts. and the quantity sold 217 tons and 7 cwts., the royalty paid to Government being Rs. 322-8-0 as against Rs. 9 in 1916-17.

No. G. 24895—Geol. 89-18-3, dated 3rd May 1919.

11. *Kaolin.*—Nine licenses were current during the year for kaolin as against 3 in the previous year. A quantity of 2,072 tons of crude material was extracted and 1,664 tons removed from the several blocks for purposes of local manufacture as against 584 and 255 tons, respectively during 1916-17.

12. While the royalty recoverable in respect of various minerals is mentioned under each mineral in the report, information is not available to show the total demand for the year under mining revenue and the amount collected. This information should be included in future reports in a demand, collection and balance statement in proper form.

13. The number of persons employed in the mining industry in 1917 was 26,425 as against 26,970 in 1916, showing a decrease of 545. Of these 24,531 were engaged in gold mines as against 25,270 in 1916.

14. An examination was held for the first time for the selection of qualified engine-drivers. Out of 249 persons examined 205 passed in the 1st class and 44 in the 2nd class. Most of the candidates qualifying for certificates in this capacity had had many years' experience.

15. *Accidents.*—The total number of accidents reported for the year 1917 was 172 as against 203 during the previous year. Of these 46 were fatal, 118 serious and 8 non-mining.

16. The total number of fatal and serious accidents during the year was therefore 164, being at the rate of 6·21 per 1,000 persons employed as against 192 in 1916 or a rate of 7·12 per 1,000 persons employed.

17. The number of persons killed in 46 fatal accidents was 69. The mortality was thus 2·61 per 1,000 employed as against a mortality of 3·45 per 1,000 employed during the year 1916.

18. There were 10 accidents due to rockbursts which resulted in the death of 16 persons, the corresponding figures for the previous year being 15 and 42. The most serious burst happened at the Nandidrug Mine on the 5th July 1917 killing 5 persons. Government note with gratification that there is a reduction in the number of accidents due to rockbursts and quakes particularly in the case of the Champion Reef Mine.

19. There were 10 individual accidents involving 2 or more fatalities, 3 of these occurred at the Mysore Mine, 1 at Champion Reef, 1 at Ooregum and 5 at Nandydrug. The total number of lives lost in these accidents was 33.

20. For a breach of the provisions of the Mines Regulation and the rules thereunder which resulted in accidents, 5 persons were prosecuted and all of them were convicted. In a case not resulting in accident one person was prosecuted and convicted.

21. The scheme relating to the payment of compensation to persons for injuries caused to them in accidents which is in force in the Kolar Gold Field is reported to have worked satisfactorily. The total amount paid in such cases during the year was Rs. 60,249-0-6.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Director, Departments of Mines and Geology.
PRESS TABLE.

No. 3383-432—E. A. G. 331, DATED 1ST MAY 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. 76—E. A. G., dated the 31st January 1917, directing the maintenance of character books for all ministerial officers with effect from 1st July 1917 and calling for a report at the end of one year on the working of the system together with suggestions, if any, for improvement.

2. Communications from Heads of Departments and Deputy Commissioners furnishing their reports in the matter.

Order No. 3383-432—E. A. G. 331, dated 1st May 1919.

In the Government Order read above, character books were ordered to be maintained for every permanent non-gazetted officer, along with his service register, in the form prescribed, with effect from 1st July 1917. From the reports received, it is seen that though the system is now in force in all the offices except those noted in the margin, the registers have been opened only recently in several of them.

Office of the Inspector-General of Prisons.
Superintendent, Government Gardens and Museum.
Department of Agriculture.
Department of Industries and Commerce.
Bangalore City Municipality.
Subordinate offices of the Railway Department.

2. The Agent, Mysore Railways, reports that in the subordinate offices of his department, a service book similar to the one in the other Railways is maintained. As that service register serves the purposes of a character book also and as it serves the purposes of the department fully, Government consider that separate character books need not be maintained in these offices.

3. The other offices referred to above should adopt the system without delay.

4. The Deputy Commissioners of Hassan and Mysore suggest that entries need not be insisted upon every year but may be allowed to be made as commendations or censures are earned. Government are not in favour of adopting this suggestion. The object of these books is that the register should contain a full record of the officials efficiency and capacity as judged by his work from year to year, and supported by specific instances when available. The suggestion of the Deputy Commissioner, Hassan, to omit the provisions about writing of remarks on the eve of the transfer of the Head of the Office is approved, as the annual entries are likely to represent the opinions of the officer more accurately than those made on the eve of transfer.

5. The Deputy Commissioner, Hassan District, has suggested also that the maintenance of the character book be confined to officials placed in charge of the sections, but Government are not in favour of such restriction.

6. The Deputy Commissioner, Kolar, states that the instruction about personal custody of these books by the head of the office be relaxed so as to permit of their custody in sealed covers by the ministerial head of the office. Government approve of this suggestion but the covers should not be opened by such ministerial head.

7. Government note that most of the offices are in favour of the continuance of the system and are accordingly pleased to direct that it be adopted in all offices with permanent establishments subject to the modifications sanctioned above.

8. The Superintendent, Stationery Depot, is requested to arrange for the prompt supply of character books on indents from the heads of offices.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Heads of Departments.
The Secretaries to Government.
The Deputy Commissioners of Districts.

Communications from the Deputy Commissioners to the Inspector-General of Education.

No. 3499-3508—E. A. G. 373, DATED 6TH MAY 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 9044, dated 9th April 1919, from the Inspector-General of Education in Mysore, forwarding correspondence between the Deputy Commissioner of Tumkur and his office in the matter of non-gazetted officers being allowed to sign letters addressed to his office, and requesting that a ruling may be given as to the validity of the practice.

Order No. 3499-3508—E. A. G. 373, dated 6th May 1919.

The correspondence referred to above relates to letters addressed to the Inspector-General of Education being signed "For Deputy Commissioner" by the Maramat Supervisor attached to the District. As the Deputy Commissioner has a personal Assistant and the Maramat Supervisor is not a Gazetted Officer, Government direct that in future such communications be signed either by the Personal Assistant to Deputy Commissioner or any other Assistant who is a Gazetted Officer.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

READ—

Government Order No. 1390-1398—E. A. G. 57, dated 12th November 1918, sanctioning Inspection Rules for the offices under the control of the Sanitary Commissioner.

2. Correspondence ending with letter No. G. C. 412-2, dated the 17th April 1919, from the Sanitary Commissioner, forwarding for approval a set of questions for the Inspection of the Epidemic Diseases Hospitals at Bangalore and Mysore and on the Kolar Gold Fields.

Order No. 3548-51—E. A. G. 372, dated 9th May 1919.

The questions are approved and appended to this order.

2. The inspection will be made by the Sanitary Commissioner once a year and a report furnished to the Presidents of the Municipal Councils or the Sanitary Board as the case may be, a copy being submitted at the same time to Government for information.

C. S. BALASUNDARAM IYER,
Chief Secy. to Govt.

To—The Sanitary Commissioner in Mysore.
The Honorary President of the Municipal Council, Bangalore.
The Honorary President of the Municipal Council, Mysore.
The President of the Sanitary Board, Kolar Gold Fields.

Exd.—G. W. B.

Questions relating to the inspection of the Epidemic Diseases Hospitals at Bangalore and Mysore and on the Kolar Gold Fields.

1. What is the average daily number of patients treated in the Hospitals? Classify as under, the number treated during the past year:—

	Daily average	Highest No. under treatment on any one day
Plague	....	....
Cholera	....	....
Small-pox	....	....
Other infectious diseases	....	....

2. State the number and percentage of recoveries to admissions. Compare the results with the proportion of recoveries in the rest of the city exclusive of the patients admitted to the Hospital.

3. How many were voluntary admissions?

4. Is the accommodation sufficient, the bedding and clothing adequate and the general equipment satisfactory? State what improvements, if any, are needed.

5. Is the staff adequate? What arrangements are made for proper nursing? Are they satisfactory?

6. Are temperature charts, with history of cases, properly maintained?

7. Describe existing arrangements for dieting the patients. Are they satisfactory? Are diet rolls maintained and written up to date? Who scrutinizes them and at what intervals? Is the diet roll made out with care in accordance with individual requirements? Does the issue conform with the diet roll?

8. Are articles supplied on the contract system? Are the terms of the contract strictly complied with? Are articles being supplied at the tendered rates? Note results of test inspection of the quality of the articles.

9. Is the stock of medicines adequate? Note whether the instruments are serviceable and are properly kept.

10. Who keeps the accounts registers? Specify the registers maintained, examine them and note whether the entries are up-to-date and duly attested by the Superintendent.

11. Are there any receipts and are they credited to the treasury? Note the last receipt and date of credit to the treasury.

12. Is there an imprest sanctioned for the institution? Who keeps the amount? Does the balance agree with the register? Is the amount forthcoming?

13. What is the condition of the furniture? Is a stock list of furniture and books maintained? Is it verified quarterly? When was the last verification made and with what results?

14. Summarise the points requiring attention, the improvements in buildings, equipment or staff needed and the change, if any, considered desirable in respect of general procedure or of the professional branch of work in the institution.

Receiving Petitions and Granting Interviews.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Circular Memorandum No. 977-1023—E. A. 11-15-1, dated 13th September 1915, directing that 3 to 5 hours on every Thursday should be set apart by all Government officers for the transaction of business with the public and with other officers.

Order No. 3444-93—E. A. G. 371, dated 5th May 1919.

In modification of the above Memorandum, Government are pleased to direct that all officers who hold regular offices, other than Heads of Departments and Secretaries to Government, should set apart, while at headquarters, a specified hour daily for receiving petitions in person and hearing petitioners and on one of the week days for interviews with non-official gentlemen and that Heads of Departments should reserve specified hours on at least two days in the week for similarly receiving petitions in person and hearing petitioners and on one day for interviews with non-officials.

2. A notice specifying the days and the hours for petitions and interviews should be posted in a prominent place in every office for the information of the public and on no account should petitions be allowed to be presented to ministerial officers.

3. Informal conferences between officers of Government for facilitating disposal of public business need not be restricted to any one day but should be as frequent as necessary.

READ AGAIN—

Rule 16 of Rules regarding the conduct of Public Servants issued with Government Order No. G. 765-816--G. M. 392-14-2, dated the 19th July 1915.

Order No. 3670-3719—E. A. G. 375, dated 21st May 1919.

Instances having come to the notice of Government in which permission has been sought for the retention by public servants of articles of small value presented to them at certain ceremonial functions, such as silver keys used in opening a public school presumably on the ground that the exception made in paragraph 2 of the rule read above, in respect of articles of trifling value would cover such cases, Government wish to observe that the class of articles intended to be excepted is made clear by the instances given, *viz.*, fruits, flowers, etc., and cannot be considered as applying to silver keys, trowels, etc., however small in value the latter may be. In all such cases, the silver key, trowel, etc., used in the ceremonial function should be returned to the institution to which they belong as their retention by the officers concerned is against the spirit of the rule, and instructions of Government taken in any case in which the mode of disposing of an article is not clear.

C. S. BALASUNDARAM IYER,
Chief Secy. to Govt.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Reports from the Secretaries to Government and Heads of Departments regarding the progress made in the preparation of Departmental Manuals and Standing Orders during the calendar year 1918.

Order No. 3608-3657—E. A. G. 271, dated 19th May 1919.

During the period under review 16 Manuals were completed and issued bringing the total number of Manuals issued and in use to 61. Two manuals noted in the margin have been added to the standard list making in all a total of 103 authorized Manuals. The accompanying statement shows the progress made in the work connected with the manuals till the end of December 1918. The subjoined statement gives a comparative idea of the progress made in the work of preparing the manuals at the end of the calendar years 1917 and 1918 respectively.

Financial Secretariat Manual
Political Manual.

Year	Total No. of Manuals in the standard list	No. of Manuals completed and in use	No. in the press	No. under preparation	No. under review	No. remaining to be taken up
1917	101	45	15	21	13	20
1918	103	61	7	20	11	15

2. Government observe that there was substantial progress during the year under review in the preparation of manuals and note that some steps have also been taken to maintain the Manuals up to date by issuing a revised edition of the same or the necessary correction slips. This work requires however more systematic attention and the attention of the Secretaries to Government and the Heads of Departments is once again drawn to paragraphs 9 and 10 of G. O. No. 136—E. A. G., dated 21st December 1916.

3. Government desire also to invite the attention of all officers once again to the need for a periodical examination of the rules in each of the Manuals in force with a view to their amendment or revision, in the light of experience.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Heads of Departments.

No. 3749—E. A. G. 364, DATED 28TH MAY 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

READ—

Government Order No. 10870-10918—E. A. 43-14-1, dated 10th April 1915, requiring a periodical inspection of every office in the State and requesting proposals in respect thereof.

2. Letter No. 7021—497, dated 5th April 1919, from the Inspector-General of Police, submitting for approval two sets of questions for the inspection of the District Police Offices, one by the Superintendent of Police and the other by the Deputy Commissioner or the Inspector-General of Police.

Order No. 3749—E. A. G. 364, dated 28th May 1919.

The inspection questions proposed are approved with slight modifications and are appended to this order.

2. The arrangement for the inspection of offices will be as follows:—

(*a*) The Superintendent of Police will inspect his office in October of each year and submit his report of inspection to the Inspector-General through the Deputy Commissioner.

(*b*) Similarly, the Deputy Commissioner and the Inspector-General of Police will each inspect the District Police Office once a year at such time as may be convenient, the report of inspection by the Deputy Commissioner being forwarded to the Inspector-General of Police.

3. The rules as approved will be incorporated in Volume IV of the Police Manual.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Inspector-General of Police in Mysore.

Exd—C. R.

No. 3749—E. A. G. 364, dated 28th May 1919.

MEMO OF GENERAL QUESTIONS FOR THE INSPECTION OF THE DISTRICT POLICE OFFICES BY DISTRICT SUPERINTENDENTS.

1. Name of the Inspecting Officer with designation.

2. Duration of inspection. { Date commenced. / Date concluded.

3. Previous inspection. { Date. / Name of Inspecting Officer.

I. General.

1. Is the office accommodation sufficient and suitable? Are the rooms and premises kept clean?

2. Is an attendance register in use? Is the attendance regular? Who checks the register daily?

3. How many clerks are working in each branch of the office and what is the qualification of each?

II. Service Registers, Lists of Establishments, etc.

4. Is an up-to-date list of the establishment, both clerical and menial, maintained?

5. Is a record of the qualifications and services of the mainisterial officers mintained up-to-date?

6. Is a service register maintained for every permanent official and brought up-to-date? Are these registers arranged in order and kept in the Records in a separate box? Who keeps the key of the box?

7. Are character rolls maintained for entering commendations or censure passed on officials as laid down in G. O. No. 76—E. A. G., dated 31st January 1917?

8. Is an office order book maintained? Are orders of leave, punishment, etc., regularly recorded and given effect to?

9. Is a register of applications for appointments maintained and are selections made therefrom?

10. Are all appointments made in accordance with rules pertaining to the Department?

III. Distribution of Work.

11. Is a record of the distribution of work among the several clerks in each branch maintained? Is the work assigned to each official sufficient without being excessive?

Arrear lists.

12. Is a monthly statement of arrears in the office prepared in the form prescribed in Rule 13 of the General Rules of Office Procedure and an abstract thereof submitted to the superior officers in accordance with Rule 14?

13. Are similar monthly statements called for from subordinate offices, if any, and scrutinised before the 15th of the month following? (A copy of the latest arrear list may be appended.)

IV. Reports and Returns.

14. Is a stock list of periodical reports and returns for the submission, scrutiny or review of which the office is responsible kept in the form prescribed in Rule 15 of General Rules of Office Procedure and maintained up-to-date?

15. Are extracts pertaining to each branch also maintained and the due dates of actual submission and the names of the clerks responsible for their preparation noted therein? Is it scrutinised monthly by the head of the office (*vide* Rule 6 of the Efficiency Rules)?

16. How many and which returns were overdue at the time of inspection?

V. Furniture list.

17. Is a register of furniture maintained? Are all articles of furniture entered therein together with details as to the cost and date of purchase of each? Is the register verified once a quarter and the result reported to the head of the office? Is a note made in the register of all articles lost or which have become unserviceable?

18. Is a similar list maintained for tents?

19. Is the furniture adequate to the needs of the office or more than necessary? What is the condition of furniture kept?

VI. Stationery and forms.

20. In whose custody is the office stationery? Are the Stock and Issue Registers regularly maintained? Are they submitted monthly for the inspection of the officer in charge? Is a verification by stock-taking done quarterly and annually as laid down in the Stationery Rules and the General Rules of Office Procedure respectively?

21. Is a register of periodical issues of stationery maintained? (*Vide* Rule 36 of Stationery Rules.)

22. Is a general indent maintained for monthly issue of stationery?

23. Are old and unserviceable articles sold by public auction and the proceeds credited to Government? (*Vide* Rule 19 of the Stationery Rules.)

24. Who keeps the stock of forms? Where are they kept? Are they neatly arranged? Are all receipts and issues noted in a register?

VII. Correspondence Registers.

25. Are the registers of inward and outward correspondence properly maintained with cross references regularly marked?

26. How many of such registers are maintained? Are a Peon Book and Tappal Book maintained?

27. Are the registers written up neatly? Are the entries concise and clear?

28. Are all receipts classified in the manner laid down in Rule 9 of the General Rules of Office Procedure?

29. Is there any delay in the fair-copying and despatching of letters? Are all papers despatched invariably on the day they are signed or on the following day? (A few issues may be examined with reference to the refer book, peon book and tappal book.)

30. Is the issue register checked once a month by the ministerial head of the office?

31. Is a general register maintained to enter all covers as they are received in the office?

32. Is a separate petition register maintained in the form prescribed in Rule 22 of the Petition Rules, and does it show the method of disposal and the date and nature of endorsement granted?

33. Is there any abnormal delay in the disposal of petitions?

34. Are all the registers periodically examined by the head of the branch and the ministerial head of the office and signed by them in token of their inspection?

VIII. Cash and Contingencies.

35. Are the following registers prescribed by Rule 48 of the General Rules of Office Procedure maintained?

(1) Cash book.
(2) General Ledger or classified abstract of monthly totals of the cash book.
(3) Contingent Register.
(4) Order Book for contingent charges.
(5) Acquittance Roll.

36. What is the amount of Permanent Advance held by the office? Is an account of it correctly kept? What is the balance on hand? Is it forthcoming?

37. Is there any mony on hand awaiting remittance to the Treasury or payment to parties? Details may be furnished

38. Are there any long standing advances made out of the office imprest awaiting adjustment? Details may be furnished.

39. Are all charges incurred on account of contingencies entered in the contingent register from day to day? (*Vide* Article 81 of the Civil Account Code.) Are totals struck at the end of the month? (The necessity for any unusual charges may be scrutinised.)

40. Are all contingent charges incurred under due authority, sanction of higher authorities being obtained where necessary?

41. Is the Abstract Contingent Bill drawn at the end of each month in the manner laid down in Article 136 of the Mysore Account Code and are the initials of the head of the office obtained? If not, what is the procedure adopted?

42. Is the expenditure kept within the budget grant?

43. Are the detailed contingent bills of each month submitted with vouchers regularly by the first week of the succeeding month as required by Article 142 of the Mysore Account Code?

44. Are all disallowances promptly deducted from the succeeding contingent bills? If not, what is the procedure?

45. Is the account of service postage labels correctly written up? Who keeps them and where? Does the stock on hand agree with the book balance?

46. Are salary bills prepared with reference to the attendance register, leave register and office order book?

47. Is an acquittance roll maintained? Are all salaries drawn duly disbursed and proper receipts taken therein? Is a stamped receipt taken for payment of over Rs. 20? Is the register examined every month by the head of the office?

48. Are the bills and payments posted in the cash book?

49. Is undisbursed pay short-drawn invariably in the pay bill of the next month?

50. Is necessary sanction obtained for drawing pay or allowance of incumbents of appointments requiring sanction of the higher authorities?

51. Are all sums drawn on travelling allowance bills disbursed and acquittance taken?

52. Are drafts of the office travelling allowance bills maintained in a register? Is there any undisbursed travelling allowance left on hand? Are the rules regarding undisbursed travelling allowance laid down in G. O. No. Fl. 2187-235--S. & A. 63-15-4, dated 19th November 1915, duly observed?

53. Are personal claims of officers to pay allowances and increments being discharged without delay? If any are delayed, what is the cause for the same?

54. Are pension applications prepared and submitted in time as required by G. O. No. Fl. 7215-55—S. & A. 484-08-1, dated 7th May 1919?

IX. Records.

55. The rules, if any, under which the records are arranged may be quoted; if no such rules exist, the system of arrangement followed subjectwar, or chronological, etc., may be briefly explained stating the advantages which the prevailing system has over other systems followed in other offices.

56. Are all the records sorted according to the prevailing system, if not, what is the quantity of papers remaining to be sorted? What time is necessary to complete their sorting? Would the existing record establishment be able to complete the sorting within the aforesaid period?

57. In whose charge are the records kept? Are records permitted to be removed without a substitute slip signed by the requisitioning official?

A list of the records taken out of the record room and outstanding for long period may be given.

58. What is the arrangement for the custody of important and confidential records? In whose charges are they and is a separate list of such records maintained?

59. Have rules been framed for regulating the periodical destruction of unserviceable records and have all time expired papers been eliminated according to such rules?

60. Are the money and stamps received for copies regularly entered in a register? Is the register submitted regularly to the head of the office for inspection and signature?

61. Where are all the monies and stamps received for copies kept?

X. Library.

61A. In whose charge is the office library?

62. Is a register maintained for entering books and publications as they are received, and is it written up-to-date?

63. Are all books received into the library correctly labelled and deposited in the appropriate places?

64. Are all correction slips inserted in their proper places in the volume of enactments, rules, etc.? Are any books issued without a receipt or lent to strangers without the permission of the head of the office?

65. Is a monthly report of books removed and not returned submitted?

66. Is stock-taking conducted annually to guard against losses?

67. Are cases of loss or damage to any books reported promptly and orders obtained for their replacement?

XI. Miscellaneous.

68. Is an inspection minute book maintained and written up as laid down in para 4 of Government Order No. 10870-918—E.A. 43-14-1, dated 10th April 1915?

69. Are points noted for action at previous inspections attended to?

70. Are test inspections of the work of one or more officials of the office made every month as required by Rule 5 of the Efficiency Rules?

71. Any irregularities or informalities observed in the course of inspection whether connected with the printed questions or not and suggestions, if any, for improving the efficiency of the working of the office.

XII. Stores.

72. Is the Ledger properly maintained and all enteries posted up-to-date?

73. Have all the entries in the ledger been duly attested?

74. When was the stock examined last and by whom?

75. Was the certificate granted by the Examining Committee perused.

76. Are the acknowledgments for articles supplied duly received and posted along with the original invoices?

77. Is the register of articles issued on payment properly maintained up-to-date and are the recoveries noted therein promptly? What is the amount outstanding recovery? Details may be furnished noting steps taken to recover the same.

78. Are steps promptly taken to credit the recoveries to the Treasury without delay. When was the stores audited last time and what are the steps taken to remedy the defects, if any?

79. Are the store-rooms kept clean and tidy and the articles arranged properly?

80. General remarks, if any.

XIII. Ammunition.

81. What ammunition is available?

82. Is the available quantity sufficient to meet emergent demands, if any?

83. Is it stocked in a safe and cool room?

84. When was the indent for ammunition submitted last.

85. Has the same been received? If so when and how much?

XIV. Crime.

86. Is a Crime Register maintained?

87. Is it written up-to-date?

88. Are crime reports in all heinous cases sent up?

89. How many cases have been reported for the last year.

90. How many cases have been pending disposal with the Police.

91. How many cases ended in conviction and how many in acquittal or discharge?

92. How many cases have been reported from the beginning for the year?

93. Is there any increase or decrease of crime during last year as compared with that of previous years?

94. What is done with the First Information Reports received from the taluks?

95. Are they submitted without undue delay?

96. Is a Talukwar Crime Chart maintained?

97. Are details regarding the disposal of each case noted in the Crime Chart?

98. What are the returns that are sent up to the Chief Office? Is a separate register maintained for them?

99. What are the returns received from taluks?

100. Is a check register maintained for that ?

101. Is a check register of reports station Inspections maintained ?

102. Is an abstract of stations inspected by each Police Inspector maintained ?

103. What is done with these inspection reports ? Are they filed or returned to the taluks ?

104. Are ledgers of cognizable and non-cognizable cases regularly maintained and posted up-to-date ?

No. 3749—E. A. G. 364, DATED 28TH MAY 1919.

MEMO OF QUESTIONS FOR THE INSPECTION OF THE DISTRICT POLICE OFFICES BY THE INSPECTOR-GENERAL OF POLICE AND DEPUTY COMMISSIONERS OF DISTRICTS.

1. *Inspection*—

Date of last inspection by—

(*a*) the Inspector-General of Police.

(*b*) Deputy Commissioner.

(*c*) Superintendent of Police.

2. *Building, accommodation, etc.*—

(*a*) Whether the building is Government or rented.

(*b*) Whether accommodation is sufficient.

(*c*) Whether the building and its premises are kept neat and tidy.

(*d*) Whether any garden maintained.

(*e*) Whether there is any Police Reading Room and Library attached to the office.

(*f*) Whether there is any drill ground attached to the building.

(*g*) Whether the stores room is spacious enough and adapted to the requirements thereof

(*h*) Whether there are quarters for officers and men. If not whether they are needed.

3. *Arms, Accoutrements, Furniture, etc.*—

(*a*) What arms and how many of each kind are kept and in what condition?

(*b*) Is the number kept sufficient? If not, what is the reason ?

(*c*) Any arms in disrepair, and if so what action has been taken to get them replaced or repaired?

(*d*) Is a list of all arms received from Chief office maintained correctly as also that of those supplied to taluks and of those received from taluks for repairs, etc.?

Note—Similarly of hand cuffs, ammunition, Finger Print apparatus, lancets, furniture, etc.

(*e*) Are steps being taken regularly to keep the District Stores fully equipped?

(*f*) Whether the several registers prescribed, have been maintained and posted up-to-date.

(*g*) Who is in direct charge of the Stores?

(*h*) Is the supply of articles of kit made in time to the taluks ?

Allocation and Strength.—

1. **What is the sanctioned clerical staff?**
2. **How is work distributed among them? Is the arrangement satisfactory?**

3. What is the strength of the District Reserve?

4. How many are employed for orderly duties? How many on clerical duties?

(*b*) What is the exact relation between the clerical and executive. How is the office work distributed among them. Is there cordiality and co-operation between the clerical and executive staff. Is the present system of employing executive men to clerical work conducive to the easy and quick despatch of work, considering that they will be frequently called away on other duties.

5. *Drill, Shooting, Discipline, Morale, etc.*—

a. Is sufficient attention being paid by the District Superintendent of Police to the proper training of men and officers of the District Reserve in drill and shooting.

Does the Superintendent of Police periodically inspect their proficiency in drill? If so how often?

6. *Office Routine*—

(*a*) Are talukwar crime charts maintained and posted up-to-date as also a consolidated chart for the district?

(*b*) Has the Superintendent of Police, maintained a crime Register and posted it up-to-date?

(*c*) Does the Superintendent of Police attend all the Sessions trials in cases which occurred in his district?

(*d*) Does the Superintendent of Police inspect his office once a year and submit to the Chief Office his notes of inspection?

(*e*) How many cases has the Superintendent of Police himself investigated and in how many cases has he guided the investigation by subordinate officers? Has he visited the scene of occurrence in all the heinous cases reported?

(*f*) Have the defaulter books of Inspectors and Jamedars of his district been maintained correctly and up-to-date?

(*g*) Does the Superintendent of Police while at Headquarters check and initial the cash book?

(*h*) What arrangements are made for auditing the District Office cash accounts? Are these audit reports being submitted to the Chief Office once a year as required by Standing Orders.

(*i*) Has the Superintendent of Police, held any conference with his Inspectors to discuss important questions ?

(*j*) Has he held meetings with neighbouring District Superintendents of British Territory and exchanged views with them on the prevention and detection of crime and criminals?

(*k*) Are the Standing Orders of Government on the subject of recruitment, promotion, etc., being followed ? Are there any instances of their not being adhered to ?

(*l*) What special arrangements have been made for improving the morale of the Force.

(*m*) What is the number of heinous cases reported up-to-date? Give their details as per particulars noted below ?

Number of cases reported up to date with sections	Number investigated by the District Superintendent of Police	Number of cases in which the District Superintendent of Police visited the scene and guided the officers in the investigation	Number disposed of		Number pending with Magistrates		Number pending with the Police	Property lost	Property recovered	Remarks
			Convicted	Acquitted or discharged	On A form	On B form				

(*n*) What is the general state of crime in the district? In what particular localities of the district are crimes comparatively heavier and larger in number ? What classes of offences are generally common in the district ? What are they due to ? What precautionary measures have been taken to check this ?

(*o*) Is the Superintendent of Police well posted with all the information concerning his district? Is he acquainted with the habits, manners, customs and aspirations of the people in general ?

(*p*) Remarks on the inspection of every register prescribed for and maintained in the District Office.

General—

Are the following registers and lists maintained properly ?

(*a*) Attendence register.

(*b*) Register of applications for appointments.

(*c*) Distribution work memo, and whether the distribution of work is properly and according to individual capacity made.

(*d*) Unanswered reference list.

(*e*) Petition register as per revised rules?

(ii) Whether pay or travelling allowances due to subordinate officers and men are being promptly claimed and paid ?

(iii) Whether undisbursed pay or travelling allowance is being shortdrawn or credited to the Treasury in the succeeding month ?

iv. How are records kept and arranged. Have record sorting rules been adhered to in the sorting of records?

v. Are *Mysore Gazette, Police Gazettes* and circular orders filed in chronological order.

vi. Is the work of the Headquarter and Prosecuting Inspectors to scrutinized and remarks made ?

vii. Any other defect noticed during inspection to be noted as also any noteworthy point.

No. 3762-3801—E. A. G. 377, DATED 30TH MAY 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

READ AGAIN—

Government Order No. G. 4631-65— G. M. 240-11-1, dated the 5th March 1912, directing Heads of Departments to send to Government in advance a copy of their programme of tour before they leave their Headquarters, a duplicate copy being sent also direct to Dewan.

Order No. 3762-3801—E. A. G. 377, dated 30th May 1919.

Government direct that duplicate copies need not be sent to Dewan and that it is sufficient if only one copy is sent to the Secretary of the Department concerned.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Heads of Departments.
The other Secretaries to Government.

:d.—C. R.

No. 26904-20—Cash 114-18-5, dated 29th May 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. G. 15448-98—G. M. 339-13-6, dated the 17th May 1918, regarding the fire protection arrangements in the Public Office Buildings, Bangalore.

Order No. 26904-20—Cash 114-18-5, dated 29th May 1919.

Government consider the arrangements provided in the order read above are inadequate, and are pleased to order in continuation thereof, the following additional safeguards for the protection of the buildings, till the need for more elaborate arrangements are felt, or sanctioned in due course.

1. There are at present only a few "Kyl Fyre" tubes in the record room of the General and Revenue Secretariat and water buckets only at certain places in the General and Revenue Secretariat Offices. Arrangements should be made by the several offices located in the building to keep "Kyl Fyre" tubes and water buckets at fixed places throughout the entire block of the building, and plenty of sand should also be made readily available at these places, packed in neat and handy cloth bags, or in open dealwood boxes.

2. The "Kyl Fyre" apparatus should be placed in glass cases both for their safe custody and for easy removal in case of emergency.

3. The present method of setting fire to bee-hives by the use of lighted torches should be stopped at once. The bees should be got rid of under proper supervision, and by means of fumigators, or other suitable methods by the Public Works Department.

4. No naked lights should be allowed in any part of the building at any time during the day.

5. With a view to ensure that the fire protection arrangements are in working order in every part of the building, and to ensure proper intimation being sent of accidents occurring in the building, a special Jamedar, preferably a military pensioner, shall be placed in charge of the supervision of the entire building, to whom the watchmen of the several offices in the building shall be subordinate. The Jamedar shall be under the immediate control of the Registrar, General and Revenue Secretariat, and shall be held responsible to take all preventive measures against fire, and to report every occurrence in the Public Office Building, without the least delay. He will supervise the work of all the watchmen of all the departments, and shall sleep in the building every night. Both the Jamedar as well as the watchmen under him should be drilled to properly work the fire protection arrangements.

6. The Heads of Offices located in the building will be requested to give effect to these orders without loss of time, and furnish for the information of Government, a list of watchmen employed by them.

7. The arrangements now ordered should be brought into thorough working order by the 1st of July 1919 at the latest.

GENERAL AND REVENUE DEPARTMENTS.

Order No. R. 14350-58—L. R. 402-18-1, dated **10th May 1919.**

Instances of great delay in the settlement of compensation for lands acquired by Government have frequently come to the notice of Government, and in a recent case connected with the acquisition of lands for the restoration of the Bandur tank in the Channapatna Taluk, the settlement of compensation had been pending for the unconscionable period of 20 years. This is most unsatisfactory and the delay in the majority of cases is due to the slackness on the part of the Revenue Officers and the non-observance of the instructions conveyed in Government Order No. 1925-35, dated 18th September 1903, which lays down the period limit within which the matter has to be disposed of.

The Revenue Commissioner and the Deputy Commissioners are therefore requested to invite the attention of all the Revenue Officers to the standing orders of Government on the point and to impress upon them, that any violation of the rules will be seriously noticed.

DRAFT OF AMENDMENT.

Power delegated.	*Draft amendment.*
Power to the Revenue Commissioner under Section 160 of the Land Revenue Code to direct from time to time by what officers distraint of defaulter's property is to be made.	Omit the words "under the orders of Government" occurring between "Revenue Commissioner" and "may" in Section 160 of the Mysore Land Revenue Code and (2) also omit the 1st paragraph of Rule 96 of the Rules under the Mysore Land Revenue Code beginning with "Distraints" and ending with "Shekdars". For paragraph 2, substitute the following "Distraint orders under Section 160, Land Revenue Code, shall be in the form given in Appendix J and shall be issued under the signature and seal of the officer issuing the same."
Power to sanction disbursement of potgi according to Decennial Revision.	Insert the following new paragraph as a sub-para under para 14 (*e*) on page 15 of the Mysore Revenue Manual. "The Revenue Commissioner is empowered to sanction disbursement of potgi according to Decennial Revision". (Government Order No. R. 6030-81—L. R. 193-17-3, dated 18th November 1918.)
Power to the Deputy Commissioners to sanction the writing off of the assessment on assessed waste lands appropriated for village extensions.	Omit the words "and the writing off of the assessment thereon" occurring at the end of Rule 11 C of the rules under the Mysore Land Revenue Code and add the following words to Rule 11 D after the word "Government", "and on assessed waste lands appropriated under the orders of the Revenue Commissioner for the extension of village sites".
Power to the Deputy Commissioners to sanction under Rule 41 of the Revenue Rules, the sub-division and reservation to Government of the portion containing sandal trees in land to be disposed of under the darkhast Rules notwithstanding that the portion is below the prescribed minimum and the grant of the remaining portion for cultivation with a proportionate reduction of assessment.	Substitute the words "Deputy Commissioners" for the words "Revenue Commissioner" in line 12 of the last paragraph of Rule 41 of the rules under the Mysore Land Revenue Code.

Disbanding the temporary establishments sanctioned for sorting the old records.

No. R. 14701-10—L. R. 36-18-15, dated 16th May 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE

GENERAL AND REVENUE DEPARTMENTS.

Read again—

Government Proceedings No. R. 12655-6—L. R. 345-16-4, dated 26th June 1917, sanctioning certain temporary establishments for sorting the old records of the several Revenue offices in the State, for specified periods.

2. Government Proceedings No. R. 12423-4—L. R. 347-17-24, dated 9th July 1918 sanctioning the retention of the temporary establishment already sanctioned, for certain further periods and also the entertainment of an additional staff for certain Taluk offices, at a cost of Rs. 14,790, the Revenue Commissioner being requested to hold himself responsible for the progress of this record-sorting work, and to obtain and submit quarterly progress reports to Government with his review thereon.

3. Quarterly reports received from the Revenue Commissioner in Mysore from time to time till the end of December 1918, regarding the progress of the record-sorting work in the several Revenue offices.

4. Correspondence ending with letter No. C. Per. 103'3, dated 12th April 1919, from the Revenue Commissioner in Mysore, furnishing information about the extra record staff actually employed in the several offices for which the hands have been sanctioned, the cost incurred on this account till the end of December 1918, and the arrears still remaining and the cost likely to be involved for clearing the same; and stating that the progress so far made in record-sorting work has been altogether poor and unsatisfactory and submitting for sanction his proposals for the employment of a larger number of temporary men at a cost of Rs. 14,640 so as to bring the work up-to-date within a period of one year at the latest, the Personal Assistant to the Deputy Commissioner being made responsible for this work in the District office and the Taluk Sheristedar in the Taluk office.

Order No. R. 14701-10—L. R. 36-18-15, dated 16th May 1919.

From the quarterly reports received from the Revenue Commissioner from time to time in the matter, and the report contained in his last letter read above, it is clear that the scheme of dealing with arrears of record-sorting work in the several Revenue offices in the State has not worked well. The Dewan's Tour Notes of January and February 1919 have disclosed grave irregularities in this respect. The temporary staff sanctioned for clearing old arrears was used for other work; incompetent hands were employed and there was no supervision on the part of any responsible officer.

Having regard to the above facts, Government are not in favour of repeating this experiment. The Taluk Offices have been re-organised with the result that additional hands have been sanctioned for each Taluk Office; and the record work must be attended to by the normal staff, Amildars being held personally responsible to see that arrears are cleared off soon. Government therefore direct that the temporary staff which has already been employed on this work, be disbanded with effect from the date on which the present sanction expires.

The Revenue Commissioner is requested to issue needful instructions on the above lines.

Draft Amendment.

Substitute the words 'Revenue Commissioner' for the word 'Government' occurring in the last line of Rule 10A of Appendix E of the Land Revenue Rules (of 1890), containing Rules for the grant of Government land for coffee or cinchona cultivation.

The Abolition of the existing Sub-Taluks and the Formation of New Taluks

No. R. 14144-94—L. R. 338-15-71, dated 6th—21st May 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

Read—

Government Notification No. R. 7942—L. R. 338-15-9, dated 31st January 1918, regarding the formation of new taluks in place of the existing sub-taluks.

2. Correspondence ending with letter No. C. 2812 of 17-18, dated the 7th May 1918, from the Revenue Commissioner in Mysore on the same subject.

Order No. R. 14144-94—L. R. 338-15-71, dated 6th—21st May 1919.

The question of abolishing the existing sub-taluks and constituting new taluks in their place has been engaging the consideration of Government for some time past. The matter has also been frequently pressed upon Government by the public and the members of the Representative Assembly.

2. After considering the various proposals received from the Deputy Commissioners and the Revenue Commissioner, a draft scheme was publiched under Notification No. R. 7942—L. R. 338-15-9, dated 31st January 1918, read above, indicating the proposals of Government to constitute into taluks all the existing sub-taluks, except Alur and Kumsi, which were to be abolished and absorbed in the taluks of Hassan and Shimoga, respectively, and also inviting objections and suggestions from the public. The absorption of Alur and Kumsi Sub-Taluks formed the subject of numerous representations from the people of the localities concerned ; and, as a result of further consideration, the Deputy Commissioners of the Hassan and the Shimoga Districts as well as the Revenue Commissioner recommend that these two sub-taluks also may be constituted into taluks. This will result in the constitution of nine new taluks in the place of the existing nine sub-taluks.

3. Government have further considered the question in the light of the available statistics and also of the representations received from the public in the matter. In this connection it may be noted that the scheme of separation of Judicial and executive functions which has been introduced into two districts, and which is likely to be extended throughout the State will give more time to Amildars to attend to their revenue duties. It is, therefore, necessary to see that the taluks to be newly created are of sufficient size and importance and do not constitute too light a charge. Roughly speaking, a taluk having an area of 250 square miles, a population of 60,000 and revenue of Rs. 1,20,000 may be considered to be the standard of a third class taluk. In the Malnad where the conditions are different, this scale may be reduced to some extent.

4. Judged by this test, Government are of opinion that the conversion of the following Sub-Taluks—Closepet, Koratagere, Turuvekere, Harihar, into *pucca* taluks, is necessary in the public interests. As regards Kumsi Sub-Taluk, Government agree that the absorption of this sub-taluk with Shimoga will make the latter very heavy and accept the recommendation of the Deputy Commissioner that a new taluk should be formed out of the existing sub-taluk with some additions from the neighbouring taluks.

The disposal of the sub-taluks in the districts of Hassan and Kadur was discussed on the spot by the Dewan during his recent tour and the decision arrived at has been embodied in the tour notes. There will be a new taluk at Alur in the Hassan District and two new taluks, Balehonnur and Narasimharajapura in the Kadur District.

No. R. 14144-94—L. R. 358-15-71, dated 6th—21st May 1919.

Government are of opinion that no case is made out for the formation of new taluks in lieu of the sub-taluks at Gudibanda and French Rocks. The following table gives the details with reference to these two proposed new taluks.

Area	Population	Hoblis	No. of villages	Revenue
				Rs.
Proposed Gudiband Taluk, 136·00 ...	30,963	3	200	73,978
Do French Rocks Taluk, 147·92 ...	42,215	4	143	62,130

It will be seen that they will be very light charges. Government, therefore, consider that the two sub-taluks of Gudibanda and French Rocks should be absorbed with the adjoining taluks. The Revenue Commissioner is requested to send up complete proposals within two months as to how the absorption can best be effected. A notification will thereupon be published inviting objections or suggestions, if any, from the public, with regard to these two sub-taluks.

5. The financial effect of this scheme will be a net increase in cost of Rs. 43,332 per annum, as noted in the margin.

Cost of one 3rd class taluk.

	Rs
I. Sheristadar ..	50
II Ministerial Establishment ...	282½
III. Menial Establishment ...	211
	544
1 Amildar	150
	694 per mensem or 8,328 per year.
For 8 taluks ...	66,624
Deduct present cost of 9 sub-taluks (1941×12) ...	23,292
Net increase ...	43.332 per year

6. Government direct that this new scheme be brought into force gradually in three years as indicated below and the extra cost on this account be provided for in the budgets of respective years The scheme will be introduced into the districts in the order noted below.

New taluks to be formed.

During 1919-20 ... ... Alur, Kumsi and Narasimharajpura.
Do 1920-21 ... ... Closepet, Turuvekere and Koratagere.
Do 1921-22 ... ... Harihar and Balehonnur.

7. The Revenue Commissioner is requested to work out the details of the scheme and to submit his proposals in accordance with the programme above laid down.

EXPLANATORY MEMO *Re* MUZRAI RETURNS.

This group consists of 9 returns as shown in the appended list.

Serial No. 1 relates to the monthly proceedings of the meeting of Dharmadarsis relating to 1st class or major institutions, due from Dharmadarsis to the Amildar who will forward copy to the Deputy Commissioner or Sub-Divisional Officer (Muzrai Office).

(*Vide* Rule 7 of the rules under Sec. 15 of the Regulation). The rule requires that a copy of the proceedings should be submitted by the Amildar to the Muzrai Superintendent also. This seems to be unnecessary. The Assistant Secretary, Muzrai Branch, considers, however, that copy should be received in the Muzrai Superintendent's Office (*vide* his D. O. dated 3rd April 1919, attached), as needful action will be taken by the local Muzrai Officer himself.

Serial Nos. 2 and 5 are the extract of the monthly statement of income and expenditure, and the half-yearly report of audit of accounts by Dharmadarsis, respectively, relating to major and minor institutions. These are due under rule 2 of the rules under Sec. 13 of the Muzrai Regulation. Serial No. 2 is to be obtained by the Amildars and submitted to the Deputy Commissioner. The existing form of the monthly statement is given in page 273 of the Mysore Taluk Manual but it is understood that proposals have been submitted to Government by the Muzrai Superintendent for modifying it. Serial No. 5 is a half-yearly report to be obtained by the Amildars and forwarded to the Deputy Commissioner or Sub-Divisional Officer (Muzrai Officers) as the case may be.

Serial No. 3 is the statements of debits and credits due to Deputy Commissioner from the Comptroller every month. It is understood that as regards major institutions figures are given *institutionwar*, while as regards minor and village institutions only total figures are given talukwar for each class, in the prescribed form. This has to continue for the purpose of verification of the accounts received from the Amildar.

Serial No. 4 is a monthly return of the submission of the copy of the list of estimates sanctioned by Deputy Commissioner due to Government, Muzrai Department, and Comptroller. The form is given in Part II of the District Office Manual. The return is necessary and should continue.

Serial Nos. 6 and 7 are both annual returns relating to list of incomplete and other works requiring funds.

Serial No. 6 is necessarily due to Comptroller also both returns appear to be necessary.

Serial No. 8 is the annual statement of copies of life grants *re* Muzrai stipendiaries due to Government Muzrai Department under Government Order No 995-1003, dated 9th March 1896. It appears such cases are practically very few now, but the statement has still to continue as cases of lapses, if any, have to be noted in the Registers maintained in the Muzrai section of the Secretariat.

Serial No. 9. is the annual Muzrai administration report with statistical statements.

The form of the report is said to be under preparation in the Muzrai Secretariat, and is expected to be embodied in the Supplement to the Muzrai Manual for purposes of reference.

SUMMARY.

1. All the 9 returns mentioned above seem to be necessary with modification suggested in respect of Serial 1.

2. Serials 1 and 5 need no particular form. The form pertaining to Serial 2 is brought in the Taluk Manual but is to be revised.

The form for Serial No. 9 is said to be under preparation, and the other forms excepting Serial No. 3, are to be found in Part II of the District Office Manual.

Returns Dealing with Land Administration, maintenance of Boundary Marks.

No. R. 14950-59—R. M. 36-18-6, DATED 21ST MAY 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

READ—

Government Order No. R. 6016-62—L. R. 336-17-2, dated 9th January 1918, issuing instructions for the revision, curtailment and standardisation of the forms of Registers and returns in the Revenue Department.

2. Explanatory memo *on "Returns dealing with Land Administration, Maintenance of boundary marks, etc," furnished by the Special Officer.

(To be printed as an accompaniment)

Order No. R. 14950-59—R. M. 36-18-6, dated 21st May 1919.

Separate orders have issued amplifying the explanation of the scope of Form C (darkhast quarterly return) appended to Government Order No. R. 3820-68—L. R. 89-16-5, dated 11th October 1917.

2. In regard to alienations, a half-yearly return of alienations sanctioned by the Deputy Commissioners is due to the Revenue Commissioner and a similar return is due from the Revenue Commissioner to Government. These returns will hereafter be annual and will be submitted to Government as an appendix to the Administration Report containing only totals and not each individual item.

No register is at present maintained in the Taluk offices to facilitate the watching of progress of further action to be taken in each case of alienation. Such a register should be maintained in each Taluk office and it should contain a column for showing the action taken in such cases in regard to noting needful changes in the Akarbands and village maps, etc.

3. The statement due in respect of lands under the Sulekere tank granted on Alve tenure will be discontinued and the report on the working of the block system of irrigation under the Vani Vilas Sagar will be annual instead of half-yearly.

4. The statement in respect of inspections of boundary marks will be half-yearly instead of quarterly and will be reviewed by the Revenue Commissioner finally. This return need no longer be submitted to Government.

The annual statement on the condition of boundary marks need not be submitted separately in future. The matter should be dealt with in the Administration Report itself, as required by Rule 85 (1) of the Land Revenue Rules.

With the above changes, the forms proposed by the Special Officer are approved. The forms for the quarterly return of darkhasts and half-yearly statement of inspection of boundary marks and the register of alienations to be maintained in the Taluk will be printed in Part II of the Taluk Manual.

The forms for quarterly report of progress regarding disposal of Land Acquisition cases will be printed in Part II of the District Office Manual.

EXPLANATORY NOTES.

Group II.

Returns dealing with Land Acquisition, maintenance of boundary marks, etc.

This group contains nine returns as shown in list C, appended. This will be dealt with in order.

Serial No. 1.

Darkhast quarterly return.

This quarterly statement in the form C appended to Government Order No. R. 3820-68—L. R. 89-16-5, dated 11th October 1917 is to be submitted by the Amildar to the Sub-Division Officer who should review it and send one copy to the Amildar and another to the Deputy Commissioner. In certain districts the term "Phod Darkhasts" is not correctly understood. In order to clear up the ambiguity in the classification of Darkhasts in the return, supplementary instructions are proposed to be issued separately for printing an additional explanatory note under the form of the return which is appended.

Serial No. 2.

Quarterly statement of lands granted on Alve Tenure (due from the Deputy Commissioner of Shimoga District).

A quarterly statement of lands granted on Alve tenure under the Sulekere tank is due to Government through the Revenue Commissioner in accordance with para 2 of Government Order No. R. 6193-6—L. R. 223-12-5, dated 11th February 1914.

It is understood that this return is not being regularly received in the Revenue Commissioner's Office. This item would be included in Serial No. 1 of the darkhast quarterly return above referred to under darkhast for assessed lands and it is unnecessary to continue this as a separate quarterly return. A special report may, if necessary, be called for regarding the progress of disposal of the assessed lands under the tenure.

Serial No. 3.

Report of expansion of cultivation under the Block system 'Vanivilasa Sagara Works.'

This report is due to Government through Revenue Commissioner from the Deputy Commissioner, Chitaldrug District, in accordance with Government Order No. 5724-34—L. R. 194-13-10, dated 31st December 1914. A register has been prescribed for maintenance in the District Office to show the progress of disposal of the lands under the Block system and a copy of the form which has been approved already is appended. The report will contain information under the several heads given in the form and a statement may be usefully appended as an enclosure to the report. The submission of the report may continue till further orders of Government.

Serial No. 4.

Quarterly progress reports of Land Acquisition cases.

With a view to watch the progress of action regarding Land Acquisition Cases of which a large number are generally pending with Land Acquisition Officers, *vide* also para 8 of Government Order No. 3105-44—L R. 212-06-1, dated 11th September 1906, a quarterly return prescribed by the Revenue Commissioner has been also embodied in the District Office Manual. The form as already approved is brought in Part II of that Manual. The Deputy Commissioner has to review the return every quarter.

Serial No. 5.

Statement of alienation sanctioned by Deputy Commissioners.

Under Land Revenue Rule 11 D, and Government Order No. R. 11353-63—L. R. 490-16-2, dated 18th May 1917, the Deputy Commissioners are now authorized to write off the assessment on lands in certain cases. The Revenue Commissioner has prescribed the submission to him of a half-yearly return showing such cases in the form (appended for ready reference) which is given in Appendix 102 in Part II of the District Office Manual. A register of cases of alienations will also be opened in the Taluk Office in which it is proposed to show in the remarks column thereof action taken on alienation cases such as noting needful changes in the Akarbands and village maps, as this is a very important work which is generally delayed.

Serial No. 6.

Statement of alienations sanctioned by Revenue Commissioner.

This half-yearly statement which is prescribed in Government Order No. R. 3105-44—L. R. 212-06-1, dated 11th September 1906 is due to Government from the Revenue Commissioner *vide* also page 4 Revenue Manual. The form used by Deputy Commissioners is adopted for submission to Government by Revenue Commissioner.

No. R. 14950-59—R. M. 36-18-6, DATED 21ST MAY 1919.

SERIAL NO. 7.

Inspection of Boundary Marks.

A quarterly review of the inspection of boundary marks is due from Deputy Commissioner to Government through the Revenue Commissioner as prescribed in para 11 of Government Order No. R. 3971-81—L. R. 339-14-8, dated 2nd November 1916. In pursuance of this Government Order the Revenue Commissioner has in his Circular No. 3932. dated 10th April 1917, prescribed the maintenance of a register in the taluk showing the programme of test inspection of boundary marks. He has also prescribed a return in this behalf the form of which is flagged I.

I have appended a note to this quarterly return to show how the particulars therein have to be obtained. The return may stand.

SERIAL NO. 8.

Annual report on the condition of Boundary Marks.

This annual return is prescribed in para 12 of Government Order No. 3971-81—L. R. 399-14-8, dated 2nd November 1916, referred to above, and under Land Revenue Rule 85(1). A para has to be devoted in the Annual Administration Report in the form prescribed in the rule. The Taluk Office will submit a statement of particulars in that form. The form will be printed in Part II of the Taluk Manual. It needs no change.

SERIAL NO. 9.

Statement showing the demand, collection and balance of boundary marks charges.

This annual statement is due to Comptroller from Deputy Commissioner. The existing printed form, Revenue No. 68, herewith appended is suitable and needs no change. It may be adopted for taluk also.

A register of demand, collection and balance of boundary marks charges has been prescribed for being maintained in the District Office and the particulars for the return will be obtained from that Register.

Concluding summary

1. With the exception of Serial No. 2, *viz*, Quarterly statement of lands granted on "Alve tenure" under the Sulekere Tank other returns are necessary.

2. For Serial No. 1, *viz.*, Darkhast quarterly return, an additional explanatory note has been made to clear up certain ambiguities in it and this has been separately under consideration.

3. Forms for Serial Nos. 1, 7 and 8 are proposed to be printed in Part II of the Taluk Manual.

4. Forms for Serial Nos. 4 and 5 (and form for Serial No. 5 applies also to Serial No. 6) will be printed as appendices in Part II of the District Office Manual. The form of report for Serial No. 3 will follow the headings of the register in Part II, District Office Manual. As regards Serial No. 9, the form of the Register which will come into Part II, District Office Manual is identical with that of Revenue No. 68 and it is unnecessary to print the form of the return again for Taluk Manual. The form, however, will be shown in the revenue indent.

No. R. 14571-74—Ft. 182-18-4, dated 14th May 1919.

No. R. 14571-74—Ft. 182-18-4, DATED 14TH MAY 1919.

NOTIFICATION.

No. R. 14575—Ft. 182-18-5, dated 14th May 1919.

The Government of His Highness the Maharaja of Mysore are pleased to declare under the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900) that, from 1st July 1919, the area, the boundaries of which are set forth in the Schedule annexed to this notification, shall be deemed to be a "State Forest" subject to the exercise of rights specified at foot thereof :—

SCHEDULE.

District	Taluk	Appoximate area	Name of block.	Boundaries.
Shimoga	Sorab	688 acres and 34 guntas or 1·07 Sq. miles	Chikkasavi	*North.*—Starting from a point about 11 chains south-west from the westernmost corner of survey No. 79 of Manmane, the boundary line runs south-east for about 15 chains through survey No. 70 to a point about 5 chains south from the south-west corner of survey No. 78; then east for about 36 chains through survey No. 70 of Manmane and 38 of Jirlekoppa to a point about 9 chains north-west from the westernmost corner of survey No. 35 of the latter village; then south-east for about 23 chains through survey No. 38 to a point on the common boundary between Jirlekoppa and Chikkasavi about 10 chains south-west from the north-west corner of survey No. 18 of Chikkasavi; then again south-east for about 14 chains through survey No. 15 of Chikkasavi to a point about 6 chains south-west from the south-west corner of survey No. 17; then slightly south-east for about 23 chains to a point on the high-road, leading from Sagar to Shiralkoppa about 8 chains south from the south-east corner of survey No. 16. *East.*—Then the line passes along the high-road leading from Sagar to Siralkoppa for about 38 chains to a point about 5 chains north-west from the north-west corner of survey No. 74 of Kavadi; then west for about a chain and then south for about 2 chains and then east for about a chain to a point about 4 chains north-west from the north-west corner of survey No. 74; then along the said high road to a point about 34 chains north-west from the south-west corner of survey No. 74 of Kavadi. *South.*—Then a line goes in a north-westerly direction for about 38 chains through survey No. 76 of Indavalli to a point on the common boundary between Sigga and Inadavalli about 13 chains slightly north-east from the south-east corner of survey No. 106 of Sigga; then north-west for about 19 chains through survey No. 102 to a point about 8 chains north-east from the north-east corner of survey No. 103; then again slightly north-west for about 24 chains through survey No. 102 to a point on the common boundary between Sigga and Kundagasavi about 7 chains north-east from the south-east corner of survey No. 42 of Kundagasavi. *West.*—Thus the line continues north-east for about 39 chains through survey No. 40 of Kundagasavi to a point about 6 chains south-west from the south-west corner of survey No. 41; then south-east for about 7 chains through survey No. 40 to a point about 5 chains south from the south-west corner of survey No. 41; then north-east for about 10 chains through survey No. 40 to a point about 6 chains south-east from the south-east survey No. 41; then north for about 11 chains through survey No. 40 to a point on the common boundary between Manmane and Kundagasavi about 6 chains north-east from the north-east corner of survey No. 41; then west for about 10 chains through survey No. 40 to a point about 5 chains north from the north-west corner of survey No. 41; then north-west for about 17 chains through survey No. 40 to a point on the common boundary between Kundagasavi and Manmane about 5 chains north-east from the north-east corner of survey 35 of the former village; then slightly north-east for about 10 chains through survey No. 70 of Manmane to meet the strating point.

Remarks.

Right of way to the cart-tract 12 feet in width leading from Kundagasavi to Chikkasavi is granted for use by men, cattle and carts throughout the year. It enters the forest in the western boundary of the block at a point about 7 chains south-west from the south-west corner of survey No. 41 of Kundagasavi and runs east for about 3 chains through survey No. 40 and quits the forest at a point about 5 chains south-west from the south-west corner of survey No. 41. It again enters the forest at a point about 5 chains south from the south-east corner of survey No. 41 and passes east and north-east for about 50 chains through survey Nos. 40 of Kundagasavi and 15 of Chikkasavi and quits the forest in the northern boundary of the block at a point about 9 chains south-west from the north-west corner of survey No. 18 Chikkasavi.

By Order,
B. RAMASWAMAIYA,
Secy. to Govt., Rev. Dept.

To—The Compiler, *Mysore Gazette.*

No. R. 14571-74—Ft. 182-18-4, dated 14th May 1919.

Letter No. 460, dated 7th February 1919, from the Forest Settlement Officer in Mysore, to the Revenue Commissioner in Mysore, Bangalore.

I have the honour to report on the conclusion of the Settlement of Chikkasavi Block in Sorab Taluk, Shimoga District.

2. The initial notification under Section 4 of the Forest Regulation proposing to constitute the area into a State Forest appeared on page 420 of the English issue of the *Mysore Gazette*, Part I, dated 4th May 1917, and the proclamation under Section 5 of the said Regulation was issued by Mr. B. Basavaradhya, the then Forest Settlement Officer on 2nd June 1917 and the same published on pages 702 to 704 of the Part II of the Kannada issue of the Gazette, dated 14th June 1917. The spare copies of the notification were got served on the villagers concerned through the Amildar, Sorab and the settlement work was completed on 1st June 1918, by Mr. Basavaradhya himself.

3. The records show that only 7 claims one to the right of way and 6 to miscellaneous rights were preferred during the enquiry. Out of these, only 4 claims to miscellaneous rights were partly admitted and the rest rejected.

4. The Deputy Commissioner in his docket No. Mis. C. 326, dated 12th September 1918, says that no appeals have been preferred to him against the decision of the Forest Settlement Officer.

5. The following records are herewith submitted:—

(i) "B" register.
(ii) "C" register.
(iii) Boundary notification.
(iv) Sketch map.
(v) Topo tracing.

6. The date from which the reservation is to take effect may kindly be inserted in the t boundary notification.

Exd—C. R.

No. R. 14571-74—Ft. 182-18-4, dated 14th May 1919.

B—Register of claims to lands, rights to forest produce or easements in the proposed Chikkasavi State Forest.

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement
1	2	3	4	5	6	7	8
1	Chennaveeriah, patel of Manmane, on behalf of the villagers.	26-5-18	Says that the villagers are getting all their agricultural and domestic requirements from survey No. 70 which has been proposed to be included in the block and they will be very much inconvenienced if it is taken away and so request that the same may be excluded.	...	Only a small portion has been taken up for the block. There is still 181 acres 4 guntas of kharab and 156 acres of gomal for the village. Hence the grounds on which they represent that they have not sufficient lands for exercising their privileges are not based on facts.	The demarcation line is slightly changed to give cultivation margin to survey Nos. 75, 76 and 78 and also to make the line straight.	
2	Sivappa, patel of Girlekoppa, on behalf of the raiyats.	Do.	Prays for the exclusion of the portion of gomal survey No. 38 which has been proposed for the block as the raiyats have to get all their requirements such as timber, soppu and pasture, etc., from that portion only.	...	A piece of survey No. 38 has been taken up for the block leaving 49 acres, 15 guntas of kharab and 116 acres, 23 guntas of gomal for the commercial purposes of the villagers. Hence their representation does not stand to reason.	The line is slightly changed to give cultivation margins to survey Nos. 34 and 35 and to make the same straight.	
3	Puttaveerappagowda, patel of Chikkasavi, on behalf of the villagers.	Do.	Represents that a new village site has been selected and a well dug in it. The new village will be very near the State Forest if survey No. 15 is taken away for the block and the villagers will be put to much inconvenience and so the area proposed from their village may be excluded as survey No. 14 has already been included in Kavadi Block.	...	Excluding the kharab survey No. 14 already taken for Kavadi State Forest, there are 109 acres, 13 guntas of gomal and 90 acres, 15 guntas of kharab lands for the use of the village which has only 216 heads of cattle. Further assignment of lands does not stand to reason. The new village site is at a distance of about 5 furlongs from the line of the proposed forest. Hence it is no hindrance to their cattle.	The bulk of survey No. 15 and a little more than half of survey No. 14 are now proposed for the block. But it has been elicited in the enquiry and admitted by the District Forest Officer that survey No. 14 has already been taken for the old Kavadi State Forest. So about 95 acres are lost to the village. The village has only 170 heads of cattle and a population of 137 as the village accounts show. For this there are 90 acres, 15 guntas of gomal 38 acres, 37 guntas of kharab, and about 172 acres of assessed waste available in the village. This coupled with about 35 acres of kharab released by the margin left, will be ample provision for grazing and other requirements of the village. The villagers represent that some village site has been allotted and a well sunk for the new village and these are all near the proposed block. I inspected the locality and found that survey Nos. 12 and 13 which are selected for house sites are far from the proposed forest. The line is slightly changed to give cultivation margins for survey Nos. 16, 17 and 18. Police out-post building in survey No. 15 should be excluded from the forest with one chain space all round.	
4	Veerappa, patel of Kavadi, on behalf of the villagers.	Do.	Says that survey No. 74 has already been taken for Kavadi State Forest.	...	The full survey number has already been taken up for Kavadi State Forest.	Survey No. 74 of this village which has been proposed for this block was found out during the enquiry to have been taken up long ago for the old Kavadi State Forest. So there is nothing to take now for the present block.	
5	Lingappagowda, patel of Hesari, on behalf of the raiyats.	Do.	States that survey No. 25 of his village has already been taken for an old forest.	...	The area proposed has already been taken up for Kavadi Block.	Southern two-thirds of survey No. 25 of this village is now proposed, but it has already been included in the Kavadi Forest. No land is therefore taken from this village now for the block under Settlement.	
6	Basavannappa Gowda, patel of Indanalli, for the villagers.	Do.	Requests for the exclusive of survey No. 76 from the proposed block as the villagers have to get timber for their domestic use and pasture for their cattle from the said survey number as survey No. 77 has already been taken up for the Kavadi block and their cattle have to go to Kundagesavi and Manmane villages through the way in this number to drink water during summer.	.....	The area that remains for the village after deducting the lands taken up for Belandur and Kavadi State Forests will be about 735 acres and 34 guntas of kharab and 230 acres and 22 guntas of gomal. Out of this about 42 acres and 35 guntas of kharab survey No. 77 and 215 acres and 9 guntas of survey No. 76 have now been proposed to be taken up for this block. Then there still remains about 477 acres and 30 guntas of kharab and 230 acres and 22 guntas of	Survey Nos. 76 and 77 are now proposed but the latter land has already been taken up for the Kavadi Forest except a small strip to the west adjacent to the Sagar-Shiralkoppa road survey Nos. 2 and 21 of this village have already been taken for the Belandur State Forest. Survey No. 1 being kan cannot supply the village either with the grass or other requirements of the villagers. So it is decided that the southern moiety of survey No. 76 and the still untaken portion of survey No. 77 are both let of from this forest for the use of the village. This coupled with about 230 acres of gomal and about 74 acres of assessed waste will meet all the requirements of the villagers. The right of way is not granted.	

No. R. 14571-74—Ft. 182-18-4, dated 14th May 1919.

B—Register of claims to lands, rights to forest produce or easements in the proposed Chikkasavi State Forest

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of Final Appeal and Settle-
					gomal for the communal purposes of the village which has only 288 cattle So a portion of survey No 77 and the whole of survey No 76 may be taken up for the block There is no necessity to leave the usual margin along the edge of dry assessed waste and occupied dry lands. There is no necessity to admit the right of way as it is not noted in the village map		
	Karenaika, patel Gumasta of Shigga on behalf of the villagers	27-5-18	Prays for the exclusion of the proposed area from the block,		About 100 acres are proposed to be taken from survey No 102 leaving for the use of the village 263 acres and 24 guntas of kharab and 206 acres 24 guntas of gomal which is ample provision for 413 heads of cattle in the village Hence there is no ground to exclude the small area proposed to be taken up	About 831 acres of kharab land from this village has been already taken for Shigga Blocks I and II and now 100 acres are proposed to be taken up for this block It would be a great hardship if so much is taken So about 29 acres in the north east portion of survey No 102 has been directed to be taken for the forest The remaining area is ample for all the requirements of the village	
8	Veeriah, patel of Kundakesavi on behalf of the raiyats.	26 5 18	Requests that survey No 40 now proposed to be taken may be given up for the use of the villagers to get their requirements such as fuel, pasture, etc		The only area taken up is part of survey No. 40 leaving to the raiyats about 54 acres and 22 guntas of kharab and 85 acres and 22 guntas of gomal which is more than ample for 100 heads of cattle in the village The usual margin of 5 chains along the edge of cultivation may be left	Survey No 40 is the only gomal of the village having an area of 335 acres 32 guntas About 250 acres of this are proposed to be taken up for this block The only kharab available for the use of the village is survey No 15 (16 acres and 34 guntas) So it is decided that 142 acres of gomal should be left and the line changed accordingly This coupled with the kharab (16 acres and 35 guntas) of survey No 15 is enough to meet all the requirements of the village Survey No. 41 a cultivated land is excluded from the forest with 5 chains margin on three sides A cart track 12 feet wide from this village to Chikkasavi passing through survey No 40 is allowed for the use of men, cattle and carts throughout the year M. Progress Reports of Drinking Water Wells.

No. R. 15029-36—L. B. 18-18-28, DATED 23RD MAY 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

The following communications from the Presidents of the District Boards, submitting statements showing the progress of drinking water well works in their districts during the quarters ending 30th September and 31st December 1918.

Letter No. Per. 10—L. B. 18-19, dated 11th October 1918, and letter No. Per. 10—L. B. 18-19, dated 18th January 1919, from the President, District Board, Shimoga.

Memo No. L. F. Per. 14-1—18-19, dated 5th November 1918, and No. L. F. Per. 14-2, dated 18th January 1919, from the President, District Board, Kolar.

Letter No. L. F. H. O. C. 106—18-19, dated 25th November 1918, and No. L. F. H. O. C. 138, dated 20th January 1919, from the President, District Board, Tumkur.

Letter No. C. Per. 7-1—L. F., dated 25th November 1918, and No. C. Per. 7-2, dated 18th January 1919, from the President, District Board, Bangalore.

Letter No. Dis. Per. 91—18-19, dated 17th November 1918, and No. Per. 9—2-4 of 18-19, dated 4th February 1919, from the President, District Board, Hassan.

Letter No. 4-1 and 11-B-1—L. F. 18-19, dated 1st December 1918, and No. Per. 11-A-2—L. F. 18-19, dated 18th January 1919, from the President, District Board, Chitaldrug.

Letter No. Per. 11-1—L. B. 18-19, dated 7th January 1919, and No. Per. 11-2—L. B. 18-19, dated 18th January 1919, from the President, District Board, Mysore.

Letter No. Per. 1-3, dated 2nd January 1919, and No. Per. 1-4—18-19, dated 20th January 1919, from the President, District Board, Kadur.

Order No. R. 15029-36—L. B. 18-18-28, dated 23rd May 1919.

Recorded.

2. The statement appended to this order shows that little or no progress was made during the quarter ending 30th September 1918, and also during the following quarter, except in the Bangalore District, where 21 wells are reported to have been completed. This unsatisfactory state of things is attributed to the prevalence of Influenza in the Bangalore, Mysore, Kadur and Chitaldrug Districts and no reason is assigned for the slow progress in the other districts. The total amount spent during the half-year was only Rs. 9,354, while the balance available under this head amounts now to Rs. 4,48,266. No expenditure was incurred during the half-year in the Chitaldrug District. The question has not received sufficient attention on the part of the Deputy Commissioners who are expected to bring to the notice of Government, the real causes that have led to these heavy lapses and the remedial measures necessary to ensure greater progress. The Deputy Commissioners are requested to submit within two months suitable proposals as to how the existing rules may be modified with a view to ensure speedy execution of these works.

3. Government observe that the programmes and explanatory memos called for in the last para of Government Order No. 6101-9—L. B. 18-18-10, dated 18th November 1918, have not been submitted along with the statements of progress received from the Kolar, Tumkur, Kadur and Hassan Districts.

4. The Deputy Commissioners of Districts to which the Musto's Patent Boring Plants have been sanctioned have not said anything about the utility of these implements in connection with this scheme. This is unsatisfactory. Government direct that in future the Deputy Commissioners should submit along with the statements a report reviewing the situation in their districts, mentioning the manner in which the several facilities afforded to them have been utilised. The number of works bored by the Patent Boring Plant should be clearly indicated.

No. R. 15029-36—L. B. 18-18-28, DATED 23RD MAY 1919.

5. As regards the preparation of the statement of progress, uniformity is not maintained and due care has not been exercised. In the case of Tumkur, Mysore, Shimoga, Kadur and Chitaldrug Districts, column 2 of the statement which is meant for noting the total balance available at the beginning of each quarter repeats the same figures for both the quarters, thereby showing that no amount was spent during the first quarter, though as a matter of fact, certain amounts were actually spent. The figures from the Tumkur District, showing the raiyats' contribution do not apparently represent the amount actually paid by the raiyats during the respective quarters, but the progressive totals since the beginning up to the end of that quarter. The attention of the Presidents of District Boards is invited to the instructions contained in Government Order No. 467-75—L. B. 83-16-31, dated 27th July 1917, regarding the preparation of these statements and they are requested to see that greater attention is paid to this work.

6. As the balances at the credit of the District Boards under this head are sufficient to carry them on during the ensuing year, no allotments will be made to them from the provision from this year's budget allotment and a programme of expenditure for 1919-20 should be submitted for information of Government by each District Board before 30th June next.

Measures to popularise and extend Village Panchayets.

No. R. 14965-82—L. B. 101-18-2, DATED 21ST MAY 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

READ—

Government Order No. G. 12650-710—R. A. 31-18-1, dated 27th December 1918, constituting Special Committees of the Representative Assembly to investigate certain selected subjects of general importance.

2. Letter dated the 16th March 1919, from Mr. B. Srinivasienger, Jodidar and Convener, Representative Assembly Select Committee, for "Measures to popularise and extend Village Panchayets", submitting a copy of the proceedings of the Committee.

(Printed as an accompaniment)

Order No. R. 14965-82—L. B. 101-18-2, dated 21st May 1919.

The recommendations of the Committee are to the following effect :—

(i) Literate patel or shanbhog may, for sometime to come to, be appointed Chairman of the Village Panchayet in villages containing a population of less than 1,000.

(ii) Village Panchayet may be allowed to entertain separate establishments only if their funds permit.

(iii) Village Panchayets may be empowered to exercise judicial and quasi-judicial functions.

(iv) Income from fishery, *kulbanni*, *amarayi*, excise shop-rent and surcharge fees and a few other items be assigned to the local bodies concerned.

(v) To educate the younger generation in the advantages of the Village Panchayet system suitable text-books may be prescribed in the Village Elementary Schools.

2. As regards the first recommendation, Government desire to point out that under Section 51(*a*) of the Local Boards and Village Panchayets Regulation, the appointment of Chairman of a Village Panchayet can be made only in special cases, the general rule being that he should be elected. No hard and fast rules need therefore be made regarding the appointment of the village patel or shanbhog as Chairman.

3. The second recommendation is satisfactorily provided for in the rules published under Notification No. 5251—L. B. 6-18-11, dated the 8th October 1918, which make it clear that a Village Panchayet may entertain a separate establishment only if its funds permit.

4. The Government have every sympathy with the proposal to give judicial powers to panchayets. This however involves legislation. After the existing provisions work for sometime, the question will be considered in the light of the experience gained.

5. The question of improving the finances of Village Panchayets raised by the Committee is a general one and has much to recommend it, but proposals from panchayets based on the recommendations now made will be considered on the merits of each case.

6. Government do not consider it necessary to inculcate the principles of panchayet management of local affairs through text-books upon the school-going population. The adult population in villages have to learn by experience and through the spirit of self-help and co-operation how to establish an efficient village administration. The Government are prepared to help and encourage the movement in every possible manner.

" Herur Gundappa.
" T. Meir Mahomed Sab.
" Huchaveere Gowda.
" Linge Gowda.

ABSENT.

Mr. K. Venkataswamiyer.

Read the following papers :—

(1) Government Order No. 3005-55—Ml. 132-16-1, dated the 16th November 1916, regarding the scheme for the development of Local Self-Government in Mysore.

(2) The Mysore Local Board and Village Panchayets Regulation of 1918.

(3) Rules framed under the said Mysore Local Board and Village Panchayets Regulation.

(4) Madras Government Order No. 1410—L., dated the 2nd October 1915, regarding the constitution of Panchayets in villages for the administration of local affairs.

(5) The portions dealing with Local-Self Government of the Resolution issued by the Government of Burma in connection with the formation of a scheme of reform for Burma. (Published on pages 61 to 99 in Volume V No. 1, January 1919, of the Local Self-Government Gazette), and

(6) Proceedings of and papers read in the Mysore Local Boards and Municipal Conference of 1915.

After discussing the subject at length, it was unanimously resolved that the following measures are necessary to popularise and extend Village Panchayets system and as such they may be recommended to Government for favourable consideration and sanction.

RECOMMENDATIONS.

Constitution —In the light of the remarks passed by the Burma Local Self-Government Resolution (*Extract attached), it is desirable for some time to come to have literate patels or shanbhogs, where they reside, as Chairman of the Village Panchayets in villages consisting of a population of less than 1,000 In other important villages which have a population of more than 1,000 the elective system as proposed in the Local Boards Regulation may be adopted now alone.

*Not Printed.

Establishment.— In all villages with a population of less than 1,000, no expenditure for separate establishment, etc., except that of stationery need be incurred for the present the existing *Barabaluti* agency being utilised for work.

Functions.—Powers to exercise judicial or quasi-judicial functions may in the first instance be given to those Panchayets which have a population of more than 1,000 and if successful may be gradually extended to other Village Panchayets. All the other Panchayets and Committees including Muzrai Committees formed in the village may be merged in the Village Panchayets.

Finance.—Under Clause (*e*) of Section 56, Mysore Local Board and Village Panchayets Regulations, the following additional sources of income may be given over to the Panchayets:—

(1) Fines and fees levied and recovered in the exercise of the Panchayets Judicial Functions.
(2) Income from fishery.
(3) Sale proceeds of *Hulbanni* and *Amarayi*.
(4) Income from markets, fairs, topes and avenue trees.
(5) Some portion of the income to be derived hereafter from any new mineral resources within the jurisdiction of the Village Panchayets.
(6) As "*Panchbab*" belonged to the respective villages before the Excise Department was separately organised, shop-rents, and surcharge fees derived within the limits of local bodies be assigned to the respective local bodies concerned.

Any amount collected either by the villagers as a whole or by a particular community for social or religious purpose should not form part of the Village Panchayet Fund.

The Village Panchayet Fund may be kept either in the Taluk Savings Bank or in the Co-operative Society of the locality with the approval of the District Board.

General.—To educate the younger generation in the advantages of the Village Panchayet System suitable text-books may be prescribed in the Village Elementary Schools.

No. R. 14504-15—Ml. 79-18-49, dated 13th May 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

Read—

The Administration Reports of the Town Municipal Councils for the year 1917-18.

Order No. R. 14504-15—Ml. 79-18-49, dated 13th May 1919.

The reports of the two City Municipalities and of the Minor Municipal Councils have been reviewed separately. The progress made collectively in the remaining 29 Municipalities noted below will be reviewed in this order.

Bangalore District	..	1. Dodballapur.
		2. Channapatna.
Kolar District	..	3. Kolar.
		4. Bowringpet.
		5. Chintamani.
		6. Mulbagal.
		7. Sidlaghatta.
		8. Chikballapur.
Tumkur District	..	9. Tumkur.
		10. Gubbi.
		11. Maddagiri.
		12. Chiknayakanhalli.
		13. Sira.
		14. Tiptur.
		15. Kunigal.
Mysore District	..	16. Chamrajnagar.
		17. Nanjangud.
		18. Seringapatam.
Hassan District	..	19. Hassan.
		20. Hole-Narsipur.
Shimoga District	..	21. Shimoga.
		22. Shikarpur.
		23. Sagar.
Kadur District	..	24. Chikmagalur.
		25. Tarikere.
		26. Birur.
Chitaldrug District	..	27. Chitaldrug.
		28. Davangere.
		29. Harihar.

The area of these Municipalities is about 32 square miles and their population 190,765. Of these Municipalities Nos. 11 to 15 and 23 were governed by executive orders of Government during the year under review. They have since been constituted as Municipalities under the Regulation and Town Municipal Councils constituted for them.

2. *Development of Local Self-Government.*—To give effect to the orders of Government on the development of Local Self-Government, a bill further to amend the Municipal Regulation was passed and it became law from 1st July 1918 as Regulation V of 1918. The number of elective seats on the Regulation Town Municipal Councils was increased from one-third to one-half of the sanctioned strength from 1st April 1918 and the number of *ex-officio* Councillors reduced. The Amildars were generally appointed Presidents of Taluk Headquarter Municipalities, except when the Assistant Commissioner in Revenue charge at the headquarters of a taluk was appointed President. Non-official Vice-Presidents were for the first time appointed for the Dodballapur and Channapatna Municipalities, while Chikballapur and Nanjangud continued to have non-official Vice-Presidents. The question of appointing non-official Vice-Presidents in other places is engaging the attention of Government. The non-official Vice-Presidents of Kolar and Chikmagalur were appointed Presidents of those Municipalities, the Deputy Commissioners ceasing to be members of the Municipal Councils thereof.

No. R. 14504-15—Ml. 79-18-49, dated 13th May 1919.

3. *Constitution of Municipal Councils and Elections.*—On the last day of the year there were on all the 29 Municipal bodies under review, 460 members, of whom 98 were *ex-officio*, 168 elected, and the rest nominated by Government. Bye-elections were held in the Regulation Municipalities in order to raise the number of elected Councillors to one-half of the sanctioned strength of the Municipal Councils concerned. The Bye-elections were a failure in Channapatna, Chamrajnagar, Sidlaghatta and Gubbi. General elections for the timely re-constitution of Municipal Councils were held in the Sidlaghatta, Chikballapur, Tumkur, Shimoga and Harihar Municipalities. At the end of the year there were 15 Municipal Councils which had just one-half of the sanctioned strength as elected Councillors. No elections could be held till July 1918 in the six non-Regulation Municipalities which were proposed to be constituted as Town Municipal Councils. Action has since been taken and the Municipal Councils have been constituted in conformity with the Regulation. The average attendance at the elections during the year was about 30 per cent which cannot be considered to be satisfactory. The proportion of the rate-payers to the number actually entitled to vote is very small in some of the Municipalities. New list of voters should be prepared early in accordance with the Revised Election Rules.

4. *Meetings and Attendance.*—The Municipal Councils met on an average 16 times during the year. Fourteen Municipal Councils did not hold the prescribed number of 12 ordinary meetings and 56 meetings in all had to be adjourned chiefly for want of a quorum. The attendance at the meetings was generally satisfactory. In only five Municipalities it was less than 50 per cent. There is, however, much scope for improvement.

5. *Committees.*—Only eight Municipal Councils had Managing Committees constituted under Section 27 of the Municipal Regulation. These Committees consisted of 6 official and 39 non-official members. The Committee in the Chitaldrng Municipality was the only one that met a sufficient number of times to transact business. The Committees in Kolar and Shimoga are reported to have also done good work during the year. There are no managing committees in the remaining Municipalities and the Municipal Councils concerned should be advised to avail themselves of the services of these committees for the speedy disposal of Municipal matters which would otherwise be delayed unnecessarily.

6. *Rules and Bye-laws.*—The framing of rules and bye-laws was delayed pending the introduction of the changes in connection with the development of Local Self-Government. The Municipal Councils of Chikballapur, Chitaldrug, Kolar, Nanjangud and Mulbagal, however, made good progress in framing rules and bye-laws.

7. *Finance.*—The income and expenditure during the year contrast with those of the previous year as shown below :—

Items.	1917-18.	1916-17.
Income—	Rs.	Rs.
Octroi	1,68,848	1,09,096
Taxes on buildings and lands ..	78,599	75,325
Mohatarfa (including taxes on vehicles and animals)	42,630	47,069
Tolls	49,308	51,224
Loans	....	74,000
Other items	1,26,397	94,396
Total Income ..	4,65,782	4,51,110
Expenditure—		
General Administration	39,246	36,684
Public works	81,065	87,495
Conservancy	95,577	93,339
Public instruction	6,012	8,750
Other items	1,85,408	1,97,038
Total Expenditure ..	4,07,308	4,23,306

8. *Investments.*—The Municipal Council of Tarikere added to the deposit of Rs. 25,000 in the Mysore Bank a further sum of Rs. 25,000 out of their surplus funds. The total amount at the credit of the Town Municipal Councils in the Mysore Bank was as noted below :—

			Rs.
Tumkur	..	..	37,625
Tiptur	..	..	41,010
Tarikere	..	..	50,000

9. *Incidence of taxation.*—The incidence of taxation per head of population, ranged from Re. 0-8-2 in the Doddballapur Municipality to Rs. 5-8-0 in the Davangere Municipality. The incidence exceeded Rs. 2 in nine Municipalities and the high rate in Davangere was due to nearly one-half the income from taxation being derived from tolls and octroi.

10. *Revision of Assessment.*—Systematic revision of assessment on houses was not effected in most of the Municipalities and in a few cases the revision which had been completed had not been given effect to. This is not satisfactory. No improvement in the financial condition of these Municipalities will be possible unless systematic efforts are made to see that taxation is properly levied and equitably distributed. The attention of the Municipal Councils should be drawn to Sections 63 to 67 of the Municipal Regulation, and the local officers entrusted with Municipal Administration should be required to pay more attention to this important matter.

11. *Demand, Collection and Balance.*—The current demand under "assessed taxes" amounted to Rs. 1,40,458, of which Rs. 96,289 or 68 per cent was collected. Under arrears of previous years amounting to Rs. 82,398, a sum of Rs. 1,015 was remitted and Rs. 27,417 collected, leaving 66 per cent of the demand uncollected at the end of the year. The collection work was fair in Harihar, Bowringpet, Tiptur, Sagar and Davangere Municipalities and was particularly bad in Channapatna, Nanjangud, Seringapatam, Hassan, Shimoga and Chikmagalur. The statistics furnished show that only 305 warrants were issued in twelve Municipalities, during the year. Greater vigilance on the part of the executive officers to recover the instalments by the prescribed dates is necessary and the Presidents are requested to pay their personal attention to the matter. All recoverable items should be collected by prompt issue of coercive process and arrangements made to write off all irrecoverable items which encumber the accounts at present. The collection work of the village officers of Chamrajnagar, Shikarpur and Harihar is reported to be unsatisfactory. The Municipal Councils concerned should take prompt action to appoint separate full time establishments for the efficient collection of taxes.

12. *Medical Relief.*—Thirty-one Local Fund Dispensaries, and 30 midwives were subsidised in part from the Municipal Funds at a cost of Rs. 7,754. Statistics regarding patients treated and vaccinations performed has not been furnished in the reports of Kolar and Bowringpet. In the other Municipalities 5,407 persons were vaccinated against 4,295 in 1916-17.

13. *Public works.*—Out of the total budget allotment of Rs. 1,45,233 under "Public works to be executed in the Civil Department" a sum of Rs. 81,065 was spent during the year. In the Municipalities of Chikballapur, Shimoga and Sagar the outlay exceeded the budget grant. On the whole in all the Municipalities, 44 per cent of the budget grant for the year was allowed to lapse. The lapses were heavy in the Bowringpet, Chintamani, Tumkur, Tiptur, Nanjangud, Hole-Narsipur, Chikmagalur and Davangere Municipalities. The Presidents should by obtaining early sanction to the estimates of works proposed to be executed avoid heavy lapses in future.

14. *Sanitation.*—The malarial survey of Seringapatam was completed during the year and the report of the Sanitary Commissioner in the matter is under the consideration of Government. The drainage project for Shimoga Town at a cost of Rs. 1,05,000 was sanctioned, the Government contributing Rs. 50,000 on the Municipal Council undertaking to raise the balance by issue of a Debenture Loan carrying interest at 6 per cent per annum. The drainage scheme was put in hand, and materials were collected and two main outfalls nearly completed during the year. In this town eight complete and one incomplete model sanitary houses for housing the

middle and poorer classes were sold and the Municipal Council realised Rs. 1,565 over and above the actual outlay incurred on them. The further development of the scheme deserves the attention of the Municipal Council.

In most of the Municipalities, night soil was allowed to lie in pits with no arrangements for its daily removal. The Municipal Councils should be advised to take action to introduce the daily scavenging system and abolish the pit system.

15. *Water-supply.*—The progress under this head was inappreciable during the year. Though administrative sanction had been given in the case of Chikballapur and Chitaldrug Water-Supply Schemes the projects were not ready for execution and in Chikballapur even the source of water-supply has yet to be definitely settled.

The arrival of a definite decision in the case of Dodballapur Town Water-Supply has been delayed by the Municipal Council though the rate-payers have largely subscribed for the project. Several other projects have also come up for the consideration of Government and their disposal has been delayed owing to the preliminary details not having been settled previously. In Government Order No. 11030-9—Ml. 156-18-1, dated 26th February 1919, clear and comprehensive rules regarding the procedure to be adopted in the preparation and execution of water-supply projects have since been laid down and it is hoped that these will enable the Municipal Councils to consider their financial position carefully before undertaking schemes of large magnitude for which they are unable to provide.

16. Four thousand eight hundred and sixty-seven births, and 5,143 deaths were registered in the Town Municipalities against 5,267 births and 4,809 deaths in the previous year. The number of deaths from plague amounted to 1,510 against 1,583 in the previous year.

17. *Loans.*—The loan outstanding against the Harihar Municipal Council was completely discharged during the year. The Shimoga and Chikmagalur Municipal Councils were the only two who were indebted during the year and the amount outstanding against them amounted to Rs. 31,296 and 31,774 respectively. The loan raised by the Chitaldrug Municipal Council for water-supply of the town has not been completely transferred to the account of the Municipality.

18. *Audit of accounts.*—The accounts were audited by the Local Audit Staff of the Comptroller's Office and in the case of a few Municipal Councils they were also audited by Municipal Councillors elected for the purpose. Except certain irregularities in connection with the disbursement of pay to the sweepers by the Municipal Secretary in Davangere no serious defects or embezzlements were discovered. Apart from this outside audit, it is necessary that the Municipal Councils should exercise some check over the accounts by submitting them to the examination of Municipal auditors appointed from among the Councillors in each month.

19. *Establishment.*—The scale of establishment for each Municipal Office was fixed during the year and the Municipal Councils were relieved of the obligation to contribute towards the establishment charges of the Local Fund Department in the Deputy Commissioner's Office.

20. *General.*—The Administration of the Municipal Councils during the year was on the whole satisfactory. Government hope that with the extended privileges which the Town Municipal Councils now enjoy, the non-official gentlemen will evince keen interest in the administration of these bodies and improve their efficiency to a great extent in the coming years.

Administration Reports of the Minor Municipalities in the Kadur District.

No. R. 14245-47—Mi. 79-18-47, dated 7th May 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

The Deputy Commissioner's reviews on the Administration Reports of the Minor Municipal Council of the Kadur District for the year 1917-18.

Order No. R. 14245-47—Mi. 79-18-47, dated 7th May 1919.

1. Kadur.
2. Narasimharajapura.
3. Koppa.
4. Mudgere.
5. Sringeri.

1. *Constitution of Municipal Boards.*—Of the 5 Municipalities noted in the margin Narasimharajapura was the only one which was governed by the Municipal Regulation, VI of 1906, the others being non-regulation Municipal Boards controlled by the executive orders of Government. All the Municipal Boards, except that of Sringeri, has since been constituted as Minor Municipal Councils with effect from 1st July 1918 under the amended Municipal Regulation, V of 1918. The total area of these Municipalities was 2·57 square miles and the total population, 10,314. The question of constituting Sringeri as a Municipality under the Regulation, is separately under the consideration of Government.

2. *Meetings and Attendance.*—All the Municipalities held the prescribed number of meetings and the average attendance at these meetings was 5·7 against the average strength of 11·4 members of each Board. The attendance of official members in Kadur Municipality and of non-official members in those of Koppa and Mudgere was not satisfactory. The Deputy Commissioner is requested to instruct the Presidents concerned in this matter and impression them the necessity for enforcing regular attendance.

3. *The Demand, Collection and Balance.*—The current demand for 1917-18, under house and mohatarfa taxes was Rs. 14,932. Of this Rs. 1,779 or 11 per cent was left uncollected. Out of the arrears of Rs. 5,672 of the previous years, the sum of Rs. 4,297 or 76 per cent remained uncollected. The collection of arrears leaves much to be desired. The Presidents of Municipal Councils should be directed to adopt prompt measures to reduce the arrears, while at the same time attending to the proper collection of the current demand.

4. *Incidence of Taxation.*—The incidence of taxation per head of population was highest in Kadur being Rs. 1-8-6 and lowest in Mudgere being Re. 0-12-6. The reviews of the Deputy Commissioner contain no reference to this item of the report and it is observed that erroneous calculation of the incidence in Koppa Municipality has consequently been left unnoticed. The Deputy Commissioner is requested to refer to variation under this head in future reports.

5. *Finances.*—The total income and the total expenditure of all the Municipalities for the year amounted to Rs. 22,908 and Rs. 18,553 against Rs. 21,744 and Rs. 15,581, respectively, for the previous year. The total closing balance at the end of the year was Rs. 43,226.

6. *Public Works.*—The expenditure on Public Works was Rs. 2,406 against Rs. 3,079 in the previous year. Forty-nine per cent of the total budget grant was allowed to lapse during the year. The lapses are heavy and indicate that sufficient attention has not been paid to the execution of Public Works in any systematic manner The Presidents should be instructed to see that better results are raported in future.

7. *Water-Supply Schemes.*—The Koppa Water-Supply which was sanctioned in Government Order No. 1091-4—Mi. 40-16-34, dated 17th July 1918, is still pending execution. It is reported that this is due to the rise in the prices of pipes and fittings. The Chief Engineer is requested to examine the scheme and report when it will be possible to commence the work. A scheme for improving the supply of water to

Kadur which at present is both defective and open to contamination, was referred to the Municipal Council for settling the question of financing the project, but no reply has yet been received. The Deputy Commissioner is requested to instruct the Municipal Council to dispose of the reference early.

8. *Audit of Accounts.*—The audit of accounts for 1916-17 in all the Municipalities and in the Sringeri Municipality, of the accounts of the previous years from 1910-11, was conducted by the Local Audit Department of the Comptroller's office. The irregularities noticed in the audit report are reported to have been duly attended to in the Municipalities of Kadur aud Sringeri and that they are being attended to in others. These audit reports should be promptly disposed of.

9. *General.*—Sufficient attention has not been paid to the proper preparation of the reports and the appendices as a result of which discrepancies between the figures furnished in the reports and those in the statements, are observed. Such mistakes and omissions should be guarded against in future, and the Presidents and Municipal Councils should be required to devote their personal attention to the preparation of the reports and submit them to the Deputy Commissioner punctually and in due form.

There is considerable scope for improvement in the administration of these Municipalities especially in regard to collection work and execution of public works and it is hoped that under the extended privileges conferred on these bodies under the Municipal Regulation, a steady improvement will be noticeable in their administration during the current year.

Administration Reports of the Minor Municipalities in the Shimoga District.

No. R. 14242-44—Ml. 79-18-48, dated 7th May 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

The Deputy Commissioner's reviews on the Administration Reports of Minor Municipal Councils in the Shimoga District for the year 1917-18.

Order No. R. 14242-44—Ml. 79-18-48, dated 7th May 1919.

I. *Constitution of Municipal Boards.*—The marginally noted seven non-Regulation Municipal Boards were constituted as Minor Municipal Councils with effect from 1st July 1918 under the amended Regulation V of 1918. The total area of these Municipalities was 1·34 square miles and the total population 15,684.

1. Kumsi.
2. Chanmagiri
3. Honnali.
4. Nyamti.
5. Sorab
6. Kallurkatte.
7. Thirthamalli.

II. *Meetings and attendance.*—All the Municipal Boards held the prescribed number of twelve meetings. The average attendance at these meetings was 6·28 against an average strength of ten members on each Municipal Board. Two members absented themselves from all the meetings of the Honnali Municipal Board and it is unsatisfactory to note that no notice was taken of their continued absence.

III. *Demand, collection and balance.*—The total current demand for the year under "House and Mohatarfa Taxes" was Rs. 12,908. Of this Rs. 3,028 or 23·45 per cent was left uncollected. Of the arrears of Rs. 3,964 for the previous years, a sum of Rs. 2,833 or 71·46 remained uncollected. This is not satisfactory. The Deputy Commissioner is requested to instruct the Presidents of Municipalities concerned to take prompt steps to reduce the heavy arrears and arrange for the timely collection of the current demand.

Revision of assessment was undertaken and completed in Kallurkatte. It is reported that this work is nearing completion in the Municipalities of Honnali and Nyamti. This is an important item of work which requires the prompt and careful attention of the Presidents of Municipal Councils and it is hoped that every effort will be made to carry out this work energetically.

IV. *Incidence of taxation.*—The incidence per head of population ranged from Re. 0-8-1 in Sorab to Rs. 2-2-2 in Tirthahalli. The variation under this head indicates the scope there is for additional local taxation in the areas where the incidence is low, and the Municipal bodies concerned should be instructed to revise and improve their sources of revenue.

V. *Finances.*—The total income and expenditure of these Municipalities during the year were Rs. 20,226 and 19,505 against Rs. 20,038 and Rs. 15,587, respectively, of the previous year. The increase under expenditure is accounted for by increased expenditure under public works in some of the Municipalities, and under administration in all the Municipalities, revised scale of office establishments having been sanctioned to them.

VI. *Public works.*—Only a sum of Rs. 4,662 was spent on public works during the year against an allotment of Rs. 10,986, there being a lapse of 57 per cent of the total budget grants. The lapses were heavy in the Municipalities of Honnali, Kallurkatte and Tirthahalli. This is unsatisfactory. The Deputy Commissioner is requested to instruct the Presidents to see that no allotments are included in the budgets of Municipalities unless and until works have been selected and estimated for previously.

VII. *Vaccination.*—Though vaccination continued to be compulsory in all the Municipalities during the year the number of persons vaccinated was only 118 against 460 of the previous year. The reason for this large variation should have been explained. It is, however, observed that no information has been furnished in this

connection in respect of the Municipal Boards of Channagiri and Sorab, which perhaps accounts to some extent for the large decrease. Arrangements should be made for the proper collection and transmission of the statistics besides arrangements required for efficient carrying out of vaccination work in these areas.

VIII. *Vital statistics.*—Three hundred and eighty-one births and 584 deaths were recorded during the year against 702 and 690 in the previous year. The abnormal decrease in the number of births has not been explained, and the Deputy Commissioner is requested to examine the returns and report the probable causes that have led to this result.

IX. *Audit of accounts.*—The accounts of all the Municipal Boards in the District, except those of Channagiri and Sorab, were audited by the Special Auditors of the Comptroller's office. The Deputy Commissioner's reviews on the reports of these Municipal Boards make no reference to this item. It is necessary that special features disclosed in the audit reports should be prominently noticed in the reports and reviews.

X. *General.*—The Administration of the Minor Municipalities in the district leaves much to be desired. They are able to do only the bare routine duties entrusted to them. Even here the preparation of reports and statements is done in an imperfect and unsatisfactory manner. The collection work and the execution of useful public works also are not attended to efficiently. It is hoped that suitable instructions will be issued by the Deputy Commissioner to the Presidents concerned in these matters and that marked improvement will be noticeable in the administration of these bodies during the current year.

Administration Report of the Minor Municipal Councils.

No. R. 14938—Ml. 79-18-53, dated 21st May 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

Read—

Correspondence ending with letter No. C. 188, dated the 20th March 1919, from the Deputy Commissioner, Hassan, forwarding reviews on the Administration Reports of the Minor Municipal Councils together with the original reports and accounts for the year 1917-18.

Order No. R. 14938—Ml. 79-18-53, dated 21st May 1919.

The marginally noted Municipalities which were being governed by the executive orders of Government were during the year under review constituted as Minor Municipal Councils under the amended Municipal Regulation, V of 1918. The total area of these Municipalities is ·52 square miles with a population of 17,405.

1. Saklespur.
2. Alur.
3. Arsikere.
4. Channarayapatna.
5. Arkalgud.
6. Belur.

2. *Meetings and Attendance.*—The prescribed number of 12 meetings were held in all the Municipalities, the average attendance of members at each meeting being 6·8 against an average strength of 9·3 members on each Board.

3. *Financial Condition.*—The year opened with a balance of Rs. 69,304, the receipts and expenditure being Rs. 32,922 and Rs. 24,439 against Rs. 33,830 and Rs. 48,187, respectively, in the previous year. The closing balance was Rs. 75,737 which gives considerable scope to the Municipal Councils concerned to carry out works of public on a large scale.

4. *Demands, Collection and Balance.*—The total demand under all heads including arrears came up to Rs. 42,061, of which only a sum of Rs. 31,777 was collected leaving a balance of Rs. 10,284. Out of a total arrear of Rs. 6,601 under House and Mohatarfa taxes, a sum of Rs. 4,336 was left uncollected. The collection of the current demand under these heads also was very unsatisfactory being only about 62 per cent. The attention of the Presidents of Municipal Councils should be drawn to this and they should be required to adopt stringent measures to reduce the arrears and efficiently supervise the prompt collection of the current demand.

5. *Incidence of Taxation.*—The incidence of taxation per head of population was highest, *viz.*, Rs. 3-15-9 in the Alur Municipal area and the lowest, *viz.*, Re. 0-10-7 in the Arkalgud Municipality. The revision of assessment reported to be under consideration in the latter Municipality should be pushed on to completion soon.

6. *Public Works carried out by the Civil Department.*—The execution of Public Works is very unsatisfactory in these Municipal areas. Out of a total allotment of Rs. 22,687 for the year, only a sum of Rs. 6,014 was spent, thereby allowing a lapse of nearly 73·6 per cent of the total allotment. This is evidently due to including in the budgets lump sum amounts for expenditure before the estimates for works are ready. The Deputy Commissioner is requested to instruct the Presidents of Municipal Councils to see that no amount is included in the budget unless the works to be undertaken are settled and estimates have been prepared therefor previously.

7. *Vaccinations.*—During the year under review the number of persons vaccinated was 637 against 926 in the previous year, the percentage of successful cases being 65 per cent. The reason for the large decrease in the number of persons vaccinated has not been explained. Efficient arrangements for the proper discharge of this work should be made by the Deputy Commissioner.

No. R. 14938—Ml. 79-18-53, dated 21st May 1919.

8. *Audit and Accounts.*—It is reported that the accounts of all the Municipal bodies except those of Arsikere were audited by the local audit staff of the Comptroller's office. No irregularities of a serious nature have been brought to light.

9. *General.*—The administration of the Municipal bodies under review discloses that there is a great deal of scope for improvement in various directions As it is, sufficient attention has not been paid even to the principal items of Municipal work *viz.*, collection work and execution of necessary public works. The preparation of the reports and the appendicies connected therewith also require greater attention. The Presidents of the Municipal Councils should be required to pay personal attention to these matters and see that there is substantial improvement in the administration of each of these bodies during the current year. Government also hope that the Deputy Commissioner will make the necessary arrangements to see that the reports and appendices of these Municipal Councils are submitted punctually on the due dates to Government.

B, RAMASWAMAIYA.
Secy. to Govt., Rev. Dept.

To—The Deputy Commissioner, Hassan District.
Exd.—C.R.

Administration Reports of the Minor Municipal Councils.

No. R. 14937—Ml. 79-18-51, dated 21st May 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Correspondence ending with letter No. D. 2 Dis. 554—L. B. 18-19, dated the 4th April 1919 from the Deputy Commissioner, Mysore, forwarding reviews on the Administration Reports of Minor Municipal Councils of the District together with reports and accounts of the year 1917-18.

Order No. R. 14937—Ml. 79-18-51, dated 21st May 1919.

Of the 16 Municipalities in the District 7 were governed by the Municipal Regulation of 1906 and the rest were non-regulation Municipal Boards under the executive orders of Government. All these have since been brought under the amended Municipal Regulation V of 1918 and constituted as Minor Municipalities. The total area of these Municipalities is 26·75 square miles and their population is 53,656.

2. *Meetings and Attendance.*— All the Municipalities except Yedatore, Saligram and Maddur held the prescribed number of 12 meetings; the average attendance of members at each meeting being 6 against an average strength of 10·6 members on each Council or Board.

3. *Election.*—The term of the Maddur Municipal Council having expired in April 1917, it was extended for a further period of one year. As no election was held in time, nominated Councillors had to be appointed by Government for carrying on the administration of the Municipality. The elections were however held during the current year. In the Mandya Municipality also the term of Councillors having expired in June 1917 it had to be extended till the end of June 1918 pending the reconstitution of the Council. The need for such extensions would not have arisen if timely check had been exercised by the local officers to see that the Municipal Councils under their charge were duly reconstituted as required under the Regulation. The Deputy Commissioner is requested to make suitable arrangements to duly remind the Municipal Councils in good time before the reconstitution becomes due and see that such irregularities do not recur in futhre.

4. *Finance.*—The year opened with a balance of Rs. 67,374 to the credit of the Municipal bodies. The income and expenditure during the year were Rs. 43,832 and Rs. 30,441 against Rs. 46.021 and Rs. 38,556 respectively of the previous year. There was thus a closing balance of Rs. 80,765. The decrease under receipts appears to be chiefly due to the lack of supervision over the collection work in most of the Municipalities.

5. *Demand, Collection and Balance.*—The total demand under all heads including arrears amounted to Rs. 81,064 of which a sum of Rs. 41,464 was collected leaving an arrear of 48 per cent of the total demand uncollected at the end of the year, but of the current demand of Rs. 24,390 under assessed taxes, Rs. 13,617 or only 56 per cent was collected while out of the arrears amounting to Rs. 30,565 a sum of Rs. 24,707 or 80 per cent remained uncollected at the end of the year. The collection of both current taxes and arrears in Periyapatna and Bannur and that of current taxes in Krishnarajpet was fair, while the collection of arrears in Krishnarajpet and that of both arrears and current taxes in the remaining Municipalities was unsatisfactory. The net result has been that the total outstandings for the Distric on the last day of the year exceed those at the end of the previous year by Rs. 5,000 or 16 per cent nearly. It is thus evident that sufficient attention has not been paid by most of the local bodies in regard to their collection work, and no check apparently has been exercised in this direction by the local officers as a result of which arrears are being allowed to accumulate year after year, which may eventually lead to many

of the items being irrecoverable. The Deputy Commissioner is requested to pay personal attention to this matter and see that prompt and effective arrangements are made at once by the President concerned to reduce the heavy arrears and for the timely collection of current demand.

6. *Incidence of Taxation.*—The incidence of taxation varied from Re. 0-4-8 in Talkad Municipality to Rs. 1-13-1 in the French Rocks Municipality. The incidence of taxation is very low in the majority of these Municipal Councils and indicates the scope there is for additional taxation in these areas either by a revision of the existing taxes or by imposition of additional rates. The Deputy Commissioner is requested to examine the subject and advise suitably the Municipal Councils concerned.

7. *Public Works carried out by the Municipality.*—The budget grant during the year amounted to Rs. 24,370 of which only a sum of Rs. 4,705 was spent resulting in a heavy lapse of Rs. 19,665 or 80 per cent of the allotment. No reasons have been assigned for this large lapse. This is very unsatisfactory. The Presidents of Municipal Councils should be instructed not to include in the budget allotments for work, estimates for which are not ready, and every effort should be made to have a definite programme of necessary works drawn up to facilitate the preparation of estimates in the orders of urgency.

8. *Vital Statistics.*—The number of births and deaths registered during the year was 1,212 and 1,015 against 1,216 and 1,511 respectively in the year previous. The number of deaths exceeded the number of births in the marginally noted Municipalities. Though the Epidemic of cholera accounts for the increase of death-rate in the Municipalities of Gundlupet and Bannur, the death-rate from fever is very high in the Hunsur Municipality. The cause of this increase should be investigated.

Saligram.
Hunsur.
Gundlupet.
T.-Narsipur.
Bannur.
Maddur.

9. *Vaccination.*—The number of persons vaccinated during the year was 1,103 against 1,009 in the previous year. The percentage of successful cases being 91·56.

10. *Audit.*—The accounts of all the Municipalities were audited by the Local Audit Staff of the Comptroller's Office. In the Hunsur Municipality a small amount of Municipal Revenue was found to have been mis-appropriated by the Municipal Manager who is reported to have been prosecuted to conviction for the offence.

11. *General.*—The unsatisfactory state of the collection work in all these Municipal areas has already been noticed. It only remains to point out here that unless the finances of the local bodies are in a sound condition they will not be in a position to direct their efforts in a useful manner for improving the condition of the local areas over which they exercise control. As separate establishments have been sanctioned to the Municipal Councils and as they have all been constituted under the Regulation, it is hoped that strenuous efforts will be made to show improvements in the administration of these areas with the increased co-operation of the non-official gentlemen, who are now more intimately associated with the working of these bodies. The attention of the local officers should be drawn to the need for exercising a closer supervision over the administration of these areas.

12. Government Order No. 6500-2—Edn. 102-17-17. dated 16th January 1919, fixing a scale of grants during the current year for Libraries inspected and reported to be working well under the Rural Library Scheme.

13. Government Order No. 7813-5—Edn. 7-18-60, dated 20th February 1919, continuing the scheme of Travelling Libraries till the end of June 1919.

14. Government Order No. 8263-5—Edn. 7-18-70, dated 4th March 1919, fixing the scale of pay of the Librarian, Mysore Public Library, at Rs. 60 raising to Rs. 75 at the end, of a year's approved service.

Order No. 11370-82—Edn. 7-18-93, dated 20th May 1919.

The Library Department at present comprises the following sections:—

(i) The two Public Libraries in the Cities of Bangalore and Mysore.
(ii) District and Taluk Libraries.
(iii) Rural Libraries.
(iv) Travelling Libraries.

The Development of Public Libraries throughout the State has received the special attention of the Education Committee from the time the Economic Conference was started. The several schemes enumerated above have been initiated at the instance of the Committee from time to time and worked under their direction. As the schemes

may now be considered to have passed the experimental stage, Government consider that the time has arrived for sanctioning some permanent arrangements for the future working of the scheme.

2. In connection with his proposals for the supervision of school libraries, the Inspector-General of Education has also suggested that it would be conducive to economy and efficiency if the Public Libraries are transferred to the department and the Librarians made departmental officials.

3. As the popularity and usefulness of Libraries will depend entirely on the extent of the co-operation and enthusiasm, such institutions are able to command from the local public, Government consider it essential that as far as possible the development and working of these institutions should be left to local agencies. The Public Libraries in the Cities of Mysore and Bangalore which are now managed in an efficient manner by responsible Committees will therefore continue to be managed as before by them. These Committees will, for the present, be directly appointed by Government and shall submit annual report of the working of the Libraries to Government in the Departments of Education and Agriculture. The District and Taluk Libraries elsewhere will be associated with Advisory Committees. Subject to the above reservations, Government are pleased to approve of the proposal that the Library organization as now existing be placed for purposes of administrative control under the Education Department with effect from 1st July 1919, and the staff employed transferred to that department. The interest of District Boards, Municipalities, Local Revenue Officers and organisations, should be enlisted so as to secure the expansion of the movement on progressive lines. The functions of the department should be confined to administrative acts such as allotment, disbursement and accounting of funds, technical advice by the expert staff and general assistance in making the working of the institution and the staff efficient.

4. The Library Organiser recently appointed for charge of the Libtaries under the Education Committee will be transferred to the Education Department. In addition to assisting the Inspector-General of Education in the management of the Public Libraries and the organisation and inspection of school Libraries, the Library Organiser will be in charge of the Library and Publication Branch of the Office of the Inspector-General of Education. He will be assisted in his work of organising and inspecting libraries by two Inspectors of Libraries on a pay of Rs. 75—10—125 each. The appointment of the Librarian and General Editor of Departmental Publications which will thus become unnecessary will be discontinued. The Library Organiser will in addition to his work in connection with the General Libraries attend to the work hitherto being done by the Librarian and General Editor of Departmental Publications referred to above in accordance with a programme to be drawn up by the Inspector-General of Education and approved by Government. The Inspector-General of Education will be requested to take needful action in the matter as soon as the Library Organiser is relieved of his work under the University and takes charge of his new duties. The Library Organiser will render with the approval of the Inspector-General of Education any technical help that the Committees of the two City Libraries may require from time to time.

5. The recommendation of the Education Committee to increase the establishment of the Bangalore Public Library is also sanctioned as noted below, the extra cost during the current year being met from the grant under 'Development of Public Libraries of Bangalore and Mysore'.

Present Scale.				*Sanctioned Scale.*

No. 11370-82—Edn. 7-18-93, dated 20th May 1919.

6. The establishment of the Libraries at Bangalore and Mysore as detailed in the appended list will be continued for a further period of one year from 1st July 1919.

The other schemes will also continue to work on the existing basis and necessary provision will be made in the budget of the Education Department.

7. The existing rules regarding grants to Libraries will remain in force subject to the following modifications:—

(*a*) All grants to District, Taluk and Rural Libraries admissible under the rules where the amount of the grant does not exceed Rs. 250 will be sanctioned by the Deputy Commissioners and Presidents of District Committees.

(*b*) All grants above Rs. 250 and not exceeding Rs. 500 will be sanctioned by the Inspector-General of Education.

(*c*) Grants in excess of Rs. 500 or not provided by the rules will be sanctioned only by Government.

9. The Inspector-General of Education is requested to submit a detailed review of the working of the various schemes in April next, with proposals as to the lines on which each of the schemes should be continued so as to ensure their continuance as far as possible on a basis of self-support and local effort.

Establishments for Assistant Inspectors of Education.

No. G. 11534-5—Edn. 9-18-184, DATED 24TH MAY 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

READ—

Government Order No. 5594-5—Edn. 118-17-8, dated the 19th December 1918, passing orders on the proposals of the Inspector-General of Education in regard to the reorganisation of the Inspectorate.

2. Letter No. 1598, dated 27th March 1919, from the Inspector-General of Education, stating that it is not possible to give effect to the arrangements sanctioned in the Government Order read above, as the separate clerical and menial establishment recommended by him has not yet been sanctioned in respect of the newly sanctioned officers and soliciting sanction, as a further second instalment, for the revision of Inspectorate at a cost of Rs. 15,900 as detailed in the margin.

I. Establishment of 10 new Assistant Inspectors at Rs. 70 per mensem ...	Rs. 8,400
Three Clerks on	20, 15, 12
Two Peons on	8 and 7
Contingencies	8
Total ...	70 p. m.
II. Additional establishment for 25 Assistant Inspectors at Rs. 25 per mensem	Rs. 7,500
Additional clerk	20
Extra contingent amount	3
Raising pay of peon from Rs 6 to 8	2
Total ...	

Order No. 11534-5—Edn. 9-18-184, dated 24th May 1919.

Government consider it desirable to deal with the requirements of the Inspectorate as a whole and the proposals called for by Government in their Order No. 5594-5—Edn. 118-17-8, dated the 19th December 1918, regarding the revision of the Inspectorate are awaited.

2. In future, all proposals *re* revision of establishment should be submitted under the Budget Rules with a proposition statement in duplicate and should come into operation only in the year after they are sanctioned.

3. Government are not in favour of giving a separate office establishment to Assistant Inspectors who have been appointed Office Assistants to District Inspectors to relieve the latter of office work. They consider it is not correct in principle to place them in direct charge of schools in villages. If necessary, proposals may be submitted for appointing a separate Assistant Inspector for the charge of the Village Elementary Schools in the Bangalore and Mysore Taluks. The Office Assistants should under the general control of the District Inspectors be made responsible for office work so that the superior officers may be able to devote most of their time to supervision and improvement of the working of schools under them.

4. Government will be prepared to sanction an increase of the clerical staff of the existing 25 Assistant Inspectors by giving them a staff consisting of two clerks, one on Rs. 20 and another on Rs. 15 per mensem and also an attender on Rs. 12 per mensem, if the Inspector-General of Education can point out a definite source for meeting the extra cost during the current year and suggest re-adjustment of grant allotted in the next year's provisional budget. The contingent allotment of each Assistant Inspector's Office will be raised from Rs. 5 to 8, and the pay to the peon to Rs. 7 subject to the same condition.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

Read—

Government Order No. 9730-3—Edn. 42-17-98, dated the 28th March 1918 sanctioning the proposal of the Education Committee that the executive functions performed at present by that body in the matter of the award of the Backward Classes Scholarships be transferred to the Inspector-General of Education.

2. Letter No. 270, dated the 25th May 1918, from the Secretary, Education Committee, stating that they are of opinion that the entire administration of the scholarship amount should be placed under departmental agency with the assistance of Representative Boards to be appointed by Government on the recommendation of the Inspector-General of Education.

3. Letter No. Glc. 2232, dated the 30th August 1918, from the Inspector-General of Education stating that the distribution of the Backward Classes Scholarships among the Districts and Taluks on the basis of population is unsuitable and proposing that the attendance of the Backward Classes in schools in the respective areas may be adopted as the basis for the distribution of the scholarships.

4. Correspondence ending with letter No. A. C. 260, dated the 5th November 1918, from the Inspector-General of Education stating that the present procedure regarding the distribution of the scholarships of the third, fourth and fifth grades involves a good deal of delay as the District and Taluk Progress Committees are not able to make the awards promptly with the result that the object of sanctioning such scholarships is defeated and fairly large sums of money in the shape of accumulated scholarships are allowed to fall into the hands of pupils of tender age and recommending the appointment of *ad hoc* Committees in each Taluk and District for the purpose solely of awarding these scholarships, each Committee to consist of 5 members, two of whom including the Secretary being Educational Officers and the remaining 3 non-officials, and also of a Central Vigilance Board in Bangalore for investigating any complaints receivsd about payments of scholarships, etc.. (*in extenso.*)

5. Letter No. 208, dated the 16—19th April 1919, from the Secretary, Education Committee, forwarding an extract from the Proceedings of the Education Committee containing their resolution on the subject.

Order No. 11767-70—Edn. 47-17-135, dated 31st May 1919.

In rule 6 of the rules for the award of Backward Classes Scholarships approved by Government in their order No. 2200-50—Edn. 42-17-39, dated the 29th August 1917, it is provided that the scholarships in the third, fourth and the fifth grades shall be allotted to the various districts and taluks in the proportion of the total population of the Backward Classes in each area concerned, the number of scholarships so allotted to each area being again sub-divided among the various Backward Communities therein in proportion to their population. In their order No. 102-50—Edn. 42-17-120, dated the 3rd July 1918, Government have also approved of the principle that small communities may be clubbed together and scholarships allotted to the combined group on the basis of population. The Inspector-General of Education points out that it has not been possible to apply the former rule satisfactorily as the students of a particular community in a District bear no real relation to the strength of that community and the result everywhere therefore has been that there is great disproportion in the allotment of the scholarships among the various communities. The number of applications received is far in excess of the scholarships available in the more educationally advanced parts of the State especially in the Cities of Mysore and Bangalore to which a large number of students are attracted from other parts of the State. He therefore suggests that the scholarships should be awarded on the basis of the attendance of the pupils of each community in each District. The object of the scheme being however the encouragement mainly of the less educationally progressive communities and specially those inhabiting rural areas the application of the attendance test without reference to population is likely to operate to the disadvantage of those communities, the

scheme is introduced specially to benefit, *viz.*, those whose numbers though large are yet most backward in education. With a view to facilitate the prompt allotment of the scholarships, Government are pleased to approve tentatively as proposed by the Education Committee the adoption of a modified principle involving the application both of the population standard and the attendance basis. The following rules are sanctioned tentatively for a period of 2 years for awarding the scholarships.

(i) The total number of scholarships of the different grades shall be divided among the different communities in proportion to their total population in the State.

(ii) Small communities numbering less than 4,000 each shall be grouped so as to bring their total to about 4,000 and each such group shall be allotted one scholarship.

(iii) The scholarships allotted to each community as stated above shall be sub-divided among the several Districts and Taluks on the basis of the total attendance of the number of pupils of that community in the respective grades of education in the previous year in each unit area.

(iv) If any scholarships remain unutilised in any grade in any district, they shall be first made available to pupils of the same grade and of the same community in the other Districts in which the allotments fall short of the number required, the distribution being made proportionately to the needs of each district.

(v) If after such allotment of the scholarships of one grade any remain unawarded, they may be granted to pupils of the same community in other grades in the District to which they were originally allotted, each lower grade being taken after the requirements of the one immediatly higher are satisfied and the distribution being confined to that District only.

(vi) If any scholarships should still remain unutilised, the amount may be given for supply of books, slates and other school requisites to the poor pupils of the same community.

2. As regards the agency for awarding these scholarships, Government approve of the recommendation of the Inspector-General of Education to appoint *ad hoc* Committees in each Taluk and District for the purpose. The Committees will hold office for a period of two years and will consist of 5 members 2 of whom including the Secretary will be Educational officers and 3 non-officials. The non-official members of Taluk and District Scholarship Committees should be selected in consultation with the Deputy Commissioners. The appointment of members of the District Scholarship Committees will be subject to the approval of Government. The appointment of a Central Vigilance Board as proposed by the Inspector-General of Education does not commend itself to Government. Proposals to utilise the above Committees in awarding other scholarships as suggested by the Inspector-General of Education will be awaited.

3. The Inspector-General of Education is requested to examine all existing rules and orders on the subject and to work out all details to give effect to the arrangements above sanctioned and submit for the approval of Government a complete set of rules to issue for the guidance of the Committees concerned. The allotment of the scholarships should be notified in the Gazette. A report regarding the distribution of scholarships should be forwarded to Government every year before the end of August each year.

The Comptroller, Mysore Government.

Exd.—G. W. B.

No. 11767-70—Edn. 47-17-135, dated 31st May 1919

Copy of letter No. A. C. 260, dated 5th November 1918, from the Inspector-General of Education in Mysore, to the Secretary to the Government, Departments of Education and Agriculture, Bangalore.

With reference to your letter No. 357—Edn. 42-17-123, dated 11th July 1918, calling for a full report on the award of Backward Class Scholarships for the year 1918-19, and subsequent reminders thereon I have the honor to state that as regards the University Entrance Scholarships which are awarded by the Inspector-General of Education all the applications were received by 30th July 1918 and the award was completed by 10th August 1918.

Regarding the award of the Backward Class Scholarships of the third, fourth and fifth grades, the Presidents of the District Committees were addressed as early as 15th April 1918 and they were requested in this office letter No. 26087-94—1116-23, dated 15th April 1918, to intimate by the end of July 1918 all lapses and the number of undisbursable scholarships in each grade, with a view to utilise the savings in one district in giving extra scholarships in the other districts and thus avoid any lapse in the total provision made in the budget. As no reply was received from many districts, in spite of reminders, I had to adopt a different procedure in obtaining the information required. I therefore had a circular issued to all the Head Masters (High Schools, Anglo-Vernacular Schools, etc.,) on 15th August 1918 calling for replies to certain set of questions regarding award of these scholarships in each school. On a careful perusal of the replies received, it is learnt that in some districts the awards have not yet been made. This fact is borne out by the various complaints received by me, during my recent tours in the Kolar District both from pupils and their parents.

Both the public and the school masters seem to be at sea in regard to the procedure to be adopted, the dates by which applications should be sent and other methods by which they could properly take advantage of the opportunities offered under this scheme Some Head Masters had sent up only their recommendations and not the total file of applications. So far as I know punctuality does not seem to have been observed in any stage or by any authority. From oral discussions I had with some of the Revenue officials and public leaders in the different localities I visited, I was given to understand that the committees having other functions to perform were not in a position to deal with this matter with the promptness that is necessary and desirable, that further as many of the committees were to be renewed about the periods these awards should be made they could not be got into working order in time.

The Backward Class Scholarships are not the only scholarships that are awarded in the schools. There are the general scholarships the administration of which is entirely in the hands of the department. It is desirable that the award of all scholarships should be under the charge of one and the same authority as otherwise proper co-ordination is not possible. As matters stand at present it often happens that the departmental scholarships are awarded prior to the backward class scholarships with the result that a backward class pupil who fails to get the Backward Class Scholarships gets no scholarships or even freeship either though under the rules he is not precluded from benefiting by the general scheme. Very often the mere fact that a student has applied for a Backward Class Scholarship is treated as a disqualification for other privileges. It is very essential that all scholarships and freeships should be considered and determined upon simultaneously and this is not possible if there is a multiplicity of agents dealing with the different varieties of stipends and other concessions.

One great disadvantage of the enormous delay in awarding scholarships is that fairly large sums in the shape of accumulated scholarships are placed in the hands of needy pupils and their parents with the inevitable result that the amounts are misused and the purpose for which the scholarships are instituted defeated.

It is one of the first conditions of the successful administration of scholarships that they should be given as far as possible month by month and not handed over in a lump-sum at the end of a long period of delay.

Complaints are frequently heard which it is difficult to verify regarding misappropriation of the funds by intermediate authorities. This is partly due to the fact that the parents and guardians of pupils who are awarded scholarships are not communicated with and that the dealings are confined to the teacher and student which considering the ignorance, etc.. of the boys, is not unlikely to lead to abuses in a few quarters. It would be rash to say that such abuses are common or general. But if public confidence in the administration is to be maintained the very possibility of such abuses arising should be prevented in so far as the prevention could be secured by administrative measures. One method of abuse I am told is for the teacher to insist on a student getting the scholarships to become his private pupil and deduct a small amount for such private tution.

No. 11767-70—Edn. 47-17-135, dated 31st May 1919.

To remedy these I would suggest the following plan of work for the approval of Government:—

1. Instead of the existing double agency for the award of these scholarships by District Committees and Taluk Committees which cannot concentrate their attention on this work, the Education Department may be solely entrusted with the work of awarding scholarships of all grades except those tenable in the University Classes

2. For the purpose of awarding these scholarships the Education Department be authorised to appoint *ad hoc* committees in each taluk and district, each committee to consist of 5 members, 2 of whom including the Secretary will be Educational Officers and 3 non-officials.

3. A provisional distribution of funds for the scholarships of the various grades will be made talukwari and districtwari by the Inspector-General before the end of April on the lines indicated in my letter No. Gl. C. 2232, dated 30th August 1918, and the same intimated to the respective committees.

4. Each committee shall award the scholarships placed at its disposal among the applicants and intimate by post cards to the parents of scholarship-winners, in addition to circularising the award by the publication of names in important newspapers of the district or other agencies of publicity.

5. In Bangalore there will be a Central Vigilance Board which shall have the right to visit places for investigating any complaints received about the payments. The members of this Board will be entitled to travelling allowance at the usual rates but no other allowance or remuneration.

6. The award of the District and Taluk scholarships shall be made by these committees not later than 15th July and they will immediately send a report to this office.

7 In addition to the award list referred to in para 6 each committee shall suggest to the Inspector-General the names of a few more deserving candidates say six, for each grade of scholarship, arranged in the order of preference, who may be awarded the lapsed scholarships, if any, of other places, without further correspondence on the subject with the committees.

8. The services of the abovementioned committees will also be indented for in awarding scholarships other than those tenable under the Backward Class Scheme, viz., vernacular scholarships, for boys and girls, widow scholarships, etc., as the practice now in vogue of getting recommendations from Inspecting Officers entails much time.

Unless such an arrangement as sketched above be sanctioned by Government, it is impossible to award the scholarships in due time, disburse the amount month by month and avoid the consequent evils arising from irregular lumpsum payments.

Letter No. 849, dated 22nd March 1919, from the Registrar of Joint Stock Companies in Mysore recommending the grant of an auditor's certificate to Mr. Magadi Krishnamurthi, Superintendent, Comptroller's Office.

2. Letter No. R. 1188, dated 9th April 1919, from the Comptroller to the Government of His Highness the Maharaja of Mysore, stating that he has recommended the grant of an auditor's certificate in the above case.

3. Government Order No. G. 765-816—G. M. 392-14-2, dated 19th July 1915, issuing rules for the conduct of public servants.

Order No. 11066-11—I. & C. 158-18-51, dated 14th May 1919.

The grant of certificates to applicants who are in Government service, to enable them to audit the accounts of Joint Stock Companies in the State, shall be regulated by the following Rules:—

(1) The application shall be submitted through the Head of the Department in which the official is serving, who shall forward it to the Registrar of Joint Stock Companies in Mysore, only if he is satisfied that the auditing work for which he recommends the grant of a certificate can be attended to without prejudice to the applicant's official duties.

(2) After a certificate is granted, the holder thereof shall not undertake any auditing work, without first obtaining in each case the sanction of his Departmental Head who shall also fix his remuneration for the auditing work. Such permission shall not be given in any case in which the matter may come before him in any form in his official capacity or in which Government may be interested.

(3) Certificates once granted are liable to be withdrawn at any time at the discretion of Government.

Scheme for the sale of food grains in Co-operative Societies.

No. 11604-15—E. C. 105-18-4, DATED 27TH MAY 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter dated 29th March 1919, from the Registrar of Co-operative Societies in Mysore, submitting a scheme for the sale of food grains through Co-operative Societies.

Sale of rice through Co-operative Societies in Mysore.

As desired by the First Member of Council, I herewith submit the outlines of a scheme for the sale of food grains through Co-operative Societies.

About 30 societies are now doing this work, but rather fitfully on account of the difficulty and uncertainty of getting supplies. Several more have been deterred from taking up the work for the same reasons.

From a conversation I had with the Food Controller a few days ago, the position with regard to food grains appears to be as follows:—

(1) There is no stock of ragi available for supplying the districts. Something under 50 per cent of the quantity required is supplied to Bangalore. Those now living on ragi will have to take to Burma rice;
(2) A large quantity of Burma rice is available and may be had at the Government Depots at district headquarters;
(3) Those desiring to import Bengal rice may do so through the Food Controller;
(4) There is little or no stock of Mysore rice;
(5) The cost of Burma rice comes to about one rupee per 5½ seers, but in view of the fact that it is intended to substitute it for ragi, it will be sold to the public at 6 seers per rupee.
(6) The cost of Bengal rice comes to about Rs. 24-8-0 per palla or about 4 seers per rupee.

From the foregoing it is clear that there is no scope for the sale of ragi and Mysore rice through Co-operative Societies except in a few cases in the Cities of Mysore and Bangalore. There is scope, however, with regard to the sale of Bengal and Burma rice. The societies in the Cities of Bangalore and Mysore and in district and taluk headquarters which cater for the middle and the poor classes can undertake the sale of both, while those in villages are likely to confine themselves to Burma rice as their customers belong mostly to the poorer classes.

A few points, however, have to be decided before Co-operative Societies are asked to undertake this work on a large scale.

The first point relates to the payment of price.

I think all the societies situated at district headquarters and a good many of those situated at taluk headquarters will make payment at the time the rice is purchased from, or imported through, the Food Controller. But some of the societies in taluk headquarters and most of those in villages will be unable to do so as their funds do not permit of such payment. Such societies will have to be permitted to make their payment after the rice supplied to them is sold and before a second supply is made to them. Or a sum of money will have to be placed at the Registrar's disposal for being advanced to such societies.

Next comes the question of transport.

Mr. Matthan says that the most he can do is to deliver rice at district headquarters and that societies will have to make their own arrangements for its further transport. I am afraid that greater facilities cannot be provided just at present. If however, the scheme catches and societies undertake the work on a large scale, it would perhaps be desirable and possible to open Taluk Depots.

Another point is the rate at which the rice should be sold.

No. 11604-15—E. C. 105-18-4, dated 27th May 1919.

In the absence of a limitation of rates by the Government Co-operative Societies will be asked to fix such rates as will cover the cost incurred by them. No profits will be permitted. If at any time, the Government desire to fix rates, provision will have to be made against societies incurring any loss.

There are several other matters which will have to be settled in this connection but they may perhaps be left over for future consideration. For instance, provision has to be made for the prevention of the sale of large quantities of rice to a few people to the prejudice of a large number of people. For this purpose, an estimate of the requirements of each society will have to be made and about 10 to 15 days' supply made to it unless it is at a considerable distance from a district headquarter in which case a month's supply may perhaps be desirable. Supplies will be made only on the Registrar's recommendation. The societies themselves will be asked not to sell to any individual more than what is required for two or three days and in any case not to sell more than a week's requirement. Sales will be open to members and non-members alike. Sales to the latter will be cash sales and to the former also except in cases where the cost of the rice has been paid at the time of its purchase from the Food Controller.

If the scheme is approved, work will at once be started in consultation with the Food Controller.

So long as the number of societies undertaking this work is small, I shall be able to supervise them with the help of my present staff. But if the number at all increases, I shall have to have proper assistance. What this will have to be it is impossible to say now and will depend upon the extent to which the scheme is taken up by Co-operative Societies.

2. Correspondence ending with letter No. 8510, dated 9th May 1919, from the Food Controller in Mysore, furnishing his views on the scheme referred to above.

Your D. O. No. 10068 of the 10th April, forwarding for my opinion a note furnished by the Registrar of Co-operative Societies about the sale of food grains through Co-operative Societies.

2. It would be most desirable to employ Co-operative Societies as largely as possible for the distribution of food grains in the country, for here the chances of profiteering are reduced to a minimum and with proper supervision, the consumer ought to be able to get the grains at the lowest possible price. We are already availing ourselves of the services of such Co-operative Societies as have come forward to do this kind of business, not only in the Cities of Mysore and Bangalore, but in some of the other places also. With the Co-operation of the Registrar, I am sure we can arrange for more societies coming forward to take up this business.

Supplies.—Societies, like other individuals, are of course at liberty to buy grains from the persons who may have grains for sale and sell them to the members or to the public or large subject to any rules and regulations of Government. What we can do is to give them grains from stocks held by Government, and also make available to them stocks imported by merchants under control. Under the former class, I can supply Burma rice imported by Government and under the latter class, I can arrange for Burma rice, Bengal rice, Nellore rice and Madras Delta rice, imported by merchants under control, being supplied at controlled prices. It has now been arranged to open depots for the sale of Burma rice imported by Government not only in district headquarters, but in several of the taluk headquarter stations also, so that Co-operative Societies should have no difficulty on the score of having to go great distances to obtain supplies.

Payments.—The Registrar says that the societies at district headquarters and many of those at taluk headquarters also will be able to pay cash for the rice purchased. In the case of the others the adoption of the Registrar's suggestion that he may be given some funds to give advances appears to be the most convenient arrangement. The various Government depots will thus be relieved of the need for keeping credit accounts with Co-operative Societies.

Conditions of Sale.—As Burma rice is much cheaper than local rice there is great demand for it and the supplies are not sufficient to meet the entire demand. It is important that Burma rice sold through Co-operative Societies should be supplied only in limited quantities to the general public say only a rupee's worth to one individual at a time. Care should also be taken to see that the rice supplied is not divided among a few people. The requirements of each society undertaking this business for every month should be included in the indent for the taluk and district.

3. I would suggest that the Registrar of Co-operative Societies may be instructed to advice Co-operative Societies to take action on the lines indicated above. I take it that supplies are to be given only to societies which are approved by the Deputy Commissioner or Food Controller or Registrar. Frequent inspections by the officials of the Co-operative Societies' Department will be necessary to see that the object of Government is not frustrated.

No. 11604-15—E. C. 105-18-4, DATED 27TH MAY 1919.

Order No. 11604-15—E. C. 105-18-4, dated 27th May 1919.

Government consider that there are large possibilities involved in the application of the co-operative principle to the supply and distribution of food grains and other articles of daily consumption, especially among the poorer classes. They feel convinced that if a simple and suitable scheme can be devised for this purpose, it will go some way at least towards mitigating the difficulties to which the poor are put in procuring the articles of which they may be in need during the present stringent conditions of food supply.

2. The most satisfactory arrangement, in the opinion of the Government, would be the formation all over the Mysore State, of Co-operative Societies specially concerned with the task of supplying provisions and nothing else; but as this is a consummation that will take time to accomplish, and the need for action is urgent, the Registrar of Co-operative Societies was asked to formulate proposals for utilizing the agency of existing societies for the sale of rice, ragi and other food grains, with the help and encouragement of Government Officers. The Registrar has accordingly submitted the outline of a scheme for this purpose, which has been generally agreed to by the Food Controller, and which, modified as indicated below, appears to Government to be on the whole quite suitable as a tentative measure.

3. The main idea is that Co-operative Societies willing to sell food grains (to which other articles of ordinary consumption may be added) at rates to be determined by the Registrar in consultation with the Food Controller, will be supplied by the latter officer with the quantities required and available. Societies may also, of course, make direct purchases otherwise than through the Food Controller. But it is important that the retail rates of sale should adhere as closely as possible to the current market rate, not only in order that there may be a reasonable margin of profit to the societies concerned as well as to their members, but also to ensure that purchases by members are limited to quantities required for their own *bona fide* consumption, and to discourage resales by them to non-members at increased prices at a profit. Subject to this condition being strictly observed, the Government see no objection to sales being made to members and non-members without distinction though where the quantity available is limited, preference should as a rule be given to members. Under such an arrangement it is obvious that an important part of the inducement to members to patronize their own societies in regard to their purchases will consist in the more or less certain prospect of their being always able to obtain articles of good quality at reasonable prices as well as of participating in the profits likely to accrue to the societies from sales on a large scale.

4. Societies at district headquarters may as a rule be required to pay for food grains on delivery. Other societies, as well as such as may not be able to pay in advance but certified by the Registrar as deserving of the concession, may be allowed credit to a *reasonable extent*, not exceeding for the present Rs. 1,000 in the case of urban societies and Rs. 500 in the case of rural societies. To facilitate accounting and recoveries, the Registrar will be debited with the value of the supplies made to Co-operative Societies on credit, and will be responsible for the prompt adjustment of the amounts.

The above, however, is only a preliminary arrangement liable to future modification. The sale of food grains to all societies should in the opinion of Government be eventually on a basis of cash payments only and in order that societies not having sufficient funds of their own may not be deterred from undertaking the task of food supply, it is desirable that central financing institutions such as the Bangalore Central Co-operative Bank, the Mysore Provincial Co-operative Banks and the various District Co-operative Banks, should be induced to grant loans to affiliated societies specially for this purpose at a low rate of interest. Such an arrangement will place the financing of the scheme on a stable and satisfactory footing independent of direct Government aid. The Registrar is requested to confer with the authorities of the Central Financing institutions referred to and arrange for a system of simple and easily repayable loans being devised for this purpose.

5. Immediate steps should in the meantime be taken by the Registrar of Co-operative Societies to give effect to the scheme sanctioned above in consultation with the Food Controller, all points of detail, such as the carting and storing of articles, the additional establishment, if any, to be entertained by societies, and like matters, being dealt with finally by himself, in cases where they are not sufficiently important to be brought to the notice of the Government for their orders.

No. 11604-15—E. C. 105-18-4, DATED 27TH MAY 1919.

6. A preliminary report should be submitted at the end of September next, as to the working of the scheme and as to whether any alteration are necessary.

7. The Registrar may also take steps simultaneously to stimulate and encourage the formation of societies solely devoted to the sale of articles of daily consumption. In the case of societies of this kind, meant primarily in aid of the poorer classes, it would be well to fix the shares at amounts likely to be within their means and to make the same payable in easy instalments.

Training of Officers in Treasury Work.

No. Fl. 5963-74—G. F. 144-18-2, dated 10th May 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. Spl. 62, dated the 14th December 1918, from the Comptroller to Government proposing for reasons stated that Rule 2 of the Rules for the training of officers in Treasury work (Appendix Q to the Mysore Treasury Manual) be altered as appended and requesting approval of Government to the alteration.

Order No. Fl. 5963-74—G. F. 144-18-2, dated 10th May 1919.

Approved.

J. S. CHAKRAVARTI,
Financial Secy. to Govt.

To—The Comptroller to Government.
The Chief Secretary to Government.
The Revenue Secretary to Government.
The Revenue Commissioner in Mysore.
The Deputy Commissioners of Districts.

Exd.—C.R.

First period.—The training during this period will consist of learning the work of

(1) the headquarter Taluk Office,
(2) one of the mofusil Taluk Treasuries,
(3) the District Treasury.

Headquarter Taluk Office.—The officer under training will begin with the headquarter Taluk Office. The transactions of this office are confined to receiving the collections of Land Revenue and Excise. One or two days should be enough to thoroughly acquaint oneself with the manner in which the amounts are received and remitted at the close of each day to the District Treasury. He should also note the relation between the Departmental accounts maintained in the Taluk Office and the collections made.

Taluk Treasury.—He should then proceed to one of the Taluk Treasuries where he should pay special attention to the manner in which revenue and other receipts are received at the Treasury and accounted for. He need not devote much time in acquiring any knowledge of the procedure followed in making payments at the Treasury as in this respect the procedure in a Taluk Treasury does not differ essentially from that of a District Treasury. He should devote a full week to make himself thoroughly familiar with the procedure followed here and the important items of work which should receive his particular attention are.

(1) Writing up the several registers of departmental revenue.
(2) Writing the various subsidiary registers.
(3) Preparation of the daily cash account
(4) Preparation of the monthly cash account and the several returns.

As it is intended that the officer should himself do each item of work during the period of training, it is desirable that he should go to the Taluk Treasury just before the close of the month so that he may himself prepare a month's accounts that are due to the District Treasury.

No. Fl. 6134-83—G. F. 5-18-66, dated 19th May 1919.

Government Order No. Fl. 100-149—G. F. 5-18-1, dated the 9th July 1918, sanctioning rules for the grant of grain compensation as per scale given in Article 72, Civil Account Code, Volume I, ragi being considered as the staple food grain and the taluk the unit.

2. Government Order No. Fl. 2047-96—G. F. 5-18-29, dated the 23rd October 1918, sanctioning rules for the grant of compensation for dearness irrespective of the price of any particular grain or commodity in the two Cities of Bangalore and Mysore.

Order No. Fl. 6134-83—G. F. 5-18-66, dated 19th May 1919.

In accordance with the orders read above, the grant of grain compensation allowance is sanctioned for the month of May 1919, to the employees in the two Cities of Bangalore and Mysore and all taluks and sub-taluks in the State as indicated below:—

(i) To those drawing a pay exceeding Rs. 16 but not exceeding Rs. 30 per mensem, Rs. 3 per mensem.

(ii) To those drawing a pay not exceeding Rs. 16 per mensem Re. 1-8-0.

(iii) When the pay is less than Rs. 5 per mensem, the extra allowance will be increased so as to bring up the aggregate pay and allowance to Rs. 6-8-0 per mensem.

Temporary services of Engineer Officers and Upper and Lower Subordinates of P. W. Department.

No. Fl. 6246-7—S. & A. 196-16-6, dated 24th May 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Notification No. 4103-796, dated 7th August 1894, directing that the whole temporary service of Engineer Officers and Upper Subordinates favourably reported and transferred to the permanent establishment should count towards pension.

2. Government Order No. 688-99—3709-20, dated 19th July 1895, extending the concession to Lower Subordinates.

3. Correspondance ending with letter No. T. A. D. 496, dated 26th December 1917, from the Comptroller proposing the incorporation of these two rulings in the Mysore Service Regulation as in practice the temporary service of officers in the Public Works Department, who are subsequently confirmed is being counted towards pension as a matter of course and without special orders of Government being obtained in individual cases.

Order No. Fl. 6246-7—S. & A. 196-16-6, dated 24th May 1919.

In supersession of the above orders read above, Government are pleased to direct that as a rule, the temporary service of officers in the Public Works Department should not count for pension except as laid down in Articles 250 and 251 Mysore Service Regulations, but in exceptional cases, special recommendation in the matter may be made in each case at the time of confirmation. The cases of men now in permanent service but who have put in temporary service and in whose cases definite orders have not been passed on this matter will be considered by Government in the Public Works and Financial Departments and suitable orders passed in each case.

J. S. CHAKRAVARTI,
Financial Secretary to Government.

To—The Secretary to Government, Public Works Department with the request that the cases referred to in the concluding part of the order may be brought up and settled at an early date.
The Comptroller, Mysore Government.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

READ—

Correspondence ending with letter dated 24th March 1919, from Pradhana Siromani T. Ananda Rao, Esq., B.A., C.I.E. offering to transfer to the Government of Mysore, Promissory Notes of the Government of India of the face value of Rs. 6,700 and carrying interest at 3½ per cent in trust as an endowment for the benefit of the Srinivasa Mandiram and Charities in Bangalore City and called "The Sundara Bai Endowment Fund."

Order No. 3583-88—Muz. 475-18-4, dated 17th May 1919.

The Government are pleased to accept the trust to be created for the benefit of the Srinivasa Mandiram and Charities; and in so doing they desire to convey to Pradhana Siromani Mr. T. Ananda Rao their appreciation of the generous nature of the help offered by him to a useful institution. The Promissory Notes may be sent to the Comptroller endorsed as payable to the Dewan. The fund will be known as "The Sundara Bai Endowment Fund."

2. It is the donor's desire that the income should be distributed among the four sections of the institution, *viz.*, Srinivasa Devaru temple, Orphanage, Free Reading Room and Library and Ladies' Section in such proportions as may be determined by the Managing Committee and that payment should be made in two equal instalments preferably in June and December along with Government grants to the institution. The Committee will take steps accordingly once every half-year, for the distribution of the income of the Endowment Fund to the different sections of the institution. Their resolution to this effect ogether with a Bill for the accrued interest should be forwarded to the Comptroller in time.

Appeal against the Order of the Deputy Commissioner, Bangalore District, revising the order of the Amildar, Channapatna Taluk, declaring the right of Ramaiya, Singriah and others of Devarahosahalli to perform puja in the temple of Sri Anjaneyaswami at the place.

No. 3435—Muz. 688-17-4, dated 7th May 1919.

BEFORE THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

Appeal No. 24 of 1918-19.

Appellants	*vs.*	Respondents
Ramaiya, Singriah and certain others of Devarahosahalli, Channapatna Taluk.		(1) Venkatiah. (2) Tirumalamma.

Subject.

Appeal against Order dated 25th March 1918, of the Deputy Commissioner, Bangalore District, revising the order of the Amildar of Channapatna Taluk, declaring the right of the appellants to perform puja in the temple of Sri Anjaneyaswami at Devarahosahalli in the Channapatna Taluk for six months in the year.

Decision.

The case was heard on 11th April 1919. The appellants were represented by their Advocate Mr. V. Venkatachar, while the first respondent was represented by his Advocates Messrs. M. Ramachandra Rao and M. Krishnamurti.

It is clear from the Chief Commissioner's Order of 2nd November 1870, that the right to possession and enjoyment of the pujari office claimed by Alasingriah and by the other predecessors in interest of the present appellants was then definitely negatived; and there is nothing in the terms of that order to limit their exclusion from office to the life-time of Thirumaliah. As matter of fact, the baraward was at Thirumaliah's request transferred to the name of Venkatiah in 1876. Alasingriah died in 1889, and Thirumaliah in 1893, and the suit which has led to the present appeal was instituted just within the expiry of twelve years from the last mentioned event.

The learned Advocate for the appellants contends that the predecessors in interest of his clients had a present right of their own to possession of the office apart from that of Alasingriah. If this be so, then clearly Thirumaliah's possession must have been adverse to their right, even though that possession had its origin under an order of Government, and this result cannot in any way be affected by the circumstance even assuming it to be a fact that the possession was meant to be temporary, so long as the persons concerned did not intervene when Thirumaliah's possession passed to a stranger Venkatiah or within twelve years therefor. If, on the other hand, it is their case that the appeallant's right only accrued after the life-time of Alasingriah, even then the suit must be deemed to have been barred by limitation, brought as it is more than twelve years from the date of his death.

The suit in any case must fail and has been rightly dismissed by the Deputy Commissioner.

The appeal is dismissed.

Memo No. 3435—Muz. 688-17-4, dated 7th May 1919.

Copy of the above is forwarded to the Deputy Commissioner, Bangalore District, with the records received with his letter No. 72—40, dated 26th August 1918.

Government Annachattram at Chunchinkatte, Yedatore Taluk.

No. 3594-6—Muz. 657-18-2, dated 19th May 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Note No. C. 1283, dated 24th April 1919, from the Muzrai Superintendent in Mysore, submitting for sanction proposals for the revision of the scale of expenditure in the Government Annachattram at Chunchinkatte, Yedatore Taluk, together with his Memorandum thereon, and stating that the proposals which were drawn up by him after personal inspection and enquiry have been agreed to by the Deputy Commissioner.

MEMORANDUM.

Proposals for fixing a revised scale of expenditure in the Government Annachattram at Chunchinkatte.

The chattram is endowed with a cash grant of Rs. 867-12-0 per annum and is located in a portion of the musafirkhana. As accommodation is somewhat limited in the musafirkhana, a separate building for locating the chattram will have to be provided at an early date. As the present musafirkhana is conveniently situated with reference to the temple buildings it would be a helpful arrangement if the building is made over to the chattram and another building is constructed for musafirkhana purposes. The chattram or the temple for which the chattram is mainly intended will have to pay the District Board the value of the building.

The following establishment is maintained:—

		Rs.	a.	p.	
1. Parpathegar	.. ..	7	0	0	
2. Cook	.. ..	6	0	0	
3. Paricharak	.. ..	6	0	0	
4. Devara Puje	.. ..	1	4	0	
5. Jadmali	.. ..	2	0	0	
	Total ..	22	14	0	a month.
Sadilwar	.. ..	0	8	0	

Servants (1) to (3) and (5) get ½ seer of rice with condiments per diem in lieu of being fed in the chattram. The Devara Puje man gets one seer of rice with condiments a day.

The cost on account of these Nehimi charges comes to Rs. 20 a month, leaving a balance of Rs. 30 for santarpane, etc. The chattram is held for 25 days in a month on the average.

When all the other servants get an allowance of ½ seer of rice with condiments per day it is not understood why the Devara Puje man should get one seer. At the time of inspection of the chattram by the undersigned the barawardar was not present and it was learnt that he was a permanent resident of Hansoge. The place is obviously a superfluous one and may conveniently be abolished.

There is no *hakdar* for the Paricharke appointment also and the duties thereof were said to be attended to by a temporary incumbent. A permanent Paricharak on the staff is unnecessary. During Jatra and at other times when the influx of pilgrims is great, the services of a man may be temporarily employed.

The expenditure may be revised as follows:—

		Rs.	a.	p.	
1. Parpathegar	.. ..	7	0	0	with ½ seer of rice with condiments per day.
2. Cook	.. ..	8	0	0	Do
3. Jhadmali	.. ..	3	0	0	Do
4. Approximate cost of allowance in kind paid to servants	.. ...	11	0	0	
	Total ..	29	0	0	
Daily Santarpane	.. ..	35	0	0	
	Total ..	64	0	0	a month
	or	768	0	0	a year.

No. 3594-6—Muz. 657-18-2, dated 19th May 1919.

	Rs.	a.	p.
Additional allotment for the employment of temporary staff on Hetchukatle occasions	.. 20	0	0
Contingencies and other miscellaneous charges ...	.. 10	0	0
Contribution to Muzrai Establishment Fund at 31-8-0 per cent	... 27	0	0
Reserve	.. 42	12	0
Total	.. 867	12	0 per annum.

Separate provision has been made in the revised scale of expenditure of the Sri Ramadevaru temple for the feeding of Taluk officials and other servants detailed for duty during Rathotsava, etc., and the practice of feeding them in the chattram should be discontinued.

The chattram had a sum of Rs. 652-4-9 at its credit on 30th June 1918.

Order No. 3594-6—Muz. 657-18-2, dated 19th May 1919.

Government consider the proposals of the Muzrai Superintendent suitable and are pleased to accord sanction to the same.

2. The question of levying a contribution on the income of the institution towards the Muzrai Establishment Fund will be considered latter on and separate orders issued in the matter in due course.

G. ARAVAMUDU IYENGAR,
Secretary to Government, Muzrai Department.

Sri Agastheswaraswami temple at Tirumakudlu.

No. 3681-3—Muz. 651-18-2, dated 27th May 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Proceedings No. 1147-49—Muz. F. 619-14-6, dated 11th November 1915, sanctioning a scale of expenditure in the Sri Agastheswaraswami temple at Tirumakudlu, T.-Narsipur Taluk.

(2) Note No. C. R. 25, dated 23rd April 1919, from the Muzari Superintendent in Mysore, submitting for sanction certain alterations in the sanctioned scale of expenditure in the above temple, and stating that the alterations are concurred in by the Deputy Commissioner of Mysore.

MEMORANDUM.

Proposals for fixing a revised scale of expenditure in the Sri Agastheswaraswami temple at Tirumakudlu in the T.-Narsipur Taluk.

A scale of expenditure costing Rs. 3,028-9-2 a year was fixed in Government Proceedings No. 1147-49—M. F. 619-14, dated 11th November 1915. No elaborate scheme of revision is now called for as the proposals sanctioned in the order referred to above were made after much scrutiny and careful consideration. One or two items of additional expenditure are now found necessary and to provide for such items these proposals are now made.

Under miscellaneous annual charges a sum of Rs. 30 has been allowed as remuneration to the Agamik. The Agamik now prays that at least Rs. 50 a year may be given to cover the heavy cart-hire, etc., he had to pay in going over to Tirumakudlu about 10 or 12 times a year. This prayer is supported by the Deputy Commissioner and local officers. The allowance may therefore be raised to Rs. 50.

A Nehimi allowance of Rs. 8-15-0, from the chattram funds was being given towards the expenses of daily *Neivedya* in the Sri Aswathanarayanaswami Sannidhi. In the revision proposals of the chattram this item of expenditure has been disallowed. As the Cash Grant of Sri Aswathanarayanaswami, *viz.*, Rs. 231-2-0, has been included in the aggregate income of Sri Agastheswaraswami and other temples and as no provision has been made in the existing scale for daily *Neivedya*, provision as follows may be made:—

	Rs.	a.	p.	
Half seer of rice per day with an allowance of Rs. 2 to the man performing puja may be allowed. This will come to 15 seers of rice at 6 seers a rupee	2	8	0	
Ghee, etc.	0	8	0	
Allowance to Archak	2	0	0	
Total ..	5	0	0	per mensem or
	60	0	0	a year.

Besides half a seer of rice with *lavajama* per diem was being given from the local chattram to the sweeper of Aswathakatte, which has also been now disallowed. One of the servants of the temple will have to attend to this work and an allowance of Re. 1 may be given.

These result in an increase of Rs. 92 over the present expenditure.

A percentage contribution of 31/8 per cent can be levied on the aggregate income of the temple. These institutions had a surplus of Rs. 6,357-6-1 (uninvested) and Rs. 1,786-15-0 (invested) at their credit on 30th June 1918.

Order No. 3681-3—Muz. 651-18-2, dated 27th May 1919.

Government consider the alterations suggested by the Muzrai Superintendent suitable and are pleased to accord sanction to the same.

2. The question of levying a contribution on the income of the institution towards the Muzrai Establishment Fund will be considered later on and separate orders issued in the matter in due course.

Sri Hutcharayaswami temple at Shikarpur.

No. 3714-16—Muz. 652-18-2, dated 28th May 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

Read—

Government Proceedings No. 1189-91—Muz. 178-13-4, dated 15th November 1916, sanctioning a scale of expenditure in the Sri Hutcharayaswami temple at Shikarpur.

2. Note No. C. R. 24, dated 23rd April 1919, from the Muzrai Superintendent in Mysore, submitting for sanction certain alterations in the scale of expenditure in the above temple, together with his Memorandum thereon, and stating that the suggestions have been concurred in by the Deputy Commissioner of Shimoga, who was consulted in the matter.

MEMORANDUM.

The temple of Sri Hutcharayaswami at Shikarpur is a major institution in the enjoyment of the whole inam village of Nelvagilu and certain other minor inams in the Shimoga District.

A scale of expenditure costing Rs. 1,653-15-9 was fixed in Government Proceedings No. 1189-91—M. F. 178-13-4, dated 15th November 1916, against an estimated income of Rs. 2,071-11-11.

The temple income has not improved since then and there is very little scope for a further revision. Certain small changes which were found absolutely needed when I inspected the temple have been embodied in the statement hereto appended.

ESTABLISHMENT.

There is no material change in the provisions under this head except that small increases to the emoluments of (1) Mutsaddi who is said to be doing good work, (2) cook and (3) sweeper are provided.

The sum of Rs. 3 that was being paid to the sweeper of the Belgavi temple has been set free as the temple can ill-afford to pay it. Separate proposals for meeting the charge have been made from the grant for the maintenance of the local rest-house.

NITYAKATLE.

The provision of Rs. 11 a month has been raised to Rs. 12-4-0.

HETCHUKATLE.

It was represented that the allotment for Rathotsava was insufficient since the contribution that was being paid from the local chattram for feeding had been stopped on its abolition. A sum of Rs. 52-8-0 is now made available from the charges reserved for *Nehimi* in the accounts of the local chattram and the allotment for Rathotsava will accordingly be increased by Rs. 50 including this sum.

The total expenditure as per proposed scale is Rs. 1,682-12-0, leaving a balance of Rs. 460 a year.

A percentage contribution of 6¼% may be levied on the total income for purposes of the Muzrai Establishment Fund and this will leave a recurring surplus of Rs. 326 a year for temple purposes. The temple had a sum of Rs. 2,269-4-7 at its credit on 30th June 1918.

Order No. 3714-16—Muz. 652-18-2, dated 28th May 1919.

Government consider the proposed alterations suitable and are pleased to accord sanction to the same.

2. The question of levying a contribution on the income of the institution towards the Muzrai Establishment Fund will be considered later on and separate orders issued in the matter in due course.

Government Annachattram at Tirumakudlu.

No. 3764-6—Muz. 673-18-2, dated 30th May 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Note No. C. R. 25, dated 23rd April 1919, from the Muzrai Superintendent in Mysore, submitting, for sanction, proposals for the revision of the scale of expenditure in the Government Annachattram at Tirumakudlu in the T.-Narsipur Taluk, together with his Memorandum thereon, and stating that the proposals which were drawn up by him after personal inspection and enquiry have been agreed to by the Deputy Commissioner of Mysore, who was consulted in the matter.

Memorandum.

Proposals for fixing a revised scale of expenditure in the chattram at Tirumakudlu in the T.-Narsipur Taluk.

The chattram gets a cash grant of Rs 1,555-8-0 per annum or Rs. 129-10-0 per mensem. The chattram is situated close to the Aswatha Katte and the accommodation is very limited. The following expenditure is being incurred now :—

I—Establishment.

		Rs.	a.	p.
(*a*)	Shanbhog	2	6	0
	Cook	4	5	0
	Paricharak	3	10	0
	Devara Puje	1	3	0
	Golla	1	3	0
	Kamati	0	11	0
	Total	13	6	0
(*b*)	Taluk Muzrai Clerk	6	0	0
	Contingent charges	2	0	0
	Total	8	0	0

II—Nchmis.

(*a*)	Cash payments—			
(i)	Sri Aswathanarayanswami for Neivedya	8	15	10
(ii)	Sri Subramanyaswami for Neivedya	2	3	10
(iii)	Rama of Kadakola	1	2	8
(iv)	Basaveswara, Nanjangud	5	0	0
(v)	Kavery Bai	2	5	4
(vi)	Kaveri Bai	2	2	11
(vii)	Subbamma	2	0	0
	Total per month	23	14	7

(*b*) In kind—

(i) Brindavana Puje .. 2 seers of rice with Lavajama per diem.
(ii) Sridharachar .. ½ seer of rice per diem.
(iii) Gita Narasimha Bhatta .. 1 seer of rice per diem.
(iv) Six servants of the chattram at ½ seer of rice with Lavajama per head per day. .. 3 do do
(v) Sweeper of Aswathakatte .. ½ do do

Total .. 7 seers of rice with condiments.

III—Hetchukatte.

Amount set apart for feeding—
(1) During Girijakalyana and
(2) Three Aradhanes. .. Rs. 7 7 0 a month

No. 3764-6—Muz. 673-18-2, dated 30th May 1919.

If the Nehimi payments in kind are converted into cash, they approximately amount to Rs. 45.

Thus deducting the above items of expenditure from the monthly grant there remains a sum of Rs. 32 for daily Santarpane.

The question of fixing a revised scale of expenditure in this chattram has been the subject of protracted correspondence since 1908, and various proposals for its improvements have been made. In a place of such sanctity as that of Tirumakudlu it is very essential that feeding should be conducted throughout the month to all the travellers who are mostly pilgrims coming to the place for a bath in the river.

The latest proposals were sent up by the Deputy Commissioner with his letter No. Ref. A. C. No. 65—15-16, dated 21st September 1917. The matter was fully enquired into by the undersigned when he visited the place last February and the proposals made below are the result of a close study of the requirements of the chattram and of discussion with the local officers. Dharmadarsis and other respectable persons.

I—Establishment.

(*a*) A full-time Parpathegar solely for the chattram is unnecessary in view of it close proximity to the Sri Agastheswaraswami temple, the Parpathegar of which institution may well look after the chattram affairs, an allowance being given to him for the additional trouble.

The establishment necessary will be

	Rs.	a.	p.
1. Parpathegar	4	0	0
2. Cook	9	0	0
3. Paricharak	7	0	0
4. Devara Puje	3	0	0
5. Kaval and Jadmali	4	0	0

(Servants (2) to (5) to be fed.)

The Devara Puja man in the Chattram will in addition to his other duties also conduct the Puje of Aswathakatte Subrahmanyaswami temple for which ¼ seer of rice for Neivedya is separately provided for.

Total under "Establishment" .. 27 0 0 per month.

(*b*) This will be dropped as a percentage contribution will be levied on the chattram income in lieu of the charges that are now being incurred

II—Nehimis.

(*a*) Cash payments.

(i) *Sri Aswathanarayanaswami.*—This institution has an annual cash grant of Rs. 231-2-0, and is now a part of the Sri Agastheswaraswami temple. Suitable provision for the Puja has been made from the funds of that temple separately. The grant from the chattram may therefore be discontinued.

(ii) *Sri Subrahmanyaswami.*—As the chattram Devara Puje man will worship the deity, in future no separate provision is necessary. Quarter seer of rice a day for daily Neivedya will be given from the chattram Santarpane allotment.

(iii) *Rama of Kadakola.*—The provision has to be repeated as the Nehimidar is reported to be still living, Rs. 1-2-0.

(iv) *Basaveswara, Nanjangud.*—In connection with the revision of expenditure in the Ganaradhane chattram at Nanjangud a provision of Rs. 5 has been made in respect of this temple. The provision here may therefore be dropped.

(v) *Kaveri Bai and* (vi) *Kaveri Bai.*—These Nehimidars are reported to have since died and no provision is therefore necessary.

(vii) *Subbamma.*—She is the widow of the late *Vele Gandhakshate* barawardar of the chattram, on whose death the place was abolished. She prayed for the revival of the place but the Government declined and an allowance of Rs. 2 per mensem for a period of three years was sanctioned in Order No. 2970—M. F. 195-09-4. dated 14th June 1910.

(*b*) In kind.

(i) *Brindavana Puje.*—A cash grant of Rs. 94-8-0 is endowed to the Brindavanams. Besides, any extra expenditure over and above the tasdik is a legitimate charge upon the funds of the Sri Vyasarayaswami Matt. Special provision is made in the revised scale of the Matt expenditure for the Aradhane of the past Swamis. The Archaks who were asked to produce any Sannads, etc., they may have in their possession to substantiate their claim have failed to produce any evidence and the statement that the original papers in their possession were washed away by the floods 3 or 4 years ago cannot be acted upon. In these circumstances the payment of allowances for daily Puja and Aradhane should be discontinued.

No. 3764-6—Muz. 673-18-2, dated 30th May 1919.

(ii) *Sridharachar.*—This Nehimidar is reported to be still living. Instead of payment in kind a cash allowance of Rs. 3 a month will be paid.

(iii) *Gita Narasimha Bhatta.*—The period for which the allowance was granted having expired, the same is available for the general expenditure of the chattram.

(iv) A substantial increase in the pay all round has been allowed which would compensate for the loss.

(v) *Sweeper of Aswathakatte.*—This is a legitimate charge on the temple funds, a cash tasdik of Rs. 231-2-0, being specially provided for the Aswathakatte.

III. Hetchukatle.

In the revised scale of expenditure of the Sri Agastheswaraswami temple, a sum of Rs. 200 has been provided for Girijakalyana. This is inclusive of a contribution of Rs. 30 a year from the chattram. The provision has therefore to be retained.

These proposals result in a total expenditure of Rs. 33-10-0 a month, leaving a balance of Rs. 96-0-0 for daily Santarpane and other requirements of the chattram.

Out of this, a sum of Rs. 70 may be set apart for daily Santarpane which it is expected will be sufficient to keep the chattram going throughout the month.

A sum of Rs. 16 a year may also be allowed for contingent and other miscellaneous expenses such as petty repairs to vessels, whitewashing, etc.

The same set of Dharmadarsis of the Sri Agastheswaraswami and other temples may also supervise the working of the chattram.

A percentage contribution of 6¼ per cent may be levied for purposes of the Muzrai Establishment Fund which will exactly come up to the expenditure now being incurred on account of the pay of the Taluk Gumasta and contingent charges allowed to him. This will still leave a balance of Rs. 200 a year for repairs and other requirements of the chattram.

The construction of a pukka building for the convenience of the numerous pilgrims resorting to the place is a work of first importance. A site will have to be selected and plans and estimates prepared. There are no available sites near the junction locality and it has to be somewhere to the east of the temple and as near to it as is possible.

The chattram had a sum of Rs. 2,624-15-3 (uninvested) and Rs. 91 (invested) at its credit on 30th June 1918.

Order No. 3764-6—Muz. 673-18-2, dated 30th May 1919.

Government consider the proposals of the Muzrai Superintendent suitable and are pleased to accord sanction to the same.

2. The question of levying a contribution on the income of the institution towards the Muzrai Establishment Fund will be considered later on and separate orders issued in the matter in due course.

Chattram near the French Rocks Railway Station and Sri Anjaneyaswami temple at Chitaldrug built by the late Rai Bahadur Mr. P Krishna Rao.

No. 3668-72—Muz. 684-18-2, dated 26th May 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE

GENERAL AND REVENUE DEPARTMENTS

READ—

Note No. C. R. 32, dated 9th May 1919, from the Muzrai Superintendent in Mysore, recommending that the chattram near French Rocks Railway Station and the temple of Sri Anjaneyaswami at Chitaldrug town built by the late Rai Bahadur Mr. P. Krishna Rao may be taken over by Government, etc.

NOTE.

Subject.—The assumption of management of the chattram near the French Rocks Railway Station and the temple of Sri Anjaneyaswami at Chitaldrug town built by the late Rai Bahadur Mr. P. Krishna Rao.

I submit herewith correspondence ending with letter dated the 4th April 1919, from P. Raghavendra Rao, Esq., Second Member of Council, requesting that the chattram near the French Rocks Railway Station and the temple of Sri Anjaneyaswami at Chitaldrug town built by his father the late Rai Bahadur Mr. P. Krishna Rao be taken under Government management together with an endowment of Rs 5,000 invested in the 1920 War Bonds, towards the up-keep of the institutions.

2. The transfer of the chattram at Chinkurli in the Krishnarajpete Taluk to French Rocks and the construction of a suitable building was sanctioned in Government Proceedings No. 2276-78—M. F. 41-18-2, dated 11th February 1919, and the Deputy Commissioner was requested to select a suitable site for the purpose. Mr. Raghavendra Rao's offer comes at a very opportune moment and he is willing also to contribute towards the cost of placing the building in thorough repairs.

3. I deputed Mr. Kasipathi Sastri, Assistant Engineer to inspect the building in detail and prepare plans and estimates for its thorough repairs. He has accordingly submitted a detailed estimate for Rs. 4,706. The report attached to the estimate explains the nature and the extent of repairs to be undertaken. Towards the estimated cost Mr. Raghavendra Rao is willing to contribute Rs. 1,700 in monthly instalments of Rs. 250 beginning from July next. The balance of the cost, viz., Rs. 3,006 may be met from the funds which will be at the credit of the chinkurli chattram as per particulars below:—

		Rs	a.	p.
1. Balance on 30th June 1918	...	1,767	7	6
2 Cash grant of 1918-19 minus Nehimi charges	...	720	0	0
3. Sale proceeds of the old chattram building	...	600	0	0
Total	...	3,087	7	6

4. I beg therefore to recommend that the offer of Mr. P. Raghavendra Rao may be accepted and the estimate for Rs. 4,706 sanctioned, the charge being met as above.

5. I beg also to recommend that the management of the affairs of the Anjaneya temple at Chitaldrug and the endowment of Rs. 5,000 offered by Mr. Raghavendra Rao for its up-keep and for an yearly feeding at the French Rocks chattram on the Vairamudi occasion may be accepted. A scale of expenditure out of the interest accruing on the endowment will be drawn up in consultation with the donor on receipt of Government orders accepting the endowment.

6. A tablet both at the chattram and the temple may be put up as desired by Mr. Raghavendra Rao.

Order No. 3668-72—Muz. 684-18-2, dated 26th May 1919.

Under the circumstances Government are pleased to direct that the chattram near the French Rocks Railway Station be taken over and repaired with a view to transferring the Chinkurli chattram to the said place.

No. 3668-72—Muz. 684-18-2, dated 26th May 1919.

2. The estimate of Rs. 4,706 submitted by the Muzrai Superintendent for the repairs of the chattram is sanctioned, the cost being met as follows:—

	Rs.	a.	p.	
(1) Balance at the credit of the Chinkurli chattram on 30th June 1918	1,767	7	6	
(2) Cash grant of the chattram for 1918-19 minus Nehimi charges	720	0	0	
(3) Sale proceeds of the chattram building ...	600	0	0	
(4) Contribution from Mr. P. Raghavendra Rao ...	1,700	0	0	to be paid at Rs. 250 per month.
Total ...	4,787	7	6	

3. The Government are further pleased to accept the management of Sri Anjaneyaswami temple built by the late Mr. P. Krishna Rao in the town of Chitaldrug and the endowment of Rs. 5,000 invested in the 1920 War Bonds made by Mr. P. Raghavendra Rao for the up-keep of the temple and also to supplement the feeding of the pilgrims in the French Rocks chattram during the Vairamudi festival.

4. The Muzrai Superintendent is requested to submit definite proposals about the utilization of the income from the endowment between the Chitaldrug temple and the chattram at French Rocks.

5. Suitable tablets in English and Kannada may be put up both at the chattram and temple as desired by the Donor.

Government Annachattram at Yedatore.

No. 3692-4—Muz. 656-18-2, dated 27th May 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

Read—

Government Proceedings No. 68-9—M. F. 118-92, dated 9th July 1907, sanctioning a scale of establishment for the Government Annachattram at Yedatore.

2. Note No. R. C. 1283, dated 24th April 1919, from the Muzrai Superintendent is Mysore, submitting for sanction proposals for fixing a revised scale of expenditure in the above chattram together with his memorandum thereon, and stating that the proposaln which were drawn up by him after personal inspection and enquiry have been concurred in by the Deputy Commissioner.

MEMORANDUM.

Proposals for fixing a revised scale of expenditure in the Government Annachattram at Yedatore.

The chattram is endowed with a cash grant of Rs. 1,555-8-0 per annum. The building has been recently repaired and the accommodation is spacious and sufficient.

The following establishment was sanctioned in Government Proceedings No. 68-9—M. F. 118-92, dated 9th July 1907: —

	Rs.
(1) Parpathegar	10
(2) Cook	7
(3) Paricharak	6
(4) Devatarchane and Gandhakshate	6
(5) Jadmali	3
Total ..	32 a month.

These servants were also allowed one meal a day in the order, but they seem to be drawing unauthorizedly a Lavajama of ½ seer in lieu of night meals, an expenditure which requires explanation.

The pay of the Parpathegar was fixed at Rs. 10 and the supervision and maintenance of accounts pertaining to the marginally noted institutions were tacked on to him.

1. Utsavarn temple of Sri Ramadevarn.
2. Chandagal Krishnaswami situated in the above temple.
3. Chandramouleswaraswami temple.

The following Nehimi charges are being incurred:—

1. Sri Arkeswaraswami	.. 1 seer of rice and 1 tola of ghee per day.
2. Seshachar	.. 1 seer of rice with Lavajama per day.
3. Srinivasa Doss	.. Do do
4. Gundamma	.. Do do
5. Fakir Gouse Sab	.. Do do
6. Gangamma	.. ½ seer of rice with condiments.
7. Butchalamma	.. Do do

The accounts of the chattram were examined. Feeding in the chattram is conducted for twenty days in the month on an average which is an unsatisfactory feature considering that Yedatore is a place of some sanctity. An attempt will have therefore to be made to cut down expenditure on establishment and Nehimi and make satisfactory provision for feeding throughout the month. The following revised scale of expenditure may therefore be fixed:—

	Rs.
1. Parpathegar	8
2. Cook	8
3. Paricharak	7
4. Jhadmali	4
Total ..	27 a month.

No. 3692-4—Muz. 656-18-2, dated 27th May 1919.

The post of Devatarchane and Gandakshate which is said to be vacant may be abolished. The chattram servants will be allowed one meal on the days the feeding is conducted, but no rations shall be allowed in lieu of night meal.

Now that a separate Parpathegar has been provided for in the revision proposals of the Chunchinkatte Ramadevaru for the Utsavaru temple at Yedatore it will no longer be necessary for the chattram Parpathegar to supervise the affairs of that temple. The temples of Sri Arkeswaraswami and Sri Chandramouleswaraswami have been combined and treated as a single major institution. Situated as these temples are very near the chattram, the chattram Parpathegar will look after these temples also for which a small allowance of Rs. 2 will be allowed. The present Parpathegar who holds also a menial appointment in the Taluk Office is wholly incompetent for the place and a more suitable man who will command respect will have to be appointed.

The Nehimi charges are heavy and bear with special inconvenience as its incidence upon the chattram income is fluctuating. They may be commuted into cash payments and the following amounts may be fixed:—

	Rs.
1. Sri Arkeswaraswami	5
2. Seshachar	6
3. Srinivasa Doss	6
4. Gundamma	6
5. Fakir Goush Sab	6
6. Gangamma	3/
7. Butchalamma	3
Total ..	35 a month.

The above proposals would leave a sum of Rs. 67-10-0 a month for feeding purposes as against Rs. 42 a month now available and it is hoped that with an allotment of Rs. 60 the feeding will be continued throughout the month.

The sum of Rs. 6 a month which is now being paid towards the pay of the Taluk gumasta will be discontinued in lieu of which a percentage contribution of 3+1—8 per cent will be levied on the chattram income. Deducting the above items of expenditure there will be a recurring surplus of Rs. 43 a year.

The same body of Dharmadarsis who are appointed to supervise the affairs of the Sri Arkeswaraswami temple may also control the chattram affairs.

The chattram had a sum of Rs. 4,121-4-11 at its credit on 30th June 1918.

Order No. 3692-4—Muz. 656-18-2, dated 27th May 1919.

Government consider the proposals of the Muzrai Superintendent suitable and are pleased to accord sanction to the same.

2. The question of levying a contribution on the income of the institution towards the Muzrai Establishment Fund will be considered later on and separate orders issued in the matter in due course.

Sri Guddada Matada Veerabhadradevaru.

No. 3628-30—Muz. 655-18-2, dated 22nd May 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Note No. R. C. 1283, dated 24th April 1919, from the Muzrai Superintendent in Mysore, submitting for sanction, proposals for the revision of the scale of expenditure in the Sri Guddada Mathada Veerabhadradevaru temple at Amachavadi, Chamrajnagar Taluk, together with his Memorandum thereon, and stating that the proposals were drawn up by him after personal inspection and enquiry and that the Deputy Commissioner, Mysore District, who was consulted in the matter, is agreeable to the proposals.

Memorandum.

Proposals for fixing a scale of expenditure in the temple of Guddada Mathada Veerabhadraswami in the Chamrajnagar Taluk.

The temple is situated on a hillock at a distance of about half a mile from the village of Amachavadi in the Chamrajnagar Taluk It is endowed with a cash grant of Rs. 1,036-13-0 per annum. It has an invested surplus of Rs. 3,145-5-2 in Government of India 3½ per cent securities which yields Rs. 110 by way of interest.

The scale of expenditure now in force does not appear to have had authoritative sanction. It is, however, fairly satisfactory and is taken as the basis of the proposals now made, slight readjustment being made wherever necessary.

Establishment.—The charges under this head now amount to Rs. 40 a month against Rs. 37-5-0 distributed over 32 posts. The number of appointments is proposed to be reduced to 22 and slight increases are granted to the incumbents of the posts retained. The rice allowance that was being given to Brahman servants will be abolished and their pay suitably raised. The charges under establishment will hereafter stand at Rs. 40 a month.

Nityakatle.—Expenditure is proposed to be limited to Rs. 30 a month. The distribution of cooked rice offered as Neivedya is also proposed to be regulated.

Hetchukatle.—The total expenditure under this item has been reduced by Rs. 67-4-2 chiefly under Haluharive Utsava and Rathotsava. A provision to meet all the reasonable demands on account of Agama, Utsava and other incidental expenses has been provided for. The cost that was being incurred on account of Ganaradhane and issue of lavajama to Brahmans assembling on these occasions has been disallowed as it forms no part of the religious function. This should be left to the enterprise of private parties.

These proposals result in a total expenditure of Rs. 959-8-0 a year, leaving a balance of Rs. 77-5-0 as reserve. No portion of the interest earnings should ordinarily be used for the ordinary expenses of the temple as the temple and its connected buildings may require extensive repairs in the near future.

A percentage contribution of 3¾ per cent may be levied on the income of the temple for the Muzrai Establishment Fund.

The temple had a sum of Rs. 1,696-10-0 uninvested and Rs. 3,145-5-2 invested at its credit on 30th June 1918.

Order No. 3628-30—Muz. 655-18-2, dated 22nd May 1919.

Government consider the proposals of the Muzrai Superintendent suitable and are pleased to accord sanction to the same.

2. The question of levying a contribution on the income of the institution towards the Muzrai Establishment Fund will be considered later on and separate orders issued in the matter in due course.

No. C. P. S. 479-82—12A, DATED 29TH MAY 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

PUBLIC WORKS DEPARTMENT.

READ—

Letter No. M. 11328-248, dated the 30th October 1918, from the Chief Electrical Engineer, submitting the Administration Report of the Electrical Department for the year 1917-18.

2. Letter No. 1028—C. P. S., dated the 18th January 1919, from the Comptroller of Mysore, returning the report after verifying the figured statements.

Order No. C. P. S. 479-82—12A, dated 29th May 1919.

The modified grant for 1917-18 for both Capital and Revenue Expenditure stood at Rs. 15,40,550, against which the actual expenditure incurred amounted to Rs. 15,51,895, as shown hereunder:—

Capital Account.

Old Installations	..	Rs. 5,26,472	Rs.
V. Installation	..	,, 56,273	5,82,745

Revenue Account.

Working expenses	..	Rs. 9,69,150
Total		Rs. 15,51,895

Apart from the outlay of Rs. 15,51,895 referred to above, the Electrical Department carried out works aggregating Rs. 3,44,774 in cost for other Departments, such as the Municipalities and private consumers.

Capital Expenditure.

2. The grant for capital works was Rs. 4,56,600 and the actual expenditure was Rs. 5,82,745, resulting in an excess of Rs. 1,91,767 under suspense and a lapse of Rs. 65,622 under capital works.

The excess under suspense was due to materials, which were not expected to be shipped during the year by foreign manufacturers, having been received at the end of the year. The materials were brought on to stock to be issued subsequently on works. The excess was met partly from the lapse of Rs. 65,622 under capital works.

3. The principal items of work accounted for under capital expenditure are enumerated in the Administration Report.

Revenue Expenditure.

4. The grant and the outlay during the year stood, respectively, at Rs. 10,83,950 and Rs. 9,69,150, resulting in a lapse of Rs. 1,14,800, as shown below: —

Main heads	Modified grant	Outlay	Lapse
	Rs.	Rs.	Rs.
1. Working expenses	9,22,450	8,76,599	45,851
2. Charges debitable to depreciation account	1,61,500	92,551	689,49
Total ..	10,83,950	9,69,150	1,148,00

The lapse under item (1) is reported to be due to the arrears at the increased rates of salaries sanctioned under the Reorganization Scheme not having been adjusted before the close of the year, and that under item (2) to the difficulty of obtaining, from foreign countries, spare parts required for renewals during the year.

5. The Revenue expenditure of Rs. 9,69,150 is classified under four heads:—

(*a*) Working expenses	..	Rs. 4,91,324
(*b*) Amount credited to Depreciation Fund	..	,, 3,77,182
(*c*) Expenditure debited to Depreciation Fund.		,, 92,551
(*d*) Suspense account	.. ..	,, 8,093
Total	..	,, 9,69,150

6. The revenue from the scheme was estimated at Rs. 26,84,500, but the actual receipts amounted to Rs. 27,16,576 against Rs. 27,84,539 billed for. Deducting therefrom the sum of Rs. 4,33,058 credited to the Krishnarajasagara Scheme, the gross revenue stood at Rs. (27,16,576—4,33,058) 22,83,518. The net revenue from the scheme, after deducting the working expenses, was Rs. (22,83,518—4,91,324) 17,92,194.

7. A summary of the financial results of the Cauvery Power Scheme to the end of 1917-18 is given below:—

Capital outlay to end of 1917-18.	..	Rs. 116,59,843
Gross earnings from power-supply	..	Rs. 288,68,547
Accumulated interest on Depreciation Fund		,, 8,99,666
Total	..	Rs. 2,97,68,213

Expenditure.

Working expenses (including suspense)	..	Rs. 54,34,914
Depreciation Fund	.. ..	,, 42,02,767
Interest at 4 per cent on the capital outlay	..	,, 52,63,059
Amount credited to Krishnarajasagara from 1916-17.		,, 7,94,200
Total	..	Rs. 156,94,940
Net profit for 16 years from 1902-03	..	Rs. 140,73,273
Average per year	.. ..	,, 8,79,579·5

Note.—The amount at the credit of the Depreciation Fund and the total charges debited thereto at the end of 1917-18 were Rs. 42,02,767 and Rs 2,86,345, respectively.

8. The principal items of work sanctioned under Depreciation and which were in progress during the year were—

(1) Re-modelling the Bangalore Branch Transmission Line.
(2) Replacing new shaft and main valve for Gordon Turbine at Sivasamudram.
(3) Improvement to No. 12 Turbine and Mysore Transmission Line.
(4) Renewing the nozzles and runner wheels of turbines of the second installation.
(5) Replacing the 6 windings of certain burnt-out air-blast transformers of the step-up Transformer house, Sivasamudram and,
(6) Replacing the bottom-and-top-eaten-up poles in Bangalore City as well as the Civil and Military Station.

9. The demand for interior lighting installations in Bangalore and Mysore was on the increase, as may be seen from the statement given below:—

Station	To end of 1915-16	To end of 1916-17	To end of 1917-18
Bangalore City	933	1,162	1,337
Civil and Military Station ..	1,044	1,421	1,651
Mysore City	372	466	569

10. The total number of power installations in both the Cities rose from 89 to 112 at the end of the year under report.

11. The V Installation was practically completed during the year. When the 5,600 H. P. turbine was run for test the top-half of the spiral casing developed a crack. Orders have been placed with Messrs. Escher Wyss & Co., Zurich, for the supply of a new top casing.

12. The total quantity of power generated during the year was 98,087,900 units as against 89,369,500 units during the preceding year, showing an increase of 8,718,400 units.

13. *General.*—(1) Early steps should be taken to acquire the lands required for constructing quarters for the Line Inspectors at Kankanhalli and Sarjapur. The Revenue Department may be reminded in the matter and disposal expedited.

(2) The building works at Sivasamudram commenced some years ago should all be completed during the current year and their accounts closed finally. The following works at that place, which have not progressed satisfactorily, should be pushed on more vigorously:—

(1) Dispensary.
(2) Chief Operator's Office
(3) Operators' Quarters
(4) Cooly line blocks.

(3) Government trust that it may be found possible to electrify the pumping plant at Soldevanhalli at an early date.

(4) The lapse under the "Depreciation Fund" is more than 42 per cent of the allotments sanctioned. Such heavy lapses should be avoided.

(5) The accounts relating to the IV Installation should have been closed long ago. The submission of the completion report of the work should be expedited.

(6) The scheme for the Bangalore Electric Tramway has been ordered to be held in abeyance for the present.

14. The plant was maintained in a satisfactory condition. The sub-stations at Bangalore and Mysore are reported to be heavily loaded at present. Arrangements should be made to instal, at an early date the additional motor generator sets and air-blast transformers to meet the increasing load at these stations.

15. It is gratifying to note that the interruptions to service are not so frequent as they were before.

16. The Electrical Department was re-organised; and the revised proposals took effect from 1st October 1917.

17. Government are pleased to record their satisfaction at the successful manner in which the Department was managed by Mr. S. G. Forbes, Chief Electrical Engineer.

S. CADAMBI,
Secy. to Govt., P. W. Dept.

To—The Chief Electrical Engineer to the Government of Mysore.
The Chief Secretary to Government of Mysore.
The Comptroller of Mysore.
The Heads of Departments.
PRESS TABLE.

Exd.—C. R.

INDEX FOR MAY 1919.

PART I.

A
